Reference Groups And The Theory Of Revolution:

Reference Groups and the Theory of Revolution John Urry, 1973 **Reference Groups and the Theory of Revolution (Routledge Revivals)** John Urry, 2013-05-13 First published in 1973 this is a reissue of John Urry's important and influential study of the theory of revolution Part 1 offers a detailed discussion of the concept of the reference group tracing its development from the symbolic interactionist tradition and then showing how it came to be used in ways which emasculated some of the suppositions of that tradition Part 2 sets out a theory of revolutionary dissent in which Dr Urry emphasizes the interconnection between analyses on the level of the social structure and the social actor The final section demonstrates the value of this theory by using it to account for the varying patterns of action and revolutionary thought and action in the Dutch East Indies in the first half of this century *Reference Groups and the Theory of Revolution (Routledge Revivals)* John Urry, 2013-05-13 First published in 1973 this is a reissue of John Urry's important and influential study of the theory of revolution Part 1 offers a detailed discussion of the concept of the reference group tracing its development from the symbolic interactionist tradition and then showing how it came to be used in ways which emasculated some of the suppositions of that tradition Part 2 sets out a theory of revolutionary dissent in which Dr Urry emphasizes the interconnection between analyses on the level of the social structure and the social actor The final section demonstrates the value of this theory by using it to account for the varying patterns of action and revolutionary thought and action in the Dutch East Indies in the first half of this century **1974 Annual Supplement** Joan Schmitz Bergholt, 2013-12-21 **Race Relations and Cultural Differences** Gajendra Verma, Christopher Bagley, 2012-06-14 A collection of key papers given at three international conferences in Britain the United States and Canada on race relations and multiculturalism are drawn together in this book The first section includes three papers on the state of theory in race relations the second contains papers on educational themes examining in particular the pitfalls in multicultural education It also looks at the development and problems of second language education for minority groups in several countries The final section focuses on special topics including the adjustment and identity of children of mixed race marriages the plight of children from Canada's native communities and the hearing impaired as a minority group **Planetary Biostyles** Rodanthe Tzanelli, 2025-01-09 This innovative book addresses what life is in scholarship and public culture explores how it has been valued in the Anthropocene since the birth of critical theory and designs a new approach to understanding biographical styles of life or biostyles **Militant Nationalism** Cynthia L. Irvin, A comparative analysis of two militant nationalist groups Why do some militant nationalists turn to electoral politics while others resist and even seek to destroy that arena Cynthia L Irvin examines two cases of electoral interventions by nationalist organizations engaged in violent political competition in Northern Ireland and in the Basque provinces of Spain Based on her findings she offers insights into the circumstances that lead such groups to abandon violence in favor of institutional political struggle Using fieldwork done in Northern Ireland and the Basque Country Irvin develops a model

linking the internal dynamics of Sinn Fein and Herri Batasuna the electoral arm of the militant Basque separatists to changes in their external environments In this unusual comparative analysis she draws on interviews with more than 100 Sinn Fein and Herri Batasuna activists and on a unique survey of 140 Herri Batasuna activists This approach moves Irvin s work beyond previous analyses which have relied on either descriptive and historical accounts or formal models of insurgent violence This detailed account has broad implications for the study of social movements and ethnic identity providing a valuable new perspective into the strategic interactions and often conflict ridden relationship between social movements and political parties ISBN 0 8166 3114 X Cloth 00 00 49 95xx ISBN 0 8166 3115 8 Paper 00 00 19 95x 304 Pages 26 Tables 5 7 8 x 9 May Social Movements Protest and Contention Series volume 9 Translation inquiries University of Minnesota Press

The Gini Methodology Shlomo Yitzhaki,Edna Schechtman,2012-11-13 Gini s mean difference GMD was first introduced by Corrado Gini in 1912 as an alternative measure of variability GMD and the parameters which are derived from it such as the Gini coefficient or the concentration ratio have been in use in the area of income distribution for almost a century In practice the use of GMD as a measure of variability is justified whenever the investigator is not ready to impose without questioning the convenient world of normality This makes the GMD of critical importance in the complex research of statisticians economists econometricians and policy makers This book focuses on imitating analyses that are based on variance by replacing variance with the GMD and its variants In this way the text showcases how almost everything that can be done with the variance as a measure of variability can be replicated by using Gini Beyond this there are marked benefits to utilizing Gini as opposed to other methods One of the advantages of using Gini methodology is that it provides a unified system that enables the user to learn about various aspects of the underlying distribution It also provides a systematic method and a unified terminology Using Gini methodology can reduce the risk of imposing assumptions that are not supported by the data on the model With these benefits in mind the text uses the covariance based approach though applications to other approaches are mentioned as well *The Celebration of Heroes* William J. Goode,2023-11-15 The Celebration of Heroes Prestige as a Social Control System explores the profound influence of prestige on social behavior presenting it as a central mechanism of social control that transcends cultures and eras This groundbreaking treatise delves into how prestige rooted in the universal human need for respect and esteem shapes individual and group interactions By drawing on historical examples field studies and experimental research the book outlines empirically grounded propositions that illuminate the ways prestige influences rewards punishments and the distribution of social roles From the structured allocation of honors to the complex dynamics of prestige subversion the author examines how these processes affect social cohesion organizational behavior and perceptions of justice At its core the book investigates critical questions about the nature and impact of prestige how it is distributed manipulated and institutionalized to guide behavior and sustain power structures It considers the interplay between personal ambition and societal expectations analyzing both the ethical

implications of prestige systems and their practical applications in shaping norms By integrating exchange theory and equity concepts the study offers a nuanced perspective on the motivations behind human interactions shedding light on the enduring tension between individual self interest and collective values The Celebration of Heroes serves as an essential resource for understanding the enduring role of esteem in human societies while also challenging readers to reflect on the fairness and dynamics of prestige driven social structures This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1978 **China's Post-Jiang**

Leadership Succession John Wong, 2002 As the 16th Congress of the Chinese Communist Party October 1st 2002 draws near China watchers in Washington Tokyo Taipei and many other places have their eyes intently fixed on the political scene in Beijing Most are predicting problems involved in the transition process as well as speculating on the final leadership line up Nevertheless such speculation is intellectually rather futile To avoid being too speculative the contributors to this book have focused instead on two key aspects of China's leadership transition first changes in the politics of leadership transition and second real and potential problems and challenges that China's younger fourth generation leaders have to grapple with when they take over **Radicalism In The Contemporary Age, Volume 3** Seweryn Bialer, Sophia Sluzar, 2019-06-10 To

understand contemporary society it has become more and more essential to understand the phenomenon of radicalism the aspirations of radical movements the strategies and tactics of radicalism and the impact of radicalism on contemporary society Radicalism in the Contemporary Age grew out of the recognition of this need A study in three volumes The Social Science Encyclopedia Adam Kuper, 2004-10-14 The Social Science Encyclopedia first published in 1985 to acclaim from social scientists librarians and students was thoroughly revised in 1996 when reviewers began to describe it as a classic This third edition has been radically recast Over half the entries are new or have been entirely rewritten and most of the balance have been substantially revised Written by an international team of contributors the Encyclopedia offers a global perspective on key issues within the social sciences Some 500 entries cover a variety of enduring and newly vital areas of study and research methods Experts review theoretical debates from neo evolutionism and rational choice theory to poststructuralism and address the great questions that cut across the social sciences What is the influence of genes on behaviour What is the nature of consciousness and cognition What are the causes of poverty and wealth What are the roots of conflict wars revolutions and genocidal violence This authoritative reference work is aimed at anyone with a serious interest in contemporary academic thinking about the individual in society **Revolution and Counterrevolution** Seymour Lipset, 2017-09-29 This collection of Lipset's major essays in political sociology is in a real sense a follow up or sequel to Political Mind and The First New Nation It provides a broad panorama of continuing interest developing a sociological

perspective in comparative and historical analysis with particular reference to politics modernization and social stratification Robert E Scott in *The Midwest Journal of Political Science* said this book has an essential unity The subjects discussed are interesting and important to the political scientists and the observations offered stimulating and significant Both the student and the mature scholar can benefit Professor Lipset describes this collection of his major essays in political sociology as in a real sense a follow up or sequel to *Political Man* and *The First New Nation* This volume provides a broad panorama of continuing interest developing a sociological perspective in comparative and historical analysis with particular reference to politics modernization and social stratification The opening section of the book contains in addition to a valuable new introductory chapter essays that interpret varying levels of socioeconomic development in the United States Canada and Latin America Other essays deal with such matters as the contrasting modes of modernization in Europe and Asia the role of values and religious beliefs in the emergence of political systems the effect of religion on American politics from the founding of the Republic to the present A concluding section analyzes major works of political sociology in the light of contemporary ideas Many chapters have been revised to include recent data Seymour Martin Lipset is Munro Distinguished Professor of Political Science and Sociology at Stanford University and Senior Fellow at the Hoover Institution on War Revolution and Peace Prior to his current appointment he was Markham Professor of *Revolutions and Revolutionaries* Barbara Salert,1976

The Origins of the English Novel, 1600-1740 Michael McKeon,2002-05-22 The novel emerged McKeon contends as a cultural instrument designed to engage the epistemological and social crises of the age *Society, states, and early modern revolution* Perez Zagorin,1982 *Rebels and Rulers 1500 1660* is a comparative historical study of revolution in the greatest royal states of Western Europe during the sixteenth and the first half of the seventeenth centuries Revolution as a general problem and the causes and character of revolution in early modern Europe have been among the most widely discussed and debated topics in history and the social sciences since the 1940s Although the subject of social and political unrest and revolution in the early modern period has received much attention and despite the existence of a very large literature devoted to particular revolutions of the time no one has attempted the broad comparative synthesis that is given by Professor Zagorin in this study Volume I of *Rebels and Rulers* presents a critical discussion of different concepts and interpretations of revolution including Marxism It reviews previous attempts to deal with early modern revolutions and suggests a typology appropriate to the latter It then provides an extensive survey of the historical context in which these revolutions occurred the social structures of orders and estates the political system of monarchy and the process of absolutist state building economic trends and fluctuations and ideology The volume concludes with a detailed treatment of peasant rebellions especially in Germany and France and with an equally close look at urban rebellions in France and the possessions of the Spanish monarchy including the revolution of the Comuneros in Castile *Revolution as History* S. N. Mukherjee,John O. Ward,1989 Description currently unavailable *Political Violence, Crises and Revolutions (Routledge Revivals)* Ekkart

Zimmermann,2013-04-15 First published in 1983 this extraordinary study provides a comprehensive systematic evaluation of cross national theorizing and quantitative empirical evidence on four interrelated phenomena Political violence Crises Military Coups D tat Revolutions Findings from social psychological research on aggression are integrated in this outstanding study as well as results reported in social historical studies of revolution The focus of the book is always on analytical perspectives and corresponding empirical evidence The author continually highlights the sociostructural and political conditions of political violence crises and revolutions This exceptionally detailed and systematic inventory of theories and research on a classic triad of political science political violence crises and revolutions also includes a remarkable bibliography encompassing over 3000 items [Library of Congress Catalogs](#) Library of Congress,1976 **The Causes of the English Revolution 1529-1642** Lawrence Stone,2017-04-21 Dividing the nation and causing massive political change the English Civil War remains one of the most decisive and dramatic conflicts of English history Lawrence Stone s account of the factors leading up to the deposition of Charles I in 1642 is widely regarded as a classic in the field Brilliantly synthesising the historical political and sociological interpretations of the seventeenth century Stone explores theories of revolution and traces the social and economic change that led to this period of instability The picture that emerges is one where historical interpretation is enriched but not determined by grand theories in the social sciences and as Stone elegantly argues one where the upheavals of the seventeenth century are central to the very story of modernity This Routledge Classics edition includes a new foreword by Clare Jackson Trinity Hall Cambridge
