Multiple Perspectives on Learner Interaction William J. Crawford, 2021-09-07 In the field of Second Language Studies shared datasets provide a valuable contribution to second language research as many variables are held constant e.g. participants tasks research context thus allowing for an evaluation of theoretical and/or methodological perspectives that may not otherwise be comparable This edited volume includes a wide range of studies using a common dataset the Corpus of Collaborative Oral Tasks The corpus includes 820 spoken tasks 268 927 words carried out by dyads of L2 English speakers primarily Chinese and Arabic learners Studies included in the book are categorized into three main traditions learner corpus research Task Based Language Teaching and assessment Because the corpus contains text and sound files both lexico grammatical and phonological analyses are included Intended for researchers in the field of Second Language Studies with an interest in oral interaction research this book provides a collection of methodological pedagogical

and assessment studies using a common dataset Reflections on Task-Based Language Teaching Rod Ellis, 2018-06-18

Task based language teaching is now a well established pedagogic approach but problematic issues remain such as whether it is appropriate for all learners and in all instructional contexts This book draws on the author s experience of working with teachers together with his knowledge of relevant research and theory to examine the key issues It proposes flexible ways in which tasks can be designed and implemented in the language classroom to address the problems that teachers often face with task based language teaching It will appeal to researchers and teachers who are interested in task based language teaching and the practical and theoretical issues involved It will also be of interest to students and researchers working in the areas of applied linguistics TESOL and second language acquisition **Open Architecture Curricular Design in**

World Language Education Andrew R. Corin, Betty Lou Leaver, Christine M. Campbell, 2025-07-01 A guide to a textbook free approach to world languages curriculums that will improve learning outcomes Open architecture curricular design OACD is a textbook free curricular design framework for teaching and learning world languages that integrates all the best practices in world language education to enhance learning efficiency and effectiveness As editors and pioneers of this method Corin Leaver and Campbell define OACD for world language instructors and second language acquisition researchers from middle school through higher education and beyond The book s chapters demonstrate how to use OACD for a wide variety of languages and proficiency levels in government service academy and university programs Topics covered include the use of authentic texts at all levels learner involvement in the selection of content and activities and methods of assessment and program evaluation **Agents of Change in a Changing Age** Robert Meredith Terry, 2000 **Culturally**

Proficient Instruction Kikanza J. Nuri-Robins, Delores B. Lindsey, Randall B. Lindsey, Raymond D. Terrell, 2011-11-29 Are you doing all you can to improve teaching and learning Culturally proficient instruction is the result of an inside out journey during which you explore your values and behaviors while evaluating practices of your workplace In the newest version of their best selling book the authors invite you to reflect on how you engage with your students and your colleagues as a community of learners The third edition includes An updated discussion of standards based education guidelines A conceptual framework for the tools of cultural proficiency New language for understanding the microaggressions of dominant cultures An integrated guide for use with study groups New Jersey World Languages Curriculum Framework

, 1999 **Asia Literacy in a Global World** Hannah Soong, Nayia Cominos, 2018-08-20 This book is particularly timely in light of continuing international efforts to integrate Asia literacy into a national educational system where understanding of Asia its languages cultures histories and beliefs is still at an emergent stage for a nation that is evolving into what George Megalogenis refers as an Eurasian society 2015 The contributors to this collection range from the pioneers who created and developed the Asia literacy research space to those who bring additional new theoretical insights through disciplines such as linguistics and ethnography Their analysis has resulted in recommendations to develop a deeper understanding of working

and living in diverse communities The book also brings together theoretical perspectives on the current Australian socio cultural and political context and how that can impact on pedagogical advancement in Asia literacy The book argues for a broadening focus on what the outcomes Asia literacy in a global world can be for all Australians and offers counter narratives to the myth of a homogenous White Australian culture to provide new ways of engaging with curriculum and pedagogy that transcend superficial awareness of multiculturalism to embrace realistic and reflective principles of global education
