The Intimate Empire Gillian Whitlock,2000-02-01 By means of contextualized readings this work argues that autobiographic writing allows an intimate access to processes of colonization and decolonization incorporation and resistance and the formation and reformation of identities which occurs in postcolonial space The book explores the interconnections between race gender autobiography and colonialism and uses a method of reading which looks for connections between very different autobiographical writings to pursue constructions of blackness and whiteness femininity and masculinity and nationality Unlike previous studies of autobiography which focus on a limited Euro American canon the book brings together contemporary and 19th century women s autobiographies and travel writing from Canada the Caribbean Kenya South Africa Australia and New Zealand With emphasis on the reader of autobiography as much as the subject it argues that colonization and resistance are deeply embedded in thinking about the self

Jamaica Kincaid's Writings of History Antonia Purk, 2023-09-18 Jamaica Kincaid's works consistently explore how colonial history affects contemporary everyday lives. Throughout her novels, short fiction, and non-fictional essays, Kincaid's texts engage with history through its medial representations, which are starkly determined by colonial perspectives. This study examines the entanglements of temporalities in current perceptions of the past and how literary text intervenes in historical consciousness. With a focus on the media text, image, and the human body, the chapters of this book demonstrate how Kincaid's poetics of impermanence counter colonial representations of history with strategies of ambiguity, repetition, and redirection. Kincaid's texts repeat and revise aspects of colonial history, a process that decenters the totality of historical colonial ideology and replaces it with self-determined versions of the past through a multiplication of perspectives and voices.

Ignatius Sancho and the British Abolitionist Movement, 1729-1786 G. J. Barker-Benfield, 2023-09-01 This book highlights the significant role played by Ignatius Sancho c. 1729-80, the first Black man to vote in England in the British abolitionist movement. Examining the letters of Sancho and especially his correspondence with the influential novelist and preacher Laurence Sterne, the author analyses the relationship between sensibility and antislavery in eighteenth-century Britain. The book demonstrates how Sancho navigated the bawdy, riotous conditions of commercial London, which was the headquarters of a growing and war-torn Empire. It shows how Sancho mastered the fashionable and gendered language of the culture of sensibility, navigating the contemporary issues of race, slavery, and politics. The book also touches on the White metropolitan and colonial preoccupation with Black men's sexuality, which was

intensified by the Somerset decision of 1772 Sancho's was a unique and influential voice in eighteenth century Britain making this book an insightful read for scholars of anti slavery as well as gender race and imperialism in British history

Jamaica Kincaid Moira Ferguson, 1994 As a writer who has been quoted as saying she writes to save her life that is she couldn't write she would be a revolutionary Antiguan novelist Jamaica Kincaid translates this passion into searing exhilarating prose Her weaving of history autobiography fiction and polemic has won her a large readership In this first book length study of her work Moira Ferguson examines all of Kincaid's writing up to 1992 focusing especially on their entwinement of personal and political identity In doing so she draws a parallel between the dynamics of the mother daughter relationship in Kincaid's fiction and the more political relationship of the colonizer and the colonized Ferguson calls this effect the doubled mother a conception of motherhood as both colonial and biological
