Subsurface Sediment Mobilization Pieter Rensbergen, 2003

**Anti-Gender Mobilizations in Europe and the**

**Feminist Response** Rok Smrdelj, Roman Kuhar, 2025-07-23 This open access book provides a comprehensive mapping of anti gender mobilizations in Italy Slovenia France Spain Turkey Poland Greece and Denmark In recent years Europe has witnessed the rise and consolidation of these mobilizations posing significant challenges to progress in equality politics While analyzing the key actors strategies and discourses driving these movements the book also shifts its focus to feminist and LGBT resistance Drawing on interviews with activists from eight European countries it identifies key opposition strategies that increasingly reflect productive resistance By examining these evolving forms of activism the book sheds light on the threats posed by anti gender mobilizations and the innovative responses that sustain feminist and LGBT movements in today s struggles It will be of interest to researchers and students in gender studies feminist studies political sociology and comparative politics

**Indigenist Mobilization** Luisa Steur, 2017-05-01 In Kerala political activists with a background in Communism are now instead asserting political demands on the basis of indigenous identity Why did a notion of indigenous belonging come to replace the discourse of class in subaltern struggles Indigenist Mobilization answers this question through a detailed ethnographic study of the dynamics between the Communist party and indigenist activists and the subtle ways in which global capitalist restructuring leads to a resonance of indigenist visions in the changing everyday working lives of subaltern groups in Kerala

Infinite Mobilization Peter Sloterdijk, 2020-04-22 The core of what we refer to as the project of modernity is the idea that human beings have the power to bring the world under their control and hence it is based on a kinetic utopia the movement of the world as a whole reflects the implementation of our plans for it But as soon as the kinetic utopia of modernity is exposed its seemingly stable foundation cracks open and new problems appear things don t happen according to plan because as we actualize our plans we set in motion other things that we didn t want as unintended side effects We watch with mounting unease as the self perpetuating side effects of modern progress overshadow our plans as a foreign movement breaks off from the very core of the modern project supposedly guided by reason and slips away from us spinning out of control What looked like a steady march towards freedom turns out to be a slide into an uncontrollable and catastrophic syndrome of perpetual mobilization And precisely because so much comes about through our actions these developments turn out to have explosive consequences for our self understanding as we begin to realize that so far from bringing the world under our control we are instead the agents of our own destruction In this brilliant and insightful book Sloterdijk lays out the elements of a new critical theory of modernity understood as a critique of political kinetics shifting the focus of critical theory from production to mobilization and shedding new light on a world facing the growing risk of humanly induced catastrophe

**Total Mobilization** Roy Scranton, 2019-07-24 Since World War II the story of the trauma hero the noble white man psychologically wounded by his encounter with violence has become omnipresent in America s narratives of

war an imaginary solution to the contradictions of American political hegemony In *Total Mobilization* Roy Scranton cuts through the fog of trauma that obscures World War II uncovering a lost history and reframing the way we talk about war today Considering often overlooked works by James Jones Wallace Stevens Martha Gellhorn and others alongside cartoons and films Scranton investigates the role of the hero in industrial wartime showing how such writers struggled to make sense of problems that continue to plague us today the limits of American power the dangers of political polarization and the conflicts between nationalism and liberalism By turning our attention to the ways we make war meaningful and by excavating the politics implicit within the myth of the traumatized hero *Total Mobilization* revises the way we understand not only World War II but all of postwar American culture

*State, Society and Mobilization in Europe during the First World War* John Horne, 1997-07-03 This volume examines political and cultural mobilisation in the face of industrialised mass death during the First World War Comparing Britain France Germany Italy and Austria Hungary it generates arguments on mobilisation and total war which have wider relevance It explores national ideals which cast the war as a crusade the inclusive self mobilisation of sectional identities and private organisations behind national efforts and the exclusion of suspect groups the enemy within from the mobilisation process It also highlights the importance and difficulty of assessing the limits of mobilisation as well as the differing capacities of the state to sustain it factors related to prior degrees of national integration and political legitimacy Mobilisation in this sense was an important factor which determined the outcome and legacy of the war

Mobilizing for Democracy Vera Schatten Coelho, Bettina von Liers, 2013-04-04 *Mobilizing for Democracy* is an in depth study into how ordinary citizens and their organizations mobilize to deepen democracy Featuring a collection of new empirical case studies from Angola Bangladesh Brazil India Kenya Nigeria and South Africa this important new book illustrates how forms of political mobilization such as protests social participation activism litigation and lobbying engage with the formal institutions of representative democracy in ways that are core to the development of democratic politics No other volume has brought together examples from such a broad Southern spectrum and covering such a diversity of actors rural and urban dwellers transnational activists religious groups politicians and social leaders The cases illuminate the crucial contribution that citizen mobilization makes to democratization and the building of state institutions and reflect the uneasy relationship between citizens and the institutions that are designed to foster their political participation

(De)mobilizing the Entrepreneurship Discourse Frederic Bill, Anders W. Johansson, 2010-01-01 This book is a banquet for readers who are open to a broader menu of ideas and insights into the nature of entrepreneurship how it occurs and the circumstances by which it manifests itself By seeing the phenomenon of entrepreneurship in new and intriguing ways the authors in this book helped me re imagine the many different kinds of entrepreneurs that exist I m very impressed with the creativity and scope of this book and the cleverness of these scholars to bring so many delicious perspectives to the table A book that is challenging and enjoyable to read William B Gartner Clemson University US This unique and fascinating book

takes a critical look at aspects of the prevalent entrepreneurship discourse and presents several substantive new theories prescribing what should be abandoned demobilization and what should be adopted or given a more central position mobilization The contributors contend that entrepreneurship is not only an economic matter that it is not a predominantly male gender issue and that it is not only done by heroes or extraordinary efforts but rather that it is as much a matter of ordinary routine activities They conclude that the entrepreneurship literature could greatly benefit from including the concepts of space and place that resistance to it is an important aspect of its success and that it is just as much about imitation as about creativity Finally they address the issue that what should be demobilized or mobilized in the entrepreneurship discourse might actually be the wrong question since entrepreneurship is arguably a way of life At the cutting edge of entrepreneurship research this thought provoking book will prove a stimulating read for entrepreneurship academics students and researchers in the fields of entrepreneurship and business and management

Knowledge Mobilization in TESOL, 2019-01-14 Most debates about the so called research practice gap in TESOL have focused on a one way transfer of research evidence from the context of origin to the context of application Rather than continuing such debates Knowledge Mobilization in TESOL Connecting Research and Practice sheds light on what happens after research is transferred to contexts of practice such as the classroom It explores whether or not and under what circumstances research can make contributions to teachers professional learning and development By featuring English language teachers first hand accounts of research utilization the book highlights the complex processes of making research based knowledge meaningful for pedagogical practice It shows why the success of any knowledge mobilization project depends on sensitivity to context and teachers interpretive engagement with research based recommendations Written in a lucid and accessible style Knowledge Mobilization in TESOL Connecting Research and Practice will appeal to a broad readership interested in research utilization in the field of education especially in TESOL It will be an informative text for pre service and graduate courses in TESOL ELT applied linguistics teacher education and education policy studies In service teachers teacher educators program administrators and funding agencies will also find it to be a valuable resource Contributors are Chris Banister Leigh Yohei Bennett Xin Chen Tiffany Johnson Kendon Kurzer Cynthia Macknish Michael McLelland Nashwa Donna M Neary Gina Paschalidou Aysenur Sagdic Nashaat Sobhy Nguyen Thi Thuy Loan Lorena Valmori and Robert E White

"Israeli-Arab" Political Mobilization N. Shoughry, 2012-05-07 This book examines the political mobilization of Israeli Arabs Palestinian citizens of Israel By examining the events context and effects of Land Day 1976 and Habbat October 2000 and combining them with original research and interviews the author presents fresh insights into Palestinian political mobilization against Israeli injustices

Critical Mapping for Municipalist Mobilization Aruri, Natasha, De Flander, Katleen, Brück, Andreas, 2024-07-31 CMMM is a project that accompanied and was oriented by the priorities of municipalist activists in Belgrade Berlin and Barcelona Spanning over 3 5 years from 2019 to 2023 it captured and supported the efforts of the

Ministry of Space collective AKS Gemeinwohl H user Bewegen GIMA eG Kollektiv Raumstation and Observatori DESC to change the political paradigms shaping the contemporary housing emergency in the three cities Coordinated by K LAB TU Berlin and supported by the Robert Bosch Stiftung the CMMM team employed various formats of critical mapping to display the legislations policies events hierarchies as well as the main actors and factors that are shaping the housing crisis Next to selected examples of how critical mapping has been applied by peers and artists in the three cities this book scripts the process through which our team created three interactive maps How un affordable is housing in Belgrade Who buys Berlin and Stop Evictions for Barcelona which can be explored on the project s website cmmm eu CMMM s outputs intend to support existing and future municipalist activists and collectives pushing to create policy alternatives that integrate the housing as a right principle We hope that our work inspires activists and engaged professionals to employ critical mapping in their endeavors to inform and nudge public opinion towards advancing demands for justice in the urban and beyond CMMM ist ein Projekt das die Priorit ten von st dtischen bzw nachbarschaftlichen Aktivisten in Belgrad Berlin und Barcelona begleitet und sich an ihnen orientiert Es erstreckte sich ber dreieinhalb Jahre von 2019 bis 2023 und erfasste und unterst tzte die Bem hungen von Ministry of Space collective AKS Gemeinwohl H user Bewegen GIMA eG Kollektiv Raumstation und Observatori DESC die politischen Paradigmen die den Wohnungsnotstand in den drei St dten pr gen durch verschiedene Formate der kritischen Kartierung zu ver ndern Unter der Koordination des LABOR K TU Berlin und mit Hilfe eines Stipendiums der Robert Bosch Stiftung haben wir Gesetze Politiken Ereignisse Hierarchien und einige der wichtigsten Akteure und Faktoren die die Wohnsituation pr gen kartiert Dar ber hinaus enth lt dieses Buch ausgew hlte Beispiele daf r wie kritisches Mapping in den drei St dten angewandt wurde und es beschreibt wie unser Team die drei interaktiven Karten How un affordable is housing in Belgrade Who buys Berlin und Stop Evictions f r Barcelona erstellt hat die auf der Projektwebsite cmmm eu eingesehen werden k nnen Durch die verschiedenen CMMM Materialien in diesem Buch und auf der Projektwebsite stellen wir Informationen zur Verf gung um heutige und k nftige Bewegungen und Kollektive die darauf dr ngen politische Alternativen zu schaffen und die das Prinzip Recht auf Wohnen in politische Programme zu integrieren versuchen zu unterst tzen Zudem hoffen wir Aktivist innen engagierte Fachleute Wissenschaftler innen und andere dazu zu inspirieren mit Hilfe von kritischem Mapping die ffentliche Meinung und die allgemeine Wahrnehmung zu beeinflussen und den Diskurs zu befl geln um Forderungen nach Gerechtigkeit in der Stadt und dar ber hinaus voranzutreiben

*Globalization and Health Inequities in Latin America* Ligia Malagón de Salazar,Roberto Carlos Luján Villar,2018-04-16

This book critically analyses the influence of international policies and guidelines on the performance of interventions aimed at reducing health inequities in Latin America with special emphasis on health promotion and health in all policies strategies While the implementation of these interventions plays a key role in strengthening these countries capacity to respond to current and future challenges the urgency and pressures of cooperation and funding agencies to show results consistent with

their own agendas not only hampers this goal but also makes the territory invisible hiding the real problems faced by most Latin American countries diminishing the richness of local knowledge production and hindering the development of relevant proposals that consider the territory's conditions and cultural identity Departing from this general analysis the authors search for answers to the following questions Why despite the importance of the theoretical advances regarding actions to address social and health inequities haven't Latin American countries been able to produce the expected results Why do successful initiatives only take place within the framework of pilot projects Why does the ideology of health promotion and health in all policies mainly permeate structures of the health sector but not other sectors Why are intersectoral actions conjunctural initiatives which often fail to evolve into permanent practices Based on an extensive literature review case studies personal experiences and interviews with key informants in the region Globalization and Health Inequities in Latin America presents a strategy that uses monitoring and evaluation practices for enhancing the capacity of Latin American and other low and middle income countries to implement sustainable processes to foster inclusiveness equity social justice and human rights p pp

**Media, Mobilization and the Umbrella Movement** Francis L. F. Lee, 2018-05-16 The Umbrella Movement in Hong Kong caught the world's attention and imagination at the end of 2014 The 79 day occupation campaign took on some of the characteristics of the recent wave of large scale protest movements around the world including the prominent roles played by the media both conventional and digital in the mobilization and communication processes of the movement This edited volume Media Mobilization and the Umbrella Movement brings together nine contributions which examine various aspects of the media movement nexus including the power of televised images to mobilize people the role of social media in the insurgent public sphere young activists social media strategies media influence on citizens understanding of civil disobedience the government's response to digital media tactics public discourses about the rule of law and local and foreign media coverage of the movement We believe that this high quality collection can not only enhance our understanding of the Umbrella Movement but also facilitate and trigger more research and dialogue comparing the Umbrella Movement with other similar protest movements around the world This book was originally published as a special issue of the Chinese Journal of Communication

The First World War and the Mobilization of Biblical Scholarship Andrew Mein, Nathan MacDonald, Matthew A. Collins, 2019-02-07 This fascinating collection of essays charts for the first time the range of responses by scholars on both sides of the conflict to the outbreak of war in August 1914 The volume examines how biblical scholars like their compatriots from every walk of life responded to the great crisis they faced and with relatively few exceptions were keen to contribute to the war effort Some joined up as soldiers More commonly however biblical scholars and theologians put pen to paper as part of the torrent of patriotic publication that arose both in the United Kingdom and in Germany The contributors reveal that in many cases scholars were repeating or refining common arguments about the responsibility for the war In Germany and Britain where the Bible was still central to a Protestant national culture we also

find numerous more specialized works where biblical scholars brought their own disciplinary expertise to bear on the matter of war in general and this war in particular The volume s contributors thus offer new insights into the place of both the Bible and biblical scholarship in early 20th century culture Crisis and Social Mobilization in Contemporary Spain Benjamín Tejerina,Ignacia Perugorría,2017-09-27 The year 2011 marked the emergence of a series of mobilizations of the indignant that spread like wildfire around the world from the Arab Spring to Europe and soon afterwards to Occupy Wall Street the Spanish 15M was pivotal to the transnational diffusion of protest This volume analyzes the features that turned the 15M into a beacon for international mobilization and those that garnered it unprecedented domestic support surpassing historic socio economic and politico ideological fractures in Spain It also delves into its gradual demise and its profound impact on the emergence of political offsprings that portray themselves as heirs to the 15M spirit such as Podemos This book sheds new light on the 15M phenomenon providing an international perspective that rejects cultural economic and even political reductionism Including insights from sociologists and political scientists from around the world it explores themes such as identity emotion cultural resources the media and the relationship between social movements regional institutions and the state Each chapter reflects on the impact and legacy of the 15M movement as well as the important questions it raises about the current theoretical framework for social movements in Spain and beyond Crisis and Social Mobilization in Contemporary Spain The 15M Movement is a fascinating read for all students and scholars with interests in political sociology and social movements National Security and Mobilization Management ,1985 Mobilizations, Protests & Engagements Marie Hammond-Callaghan,2008 This book addresses many questions in evaluating social movements and is the first in a series being developed by The Centre for Canadian Studies at Mount Allison University What lessons can we learn from protest movements and social mobilizations of the past Do newer movements differ from those of the past in process or outcomes How have globalization and international events changed and shaped the way Canadian social movements operate How effective are and have been social movements as agents of change is there validity to the critique that social movement actors somehow lack legitimacy as the self appointed voice of communities they claim to represent Are the stated democratic values espoused by these movements borne out in their internal processes and practices Contributors from the fields of history political science education sociology and women s studies covering 80 years of social movement activism in Canada seek to address these questions pub desc **Mobilizing Knowledge in Physiotherapy** David A. Nicholls,Karen Synne Groven,Elizabeth Kinsella,Rani Anjum,2020-10-25 Mobilizing Knowledge in Physiotherapy Critical Reflections on Foundations and Practices is a collection of 15 collaboratively written critical essays by 39 authors from 15 disciplines and seven countries The book challenges some of the most important contemporary assumptions about physiotherapy knowledge and makes the case for much more critical theory practice and education in physiotherapy health and social care The book challenges the kinds of thinking that have traditionally bounded the profession and highlights the ways in which knowledge is

now increasingly fluid complex and diffuse The collection engages a range of critical social theories and interdisciplinary perspectives from within and without the profession It includes sections focusing on evidence practice patient perspectives embodiment culture diversity digital worlds and research methods The book makes an important contribution to how we think about mobilizing knowledge and it speaks to a diverse audience of academics practitioners educators policy makers and students both within physiotherapy and from a range of related health and social care disciplines This book will be a useful reference for scholars interested in conceptions of professional knowledge and the theory of professional education and practice in physiotherapy and beyond      *Mobilization, what Should be Done? what Can be Done?* ,1985      *Nationalism and Social Theory* Gerard Delanty,Patrick O'Mahony,2002-04-26 Why has nationalism proved so durable What are the roots of its appeal This sharp and accessible book slices through the myths surrounding nationalism and provides an important new perspective on this perennial subject The book argues that nationalism is persistent not merely because of its specific ideological appeal but because it expresses some of the major conflicts in modernity nationalism reflects and reinforces four key trends in western social development state formation democratization capitalism and the rationalization of culture the forms of nationalism can be organized into a comprehensive typology which is outlined in the course of this study post nationalism and cosmopolitanism are significant innovations in the debate about nation states and nationalism and that the new radical nationalisms have become powerful new movements in the global age

The book delves into Reflections And Mobilizations. Reflections And Mobilizations is a vital topic that must be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Reflections And Mobilizations, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
  - Chapter 1: Introduction to Reflections And Mobilizations
  - Chapter 2: Essential Elements of Reflections And Mobilizations
  - Chapter 3: Reflections And Mobilizations in Everyday Life
  - Chapter 4: Reflections And Mobilizations in Specific Contexts
  - Chapter 5: Conclusion
2. In chapter 1, the author will provide an overview of Reflections And Mobilizations. The first chapter will explore what Reflections And Mobilizations is, why Reflections And Mobilizations is vital, and how to effectively learn about Reflections And Mobilizations.
3. In chapter 2, this book will delve into the foundational concepts of Reflections And Mobilizations. This chapter will elucidate the essential principles that need to be understood to grasp Reflections And Mobilizations in its entirety.
4. In chapter 3, this book will examine the practical applications of Reflections And Mobilizations in daily life. This chapter will showcase real-world examples of how Reflections And Mobilizations can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Reflections And Mobilizations in specific contexts. This chapter will explore how Reflections And Mobilizations is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Reflections And Mobilizations. The final chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Reflections And Mobilizations.
