Vernooij,Judith Stuijt,Maarten Hendriks,Wouter ten Have,Steven ten Have,2022-10-13 Humans are social animals and change is a social process To understand this social process and explain the thoughts feelings and behaviours of individuals knowledge of how the presence of others influences people is crucial In this regard bias is a concept with a lot of potential Because cognitive and social biases influence human thinking feelings and behaviour these provide insights and knowledge that are helpful if not essential for the field of organizational behaviour and change management The preceding statements may seem obvious and self evident but practice as well as science show that they are neither Organizational Behaviour and Change Management The Impact of Cognitive and Social Bias aims at unleashing the potential of cognitive and social biases to develop a more effective change management theory and practice To do so we analysed and assessed thousands of scientific articles The most prominent biases are structured by using a practical and comprehensible framework based on five core social motives belonging understanding controlling trusting and self enhancing With its evidence based systematic and integrative approach this book provides scientists and practitioners in the field of organizational behaviour and change management with the best available evidence linking biases to organizational behaviour and change and further enriching the field of change management **The Role of Reflection in Managerial Learning** Marilyn W. Daudelin,Kent W.

Seibert,1999-09-30 Challenging work experiences are the richest source of learning for today s managers Yet lessons embedded in these experiences are not always obvious This comprehensive book describes a critical yet under researched element of how managers learn from these experiences reflection Today s workplace demands continual learning which in

turn requires reflection While this book supports the prevailing view that reflection is central to experiential learning it challenges the traditional views that it is the same as contemplation that it is incompatible with management and that it is time consuming and unnatural for managers Original quantitative and qualitative research reported in this book indicates that two different yet complementary modes of managerial reflection exist active and proactive Active reflection is something that managers naturally engage in during challenging job experiences whereas managers must be prompted to engage in proactive reflection Both modes involve processes of intentional inquiry Different forces are necessary to stimulate each type of reflection Based on these findings the claim is made that the potential to learn from experience is greatest when managers intentionally engage in both modes Accordingly a holistic model that integrates active and proactive reflection is presented This model has important implications for theorists and researchers of managerial learning by identifying previously unreported aspects of reflection It is also relevant to practitioners and companies who desire to enhance what their managers learn from their workplace experience

Step Back Joseph L. Badaracco, 2020-07-14 How to find clarity amid the turbulence of work and life We all wish we had more time to pause and reflect about small decisions and big goals and everything in between But since we live and work in a vortex of tasks meetings decisions and responsibilities we rarely get the chance to step back In this practical guide bestselling author and Harvard Business School professor Joseph Badaracco argues that you don't need long periods of solitude and tranquility to reflect well In fact reflection can take place in the cracks and crevices of your very busy life and these moments can help you understand your feelings look at problems from different perspectives focus on what really matters and ultimately lead a better life Building on candid interviews with over a hundred executives and professionals as well as on the classic works of Marcus Aurelius Michel de Montaigne and Ignatius of Loyola Badaracco offers simple customizable principles and ideas for reflection that lend a gentle discipline to an otherwise nebulous process Concise smart and pragmatic Step Back is the guide you need to make reflection a positive force in your work and life

Reflections on Management Watts S. Humphrey, William R. Thomas, 2010-03-29 A Lifetime of Invaluable Management Insights from Legendary Software Quality Guru Watts S Humphrey In 1986 Watts S Humphrey made an outrageous commitment a promise to transform software development As the pioneering innovator behind SEI's Capability Maturity Model CMM Personal Software Process PSP and Team Software Process TSP Humphrey has more than met that promise But his contributions go beyond methodology For decades his deeply personal writings on project management have been admired by software engineers worldwide Reflections on Management brings together Humphrey's best and most influential essays and articles sharing insights that will be indispensable for anyone who must achieve superior results in software or any other endeavor Collected here for the first time these works offer compelling insights into everything from planning day to day work to improving quality encouraging teamwork to becoming a truly great leader All of these writings share a powerful vision grounded by a life in software that has extended across nearly six decades The vision is this To

Positive Pupil Management and Motivation Eddie McNamara, 2014-03-05 First Published in 2000 In 1988 a major inquiry into the difficulties in managing adolescent behaviour was instigated by the Government under the chairmanship of Lord Elton The report known as the Elton Report on Discipline in Schools was published in 1989 At dissemination conferences the view was put forward that to aim to totally eliminate problematic pupils was unrealistic a more realistic aim was to marginalise the problem s i e to have effective school systems in place to respond to pupil misbehaviour so that problems of pupil discipline could be handled comfortably and not dominate

the school's agenda Starting with the findings of the Elton Report this book explores the identified causes of problem behaviour emotional disturbance home background classroom factors and school system factors and then offers practical advice on how to manage them

The International Handbook on Innovation Larisa V Shavinina,2003-10-16 The breadth of this work will allow the reader to acquire a comprehensive and panoramic picture of the nature of innovation within a single handbook

Symbolic Management James Westphal,Sun Hyun Park,2020-03-17 The theory of symbolic management reveals a pervasive pattern of symbolic decoupling a separation between appearances and reality at every level of the governance system At each level the processes of governance are less efficient or effective than they appear from interpersonal relations within organizations such as those between CEOs and directors top managers and lower level employees to relations between firm leaders and external stakeholders such as journalists and security analysts There is even a separation between appearances and reality at the level of the governance system itself In this book James Westphal and Sun Hyun Park develop symbolic management into a major theoretical perspective on governance Not only does symbolic management provide a compelling behavioral alternative to economic perspectives such as agency theory but it subsumes economic theory Agency theory is reconceived as a historically contingent institutional logic that became taken for granted among corporate stakeholders for a period of time and eventually replaced by a new logic of governance Through a body of extensive empirical research Westphal and Park demonstrate how the symbolic management activities of firm leaders have contributed to this historical shift in prevailing logics of governance and present a warning to regulators investors and the general public
