## **Reflective Teaching Professional Artistry Through Inquiry:**

*Reflective Teaching* James George Henderson, 2001 This successful book introduces current and future teachers to the concept of professional inquiry integrating five forms of it into their work to facilitate reflective democratic living that is rooted in the practice of a generative and generous intellect Its makes complex material understandable and inspires teachers to become forerunners in the movement that supports socially responsible professional inquiry The five forms of professional study are public moral inquiry multi perspective inquiry deliberative inquiry autobiographical inquiry and critical inquiry An accompanying effective inquiry model for each form encourages the emulation of professional development success Vignettes and teacher stories help demonstrate how theory looks in practice For professionals in the field of education especially at the K 12 grade level

**Becoming a Reflective Librarian and Teacher** Michelle Reale, 2016-12-16 Too much of the time our attempts at achieving a work life balance instead amount to a rigid compartmentalization of the different parts of our lives But the very qualities that make us human including our thoughts feelings and experiences are the keys to making us better librarians and teachers The path forward is through reflection which can help us gain insights that are applicable both personally and professionally In this book Reale employs a conversational tone to lead readers through the steps of reflective practice offering a concise framework for reflective practice from laying the groundwork and getting started through creating and sustaining a reflexive loop guidance on how to use journaling as a tool for expressing experiences creating a dialogue with oneself listmaking and other constructive reflection tips for becoming a reflective practitioner both inside and outside of the classroom a plan for using reflective practice with colleagues through conversation and collaboration and strategies at the end of each chapter for putting ideas into practice This thoughtful book illuminates reflective practice as a pedagogical tool that holds benefits both for ourselves as professionals and for our students

**Creating a Culture of Support for Teacher Leaders** Rosemary Gornik, Wendy L. Samford, 2018-02-09 Within the pages of this book you will meet six K 12 practicing public school administrators and two university instructors who give concise study and practice guidance on two aims 1 to build the awareness and capabilities to become a lead professional for democratic ways of living and 2 to develop the school culture needed to support this teacher leadership Teacher leadership is not in addition to the many initiatives administrators face each day Rather you will read stories about teacher leadership incorporated into the initiatives that already exist By distributing leadership administrators organically utilize the gifts and talents that individual teachers already possess defying prescribed roles and specific job descriptions A key feature in this text is its problem solving orientation and the interplay among teaching learning leading research that raises critical questions for professionals ready to understand the nuances of educational growth in societies with democratic ideals In spite of the political demands for efficiency and accountability six administrators worked with teacher leaders in different contexts to develop and exercise the wisdom which honors the democratic ideals upon which our

**Action Research Methods** S. Klein, 2012-06-18 In Action Research Methods the authors acknowledge that the methodology component is where most of the struggle and confusion lies with students in research methods courses The overall aim is to assist master s level education students with practical and theoretically grounded approaches to the action research process

Anti-Authoritarian Curriculum Practice Daniel J. Castner, Jennifer L. Schneider, James G. Henderson, 2025-07-10 The pervasive politicization of education in the United States makes teachers work extraordinarily challenging Decades of bi partisan accountability based reform policies and top down instructional management have conceived of teachers as mere technicians who consume and implement prefabricated curricular plans Such views fail to recognize the intimate relationship between curriculum and teaching and minimize educators professional authority Anti Authoritarian Curriculum Practice is for teachers exasperated by contemporary education s politicized conditions Instead of identifying specific authoritarian figures or ideologies this book critiques authoritarian practices actions that undermine accountability for how power is exercised It advocates for anti authoritarian curriculum practices emphasizing the intellectual and moral responsibilities of professional curricular decision making Appreciating that significant decisions are made at school district and policy levels without teachers meaningful involvement the authors utilize practical curriculum theorizing to examine commonly overlooked elements of curriculum practice emphasizing teachers direct roles in shaping what is experienced in their classrooms Readers are introduced to the HI STAR process a three part framework that invites educators to holistically imagine curricular visions HI engage in study and teaching activities ST and assess student outcomes while reflecting on their practices AR

Letters to the Field Boni Wozolek, Walter S. Gershon, Roland Mitchell, 2024-12-30 Letters to the Field Curriculum Scholars Stories for Future Generations encapsulates a generation of scholars who revitalized the field of Curriculum Studies across North America in the mid 1970s as well as the generations of scholars who immediately followed all of whom are now themselves senior scholars Rather than another edited work of reprints or new monographs this volume seeks to do something special by providing an opportunity for this group of scholars to speak to their field about understandings they believe to be of significance The strength of this book

generally resides in two overarching factors First there is the depth and strength of this well rounded highly regarded group of scholars whose work speaks to the heart of the interdisciplinary nature of curriculum studies and curriculum theorizing Second as you might imagine this is a significant moment in the United States when the very foundation of curriculum theory critical inquiry and often an engagement with questions of race queerness disability and the like continues to be under attack in K 12 schools and universities across the United States Contributors speak to the foundations of the field and the contemporary challenges that the field and schools of education more broadly must survive Contributions to this important work are five to seven handwritten or in the case of scholars who are unable to write typed pages There are also chapters that have accompanying photos and drawings The reproduction of actual letters in the book lend authenticity and will appeal to readers by giving an intimate view into the thoughts and wishes of these scholars We also understand that similar to the challenge folks might face when handwriting a document some writing might not be legible to all readers Therefore stable QR codes and or hyperlinks to typed versions of handwritten chapters are included so that readers can easily look at typed versions alongside the handwritten work online Letters to the Field makes an invaluable contribution to Curriculum Studies By providing a history of the rationale used to revitalize the field it will prove a valuable addition to the libraries of educators in a variety of disciplines
