This allows Luebke to view the religious reforms through the lens of imperial politics showing how the Empire differed from the Atlantic monarchies Eastern Europe Scandinavia and the Mediterranean. On a different and equally significant level he examines how ordinary people of all backgrounds experienced the controversy over religion and responded to reforms of doctrine and observance. The inclusion of both the imperial and local perspectives moves the Reformation beyond the familiar story of theological combat and reimagines it as something that had resonance throughout the world impacting people's lives in the process.
