*Reformed Theology and Visual Culture* William A. Dyrness, 2004-06-10 William Dyrness examines how particular theological themes of Reformed Protestants impacted on their surrounding visual culture *The Origins of Protestant Aesthetics in Early Modern Europe* William A. Dyrness, 2019-05-23 The aesthetics of everyday life as reflected in art museums and galleries throughout the western world is the result of a profound shift in aesthetic perception that occurred during the Renaissance and Reformation In this book William A Dyrness examines intellectual developments in late Medieval Europe which turned attention away from a narrow range liturgical art and practices and towards a celebration of God's presence in creation and in history Though threatened by the human tendency to self assertion he shows how a new focus on God's creative and recreative action in the world gave time and history a new seriousness and engendered a broad spectrum of aesthetic potential Focusing in particular on the writings of Luther and Calvin Dyrness demonstrates how the reformers conceptual and theological frameworks pertaining to the role of the arts influenced the rise of realistic theater lyric poetry landscape painting and architecture in the sixteenth and seventeenth centuries *The Oxford Handbook of Jonathan Edwards* Douglas A. Sweeney, Jan Stievertmann, 2021-02-02 The Oxford Handbook of Jonathan Edwards offers a state of the art summary of scholarship on Edwards by a diverse international and interdisciplinary group of Edwards scholars many of whom serve as global leaders in the burgeoning world of research and writing on America's theologian As an early modern clerical polymath Edwards is of interest to historians theologians and literary scholars He is also an interlocutor for contemporary clergy and philosophical theologians All such readers and many more will find here an authoritative overview of Edwards life ministry and writings as well as a representative sampling of cutting edge scholarship on Edwards from across several disciplines The volume falls into four sections which reflect the diversity of Edwards studies today The first section turns to the historical Edwards and grounds him in his period and the relevant contexts that shaped his life and work The second section balances the historical reconstruction of Edwards as a theological and philosophical thinker with explorations of his usefulness for constructive theology and the church today In part three the focus shifts to the different ways and contexts in which Edwards attempted to realize his ideas and ideals in his personal life scholarship and ministry but also to the ways in which these historical realities stood in tension with limited or resisted his aspirations The final section looks at Edwards widening renown and influence as well as diverse appropriations This Handbook serves as an authoritative guide for readers overwhelmed by the enormity of the multi lingual world of Edwards studies It will bring readers up to speed on the most important work being done and then serve them as a benchmark in the field of Edwards scholarship for decades to come *Als in Een Spiegel* Cornelis Van Der Kooi, 2005-01-01 What is meant by knowing God By sounding the work of John Calvin and Karl Barth as mirrors of reflection and experience justice is done to the tension between the premodern and postkantian situation and a stimulus is given for a contemporary position *Senses of the Soul* William

Dyrness,2008-05-01 *Senses of the Soul* explores the way art and visual elements are incorporated into Christian worship It incorporates research conducted in Los Angeles congregations Through extensive interviews in a sample of Protestant Catholic and Orthodox congregations it looks into the way visual elements actually become part of the experience of worship By looking at attitudes and experiences of beauty art and memories it suggests that believers appropriate images and aesthetic encounters in terms of imaginative structures that have been formed through worship practices over time By comparing responses across denominations the book proposes that people receive visual elements in ways that have been shaped by long traditions and specific background beliefs In addition to discussions of the differences between the major Christian traditions the book also examines the relation of art and beauty to worship the role of memories and everyday life and the power of images in spirituality and worship By its focus on the worshiper the book seeks to make a contribution to the growing conversation between the arts and Christian worship and to the process of worship renewal The Oxford History of Anglicanism, Volume II Jeremy Gregory,2017-09-29 The Oxford History of Anglicanism is a major new and unprecedented international study of the identity and historical influence of one of the world s largest versions of Christianity This global study of Anglicanism from the sixteenth century looks at how was Anglican identity constructed and contested at various periods since the sixteenth century and what was its historical influence during the past six centuries It explores not just the ecclesiastical and theological aspects of global Anglicanism but also the political social economic and cultural influences of this form of Christianity that has been historically significant in western culture and a burgeoning force in non western societies today The chapters are written by international experts in their various historical fields which includes the most recent research in their areas as well as original research The series forms an invaluable reference for both scholars and interested non specialists Volume two of The Oxford History of Anglicanism explores the period between 1662 and 1829 when its defining features were arguably its establishment status which gave the Church of England a political and social position greater than before or since The contributors explore the consequences for the Anglican Church of its establishment position and the effects of being the established Church of an emerging global power The volume examines the ways in which the Anglican Church engaged with Evangelicalism and the Enlightenment outlines the constitutional position and main challenges and opportunities facing the Church considers the Anglican Church in the regions and parts of the growing British Empire and includes a number of thematic chapters assessing continuity and change Iconoclasm and Iconoclasm Willem van Asselt,Paul van Geest,Daniela Müller,Theo Salemink,2007-09-30 This book focuses on iconoclastic controversies and in particular their impact on the creation of religious identities In the history of Jewish Christian and Muslim culture religious identity was not only formed through historical claims but also through the use of certain images images of God images of the others and images of the self Moreover in the struggle for religious identity these images were time and again employed for the purpose of establishing distinct groups both orthodox and deviant At the same time they supplied weapons in the

theological debate and found explicit expression in certain rituals or liturgical traditions These conference proceedings include a discussion of the role of images in society politics theology and liturgy in particular addressing the iconoclasm of physical mental and verbal images on the construction of religious identity

**"The Catholic Mary": Quite Contrary to the Bible?** Dave Armstrong, 2010-10-27 The theology and beliefs concerning the Blessed Virgin Mary Mother of our Lord Jesus have long been a contentious issue between Catholics and Protestants The latter often maintain that the Catholic Mary is a corruption of the true biblical Mary the humble and lowly handmaiden Catholic apologist Dave Armstrong shows how the Catholic and the biblical Mary are indeed one and the same Tackling controversial topics such as Mary's Immaculate Conception Assumption and perpetual virginity asking Mary to intercede the Rosary the flowery and seemingly excessive devotional language of the saints and Mary as a distributor of God's grace and salvation just as St Paul and indeed all of us are intended to be Armstrong provides biblical and rational support for all Catholic Marian beliefs and practices making them accessible understandable and able to be espoused by all who accept the inspiration of the Bible

**Seeing Faith, Printing Pictures: Religious Identity during the English Reformation** David J. Davis, 2013-03-27 Scholarship on religious printed images during the English Reformation 1535-1603 has generally focused on a few illustrated works and has portrayed this period in England as a predominantly non visual religious culture The combination of iconoclasm and Calvinist doctrine have led to a misunderstanding as to the unique ways that English Protestants used religious printed images Building on recent work in the history of the book and print studies this book analyzes the widespread body of religious illustration such as images of God the Father and Christ in Reformation England assessing what religious beliefs they communicated and how their use evolved during the period The result is a unique analysis of how the Reformation in England both destroyed certain aspects of traditional imagery as well as embraced and reformulated others into expressions of its own character and identity

*For Him Who Has Eyes to See* Edmund J. Rybarczyk, 2016-09-30 Too many Christians are afraid of beauty This fear disconnects these Christians from their larger culture a culture that is increasingly visual increasingly aware of the presence and power of images and more commonly fascinated by the power of beauty and form This historical theological overview presents the thought of ten theologians and one philosopher in an attempt to give Christians helpful vocabulary concerning beauty and aesthetics It is time to use beauty and aesthetics for the mission of Christ And yet rather than simply parrot the larger post Christian culture Christians and churches need to employ beauty and aesthetics in a manner that echoes God's own revelation creation and redemption through Jesus Christ We need to develop a sensitivity that can perceive beauties ignored We need theological framing that both respects the glory of God's handiwork and keeps it from becoming idolatrous We need to live with wonder for the bounty that routinely surrounds us In short we need eyes to see

**Jesus Made in America** Stephen J. Nichols, 2009-09-20 Jesus is as American as baseball and apple pie But how this came to be is a complex story one that Stephen Nichols tells with care and ease Beginning with the Puritans he leads readers through the various

cultural epochs of American history showing at each stage how American notions of Jesus were shaped by the cultural sensibilities of the times often with unfortunate results Always fascinating and often humorous Jesus Made in America offers a frank assessment of the story of Christianity in America including the present For those interested in the cultural implications of that story this book is a must read **Resounding Truth** Jeremy Begbie,2007-12 A world renowned scholar and musician helps Christians respond with theological discernment to music **The Oxford Handbook of Evangelical Theology** Gerald R. McDermott,2013-12 This volume surveys the state of the discipline on topics of greatest importance to evangelical theology The authors critically assess the state of the question from both classical and evangelical traditions and propose a future direction for evangelical thinking on the subject R sum de l diteur The Johannine Renaissance in Early Modern English Literature and Theology Paul Cefalu,2017 The volume highlights how the Fourth Gospel and First Epistle of Saint John the Evangelist were leading apostolic texts during the early modern period in England and the importance of Johannine theology to early modern religious poetry Art, Education, and Cultural Renewal Lambert Zuidervart,2017-05-05 What good is art What is the point of a university education Can philosophers contribute anything to social liberation Such questions both ancient and urgent are the pulse of reformational philosophy Inspired by the vision of the Dutch religious and political leader Abraham Kuyper reformational philosophy pursues social transformation for the common good In this companion volume to Religion Truth and Social Transformation Lambert Zuidervart presents a socially engaged philosophy of the arts and higher education Interacting with the ideas of leading Kuyperian thinkers such as Calvin Seerveld and Nicholas Wolterstorff Zuidervart shows why renewal in the arts needs to coincide with political and economic transformation He also calls for education and research that serve the common good Deeply rooted in reformational philosophy his book brings a fresh and inspiring voice to current discussions of religious aesthetics and Christian scholarship Art Education and Cultural Renewal is a testament to the practical and intellectual richness of a unique religious tradition compelling in its call for social solidarity and cultural critique **Senses of Devotion** William Dyrness,2013-03-29 This ethnographic study focuses on the religious imagery and practices of a sample of Buddhist temples and Muslim mosques in the greater Los Angeles area As a way of expanding interfaith dialogue it is framed as a conversation between the largely Christian researchers and the seventy five respondents who were asked about the images space and practices of their religious experience From the respondents in their various religious settings it seeks to distill the specific religious imaginations and aesthetic profiles that might be said to characterize their experience to discover what might be considered the living images of these faiths Set in the context of contemporary discussions of the nature of religion and visual culture this richly textured study of visual and sensory practices in religion raises fundamental questions about the place of belief and ritual practice and the role these play in our increasingly pluralistic religious culture The Beauty of the Triune God Kin Yip Louie,2013-07-29 The eighteenth century Puritan theologian Jonathan Edwards has become popular again in

contemporary theological discussion Central to Edwards theology is his concept of beauty Delattre wrote the standard work on this topic half a century ago However Delattre approaches Edwards mainly as a philosopher and he does not address how Edwards employs the concept of beauty to explain and defend traditional Reformed doctrines Recent writings by McClymond Holmes and others have shown that defending the Reformed tradition is a fundamental concern of Edwards This work reveals how Edwards starting with the common notion that beauty means the appropriate proportional relationship develops a theological aesthetic that contributes to a rational understanding of major doctrines such as the Trinity Christology and eschatology It shows that Edwards is both an innovative speculative theologian and a staunch defender of Reformed orthodoxy

Creation and Salvation E. M. Conradie, 2012 Christians trying to save the planet have to relate creation with salvation This volume explores the ways in which classic theologies have approached these tasks

Picturing Religious Experience Daniel W. Doerksen, 2011 Picturing Religious Experience studies Herbert's poetry in relation to the writings of John Calvin and maintains that Herbert owes to his religious orientation not just themes or details but an impulse to observe and depict the inner life and scriptural patterns which significantly contribute to the substance and literary excellence of The Temple

**Contemporary Art and the Church** W. David O. Taylor, Taylor Worley, 2017-06-20 The church and the contemporary art world often find themselves in an uneasy relationship in which misunderstanding and mistrust abound Drawn from the 2015 biennial CIVA conference these reflections from theologians pastors and practicing artists imagine the possibility of a renewed and mutually fruitful relationship between contemporary art and the church
