Reframing Antisemitism Alternative Jewish Perspectives:

Reframing Anti-semitism Henri Picciotto, Jewish Voice for Peace, Mitchell Plitnick, 2004 9 essays from members of the venerable Jewish peace and justice organisation plus one from Judith Butler reframe the debate on the middle east and anti semitism The eloquent testimonials in this myth busting book are crucial reading for everyone concerned about Middle East peace Middle East Report Jewish Voice for Peace has done us all a great service by publishing this smart little book which shows nicely how the charge of anti Semitism is used these days to silence Jews and non Jews who criticize Israel s policies in the occupied territories John Mearsheimer Professor of Political Science University Of Chicago **Holocaust Film** Terri Ginsberg, 2009-03-26 This timely new monograph takes as its starting point the provocative contention that Holocaust film scholarship has been marginalized academically despite the crucial role Holocaust film has played in fostering international awareness of the Nazi genocide and scholarly understandings of cinematic power The book suggests political and economic motivations for this seeming paradox the ideological parameters of which are evident in debates and controversies over Holocaust films themselves and around Holocaust culture in general Lending particular attention to four exemplary Holocaust art films Korczak Poland 1990 The Quarrel Canada 1990 Entre Nous France 1983 and Balagan Germany 1994 this book breaks disciplinary ground by drawing critical connections between public and scholarly debates over Holocaust representation and the often sophisticated cinematic structures lending aesthetic shape to them in today s global arena

The Colors of Jews Melanie Kaye/Kantrowitz, 2007-06-14 Exposes and challenges the common assumptions about whom and what Jews are by presenting in their own voices Jews of color from the Iberian Peninsula Asia Africa and India Kaye Kantrowitz delves into the largely uncharted territory of Jews of color and argues that Jews are an increasingly multiracial people From publisher description **Solidarity Is the Political Version of Love** Rebecca Vilkomerson, Alissa Wise, 2024-09-03 What does the politics of solidarity look like in practice and how can left wing organizations grow in numbers and power while remaining accountable to the broader movements of which they are a part Against enormous odds and in the face of fierce pushback the Palestine solidarity movement has succeeded in transforming the landscape of American politics The movement has catapulted Palestine from being an untouchable topic in even liberal political circles to a central rallying cry in grassroots progressive organizing one that is championed by some of the highest profile and beloved members of Congress In the fall and winter of 2023 with the attention of the world focused on Israel s unprecedented aggression against the people of Gaza millions across the globe mobilized in solidarity with Palestinians and their struggle for liberation Jewish progressives in the US played a highly visible role in denouncing Israel s actions and US complicity in them leading mobilizations and disruptions from the US Capitol to Grand Central Station In this book two key leaders and former staff of Jewish Voice for Peace JVP Rebecca Vilkomerson and Rabbi Alissa Wise focus on the important role of anti Zionist Jewish organizing within the broader Palestine solidarity movement reflecting on their decade of leadership of JVP and

drawing lessons especially relevant to those organizing from a position of solidarity Against the backdrop of rapid and often devastating political developments they explore how JVP grew larger as the organization shifted to the left and helped to alter the public narrative about Palestinian liberation while also navigating the tensions of organization building and creating a space for Judaism liberated from Zionism Their insights help contextualize the intense suppression of activism for Palestinian freedom while illuminating the roots of today s flourishing Jewish solidarity with Palestinians worldwide In addressing their shortcomings and failures no less than their inspiring successes Vilkomerson and Wise deliver an account of JVP s organizing during the 2010s that offers crucial strategic lessons for anyone engaging in the collective work of building organizations and fighting for justice as our movements evolve over time **From Occupation to Occupy** Sina

Arnold,2022-09-06 The recent rise of antisemitism in the United States has been well documented and linked to groups and ideologies associated with the far right In *From Occupation to Occupy* Sina Arnold argues that antisemitism can also be found as an invisible prejudice on the left Based on participation in left wing events and demonstrations interviews with activists and analysis of left wing social movement literature Arnold argues that a pattern for enabling antisemitism exists Although open antisemitism on the left is very rare there are recurring instances of antisemitic trivialization in which antisemitism is not perceived as a relevant issue in its own right leading to a lack of empathy for Jewish concerns and grievances Arnold s research also reveals a pervasive defensiveness against accusations of antisemitism in left wing politics with activists fiercely dismissing the possibility of prejudice against Jews within their movements and invariably shifting discussions to critiques of Israel or other forms of racism *From Occupation to Occupy* offers potential remedies for this situation and suggests that a progressive political movement that takes antisemitism seriously can be a powerful force for change in the United States *Politics and Resentment* Lars Rensmann,Julius H. Schoeps,2010-10-29 Democratic polities

continue to be faced with politics of resentment The first comparative study of its kind this book rigorously examines the contemporary relevance of antisemitism and counter cosmopolitan resentments in the European Union and beyond *THE ISRAEL LOBBY AND U. S. FOREIGN POLICY* N. Nourizadeh,2014-02-13 This book is about politics and the close relation

between Israel and US foreign policy **Israel, the Diaspora, and Jewish Identity** Danny Ben-Moshe,Zohar Segev,2007 This title investigates the significance contribution and role played by the State of Israel ideologically and practically and

explores the extent and way Israel features in diaspora identity through a range of issues **Das unsichtbare Vorurteil** Sina Arnold,2016-10-05 Eine ebenso analytische wie fesselnde Studie zu Antisemitismuskursen in der US amerikanischen

Linken und zum globalen Antisemitismus im 21 Jahrhundert Das Verh ltnis linker Bewegungen zum Antisemitismus ist ein polarisierendes Thema Auch in den USA stehen nicht erst seit den Anschl gen vom 11 September 2001 Bewegungen wie Occupy Wall Street die Friedensbewegung oder pro pal stinensische Gruppen unter Antisemitismusverdacht H ufig sind es ihre Kritik an Israel und damit verbundene Positionen und Aktionen wie Boykottaufrufe die Anlass f r erhitzte Debatten in

den Medien an Universitäten oder innerhalb sozialer Bewegungen wie auch der jüdisch amerikanischen Community geben. Aufbauend auf einer empirisch ethnografischen Studie will Sina Arnold Nechternheit in diese Debatten bringen. Die Autorin analysiert die Sichtweisen von Aktivistinnen und Aktivisten der US amerikanischen Linken auf Jüdinnen und Juden, das Judentum und Antisemitismus, aber auch auf Anschlussdiskurse wie Holocaust und Holocaustgedenken, Antirassismus, Kapitalismuskritik, die Politik der USA sowie Israel und den Nahostkonflikt. Sie bettet diese ein in die historische Entwicklung des Judentums und des Antisemitismus in den USA wie auch in verschiedene Epochen der Linken. Dadurch werden historische Kontinuitäten, aber auch Veränderungen linker Politik ebenso deutlich wie Paradigmenwechsel und Identitätsverhandlungen innerhalb der jüdisch amerikanischen Community. Die Analyse linker Antisemitismuskurse wirft ein Schlaglicht auf die gegenwärtige Verfasstheit der amerikanischen Gesellschaft in Zeiten von ökonomischer und politischer Krise. Die Untersuchung einer Bewegung mit internationalen Traditionen und Bezugspunkten trägt bei, dies zu einem Verständnis des globalen Antisemitismus im 21. Jahrhundert bei.

Middle East Report, 2004 Antisemitism and the Constitution of Sociology Marcel Stoetzler, 2014-07-01. Modern antisemitism and the modern discipline of sociology not only emerged in the same period but antagonism and hostility between the two discourses notwithstanding also overlapped and complemented each other. Sociology emerged in a society where modernization was often perceived as destroying unity and social cohesion. Antisemitism was likewise a response to the modern age, offering in its vilifications of the Jew an explanation of society's deficiencies and crises. Antisemitism and the Constitution of Sociology is a collection of twelve essays providing a comparative analysis of modern antisemitism and the rise of sociology. This volume addresses three key areas: the strong influence of writers of Jewish background and the rising tide of antisemitism on the formation of sociology; the role of antisemitism in the historical development of sociology through its treatment by leading figures in the field such as Emile Durkheim, Talcott Parsons and Theodor W. Adorno; and the discipline's development in the aftermath of the Nazi Holocaust. Together, the essays provide a fresh perspective on the history of sociology and the role that antisemitism, Jews, fascism and the Holocaust played in shaping modern social theory.

My Israel Question Antony Loewenstein, 2009-09-01. Antony Loewenstein's *My Israel Question* was a bestseller when first published and generated a storm of controversy, critical praise and robust public debate. Loewenstein's forensic discussion of the Israeli-Palestinian conflict continues here in a fully updated and expanded new edition, examining the prospects of the Middle East peace process in the new geopolitical context. The election of Barack Obama brought hope to millions around the world and has seen renewed diplomatic efforts in the Middle East. Yet the Israel-Palestine conflict remains mired in brutality and occupation. The election of a far-right Israeli government, the indiscriminate war on Gaza and the illegal expansion of West Bank colonies suggest a bleak future for both Israelis and Palestinians. However, public debate about the issue in the USA, United Kingdom, Europe and Australia is suggesting alternative ways of tackling the crisis. Now Antony Loewenstein maps the way in which the conflict is ferociously discussed.

and where the hope lies for resolution to the brutal impasse Hollywood and Anti-Semitism Steven Alan Carr,2001 This book examines the role of American Jews in the entertainment industry from the turn of the century to the outbreak of World War II Eastern European Jewish immigrants are often credited with building a film industry during the first decade of the twentieth century that they dominated by the 1920s In this study Steven Carr reconceptualizes Jewish involvement in Hollywood by examining prevalent attitudes towards Jews among American audiences Analogous to the Jewish Question of the nineteenth century which was concerned with the full participation of Jews within public life the Hollywood Question of the 1920s 30s and 40s addressed the Jewish population within mass media This study reveals the powerful set of assumptions concerning ethnicity and media influence as related to the role of the Jew in the motion picture industry **Transnational Traditions** Ava F. Kahn,Adam D. Mendelsohn,2014-11-03 No other single work in the field systematically focuses on this subject nor covers the range of themes explored in this volume **Epic Encounters** Melani McAlister,2005-07-05 Epic Encounters examines how popular culture has shaped the ways Americans define their interests in the Middle East In this innovative book now brought up to date to include 9 11 and the Iraq war Melani McAlister argues that U S foreign policy while grounded in material and military realities is also developed in a cultural context American understandings of the region are framed by narratives that draw on religious belief news media accounts and popular culture This remarkable and pathbreaking book skillfully weaves lively and accessible readings of film media and music with a rigorous analysis of U S foreign policy race politics and religious history The new chapter titled 9 11 and After Snapshots on the Road to Empire considers and brilliantly analyzes five images that have become iconic 1 New York City firemen raising the American flag out of the rubble of the World Trade Center 2 the televised image of Osama bin Laden 3 Afghani women in burqas 4 the statue of Saddam Hussein being toppled in Baghdad and 5 the hooded and wired prisoner in Abu Ghraib McAlister s singular achievement is to illuminate the contexts of these five images both at the time they were taken and as they relate to current events an accomplishment all the more remarkable since to paraphrase her new preface we are today struggling to look backward at something that is still rushing ahead **Bodies in Contact** Tony Ballantyne,Antoinette Burton,2005-01-31 This reader on world history emphasizes the centrality of raced sexed and classed bodies as sites on which imperial power was imagined and exercised in order to examine the effects of global politics capital and culture on everyday spaces and local c

Transforming Conflict through Communication in Personal, Family, and Working Relationships Peter M. Kellett,Thomas G. Matyók,2016-11-15 A transformational approach to conflict argues that conflicts must be viewed as embedded within broader relational patterns and social and discursive structures Central to this book is the idea that the origins of transformation can be momentary situational and small scale or large scale and systemic The momentary involves shifts and meaningful changes in communication and related patterns that are created in communication between people Momentary transformative changes can radiate out into more systemic levels and systemic transformative changes can

radiate inward to more personal levels This book engages this transformative framework by bringing together current scholarship that epitomizes and highlights the contribution of communication scholarship and communication centered approaches to conflict transformation in personal family and working relationships and organizational contexts The resulting volume presents an engaging mix of scholarly chapters think pieces and personal experiences from the field of practice and everyday life The book embraces a wide variety of theoretical and methodological approaches including narrative critical intersectional rhetorical and quantitative It makes a valuable additive contribution to the ongoing dialogue across and between disciplines on how to transform conflicts creatively sustainably and ethically *Cinema and Art as Archive* Aa. Vv., 2015-03-11T00:00:00+01:00 As Jacques Derrida wrote in 1995 while considering Archive Fever nothing is less reliable or less clear today than the word archive Nevertheless the historic cultural dimension of the contemporary discursive practices in cinema and art develops in the semantic openendedness of the term in the repositioning of the idea of archive The individual disciplines involved in one such field history of cinema and art theory of cinema and art aesthetics semiotics philology etc begin to open up to questioning the notion of archive even in negative in other words what after Michel Foucault the archive is not or does not seem to be The archive is not the library of libraries or encyclopedia it is not memory it is not museum it is not a database In recent years the attention focused on such ideas has not so much highlighted the impulses turns and specific forms of art art archive as it has revealed in many ways how the archive concerns us in the interrelation of aesthetic political ethical and legal levels among various disciplinary fields **Index to Theses with Abstracts Accepted for Higher Degrees by the Universities of Great Britain and Ireland and the Council for National Academic Awards** ,2008 Theses on any subject submitted by the academic libraries in the UK and Ireland The Art Bulletin ,2004 Includes section Notes and reviews
