Rivers Of America The Delaware:

Rivers of America - The Delaware Harry E. Wildes, *America's Most Endangered Rivers of ...*, 2007 Guide to America; a Treasury of Information about Its States, Cities, Parks, and Historical Points of Interest, 1947 **North America** David Starr Jordan, Mrs. Katherine Dunlap Cather, 1925 **My American Revolution** Robert Sullivan, 2025-10-16

Americans tend to think of the Revolution as a Massachusetts based event orchestrated by Virginians but in fact the war took place mostly in the Middle Colonies in New York and New Jersey and the parts of Pennsylvania that on a clear day you can almost see from the Empire State Building In *My American Revolution* Robert Sullivan delves into this first Middle America digging for a glorious heroic part of the past in the urban suburban and sometimes even rural landscape of today And there are great adventures along the way Sullivan investigates the true history of the crossing of the Delaware its down home reenactment each year for the past half a century and toward the end of a personal odyssey that involves camping in New Jersey backyards hiking through lost mountains and eventually some physical therapy he evacuates illegally from Brooklyn to Manhattan by handmade boat He recounts a Brooklyn historian s failed attempt to memorialize a colonial Maryland regiment a tattoo artist s more successful use of a colonial submarine which resulted in his 2007 arrest by the New York City police and the FBI and the life of Philip Freneau the first and not great poet of American independence who died in a swamp in the snow Last but not least along New York harbor Sullivan re creates an ancient signal beacon Like an almanac *My American Revolution* moves through the calendar of American independence considering the weather and the tides the harbor and the estuary and the yearly return of the stars as salient factors in the war for independence In this fiercely individual and often hilarious journey to make our revolution his he shows us how alive our own history is right under our noses **A brief survey of the terraqueous globe ... Written originally by J. Mair ... republished, with great additions, amendments, and improvements by an able hand, and illustrated with maps, etc** John Mair, 1775 *Made in U.S.A.* Sidra Stich, University Art Museum Berkeley, 1987-01-01 *Made in U S A* takes a new look at American art of the 1950s and 1960s and shows us how American it was This is a provocative study of those artists who appropriated everyday images from the world of mass media and suburban living and forced their viewers into a sometimes witty sometimes bittersweet confrontation with the realities of living in late twentieth century America **National Interest Electric Transmission Corridors** United States.
