Road To Aztlan:

The Road to Aztlan Virginia M. Fields, Victor Zamudio-Taylor, 2001 Published in conjunction with the major exhibition The Road to Aztlan Art from a Mythic Homeland explores the art derived from and created about the legendary area that encompasses the American Southwest and portions of Mexico long before they were separated by an international border The book and accompanying exhibition view Aztlan as a metaphoric centre and allegorical place of origin for the various peoples of the Southwest and Mexico Cultural interactions between the two areas span two millennia beginning with maize cultivation which spread north from Mexico around BC 1200 The book also investigates the relationship between myth and history as expressed in art and material culture of the region s inhabitants over time and the relationship and continuities of cultural practices over the course of the pre Columbian colonial and contemporary eras Crucial to these changing relationships are aspects of tradition and innovation within cultures as people sought to negotiate maintain and redefine their identities in the face of social disruption **The Road to Aztlan** Virginia M. Chicana/o Remix Karen Mary Davalos, 2017-07-25 Rewrites our understanding of the last 50 years of Chicana o cultural production Chicana o Remix casts new light not only on artists such as Sandra de la Loza Judy Baca and David Botello among others but on the exhibitions that feature their work and the collectors curators critics and advocates who engage it Combining feminist theory critical ethnic studies art historical analysis and extensive archival and field research Karen Mary Davalos argues that narrow notions of identity politics and aesthetics limit our ability to understand the full capacities of Chicana o art She employs fresh vernacular concepts such as the errata exhibit or the staging of exhibits that critically question mainstream art museums and the remix or the act of bringing new narratives and forgotten histories from the background and into the foreground These concepts which emerge out of art practice itself drive her analysis and reinforce the rejection of familiar narratives that evaluate Chicana o art in simplistic traditional terms such as political versus commercial or realist versus conceptual Throughout Chicana o Remix Davalos explores undocumented or previously ignored information about artists their cultural production and the exhibitions and collections that feature their work Each chapter exposes and challenges conventions in art history and Chicana o studies documenting how Chicana artists were the first to critically challenge exhibitions of Chicana o art tracing the origins of the first Chicano arts organizations and highlighting the influence of Europe and Asia on Chicana o artists who traveled abroad As a leading scholar in the study of Chicana o artists art spaces and exhibition practices Davalos presents her most ambitious project to date in this re examination of fifty years of

Hidalgo,2016-08-31 Bridging the fields of Religion and Latina o Studies this book fills a gap by examining the spiritual rhetoric and practices of the Chicano movement Bringing new theoretical life to biblical studies and Chicana o writings from the 1960s such as El Plan Espiritual de Aztlán and El Plan de Santa Barbara Jacqueline M Hidalgo boldly makes the case that peoples for whom historical memories of displacement loom large engage scriptures in order to make and contest homes Movement literature drew upon and defied the scriptural legacies of Revelation a Christian scriptural text that also carries a displaced homing dream Through the slipperiness of utopian imaginations these texts become places of belonging for those whose belonging has otherwise been questioned Hidalgo s elegant comparative study articulates as never before how Aztlán and the new Jerusalem s imaginative power rest in their ambiguities their ambivalence and the significance that people ascribe to them Rewriting Early America Christopher K. Coffman,2018-11-27 Recent poems and fictions set in the early Americas are typically read as affirmations of cultural norms as evidence of the impossibility of genuine engagement with the historical past or as contentious repudiations of received histories Inspired particularly by Mihai Spăroșu s arguments regarding literary playfulness as an opening to peace Rewriting Early America The Prenatal Past in Postmodern Literature adopts a different perspective with the goal of demonstrating that many recent literary texts undertake more constructive and hopeful projects with regard to the American past than critics usually recognize While honoring writers pervasive critiques of hegemony this volume trades a preoccupation with antagonism for an interest in restoration and recuperation It describes how texts by John Barth John Berryman Susan Howe Toni Morrison Paul Muldoon Thomas Pynchon and William T Vollmann harness the ambiguities of the colonial past to find sociocultural possibilities that operate beyond the workings of power and outside the politics of difference Throughout this book remains devoted to uncovering the moments at which contemporary writers proffer visions of American communities defined not by marginalization and oppression but by responsive understanding and inclusion *The Borderlands* Andrew Grant Wood,2008-01-30 The more than 2 000 mile U S Mexico border is a focus of intense interest today as immigration security and environmental issues dominate the headlines This is the first A to Z encyclopedia to overview the unique and vibrant elements that make up the borderlands More than 150 essay entries provide students and general readers with a solid sense of the U S Mexico border history culture and politics Coverage runs the gamut from key historical and contemporary figures art cuisine sports and religion to education environment legislation radio rhetoric slavery tourism and women in Ciudad Juarez The more than 2 000 mile U S Mexico border is a focus of intense interest today as immigration security and environmental issues dominate the headlines This is the first A to Z encyclopedia to overview the unique and vibrant elements that make up the borderlands More than 150 essay entries provide students and
