Remembering the Holocaust in a Racial State Roni Mikel-Arieli, 2022-07-18 The lens of apartheid era Jewish commemorations of the Holocaust in South Africa reveals the fascinating transformation of a diasporic community Through the prism of Holocaust memory this book examines South African Jewry and its ambivalent position as a minority within the privileged white minority Grounded in research in over a dozen archives the book provides a rich empirical account of the centrality of Holocaust memorialization to the community's ongoing struggle against global and local antisemitism Most of the chapters focus on white perceptions of the Holocaust and reveals the tensions between the white communities in the country regarding the place of collective memories of suffering in the public arena However the book also moves beyond an insular focus on the South African Jewish community and in very different modality investigates prominent figures in the anti apartheid struggle and the role of Holocaust memory in their fascinating journeys towards freedom

Hamlet's Dreams David Schalkwyk, 2013-01-31 Hamlet's Dreams brings together the Robben Island Prison of Nelson Mandela and the prison that is Denmark for Shakespeare's Hamlet David Schalkwyk uses the circulation of the so called Robben Island Shakespeare a copy of the Alexander edition of the Complete Works that was secretly circulated annotated and signed by a group of Robben Island political prisoner in the 1970s including Nelson Mandela to examine the representation and experience of imprisonment in South African prison memoirs and Shakespeare's Hamlet It looks at the ways in which oppressive spaces or circumstances restrict the ways in which personal identity can be formed or formulated in relation to others The bad dreams that keep Hamlet from considering himself the king of infinite space are it argues the need for other people that becomes especially evident in situations of real or psychological imprisonment

Witness in the Era of Mass Incarceration Doran Larson, 2017-07-17 Witness in the Era of Mass Incarceration works from the premise that if the law establishes and maintains both its practical and symbolic authority on the basis of its monopoly on legally sanctioned violence and the suffering threatened and delivered by such violence then we cannot know the full human cost or concrete moral status of any legal state without human witness to the depth and manner of suffering meted out by such violence The prison writer stands in the position to offer such witness The prison writer knows the law's violence in the flesh For every other writer reflection upon the degree and manner of suffering meted out under legal sanction that is reflection upon the full human cost of the contemporary legal order is necessarily speculative In close readings of first person witness from prisons in the U S Ireland and Africa Witness in the Era of Mass Incarceration discovers literary tropes that chart at once local national and transnational conditions of carceral experience the extant conditions of legalized suffering In exhibiting the labor required to move from institutionalized abjection to the minimum requirements of rights bearing personhood this witness offers the sole credible vision of the possibility of a post carceral understanding of freedom

Shades of Difference Padraig

O'Malley,2025-05-05 Mac Maharaj played a pivotal role in the liberation movement for nearly four decades suffering brutal tortures and twelve years imprisonment on Robben Island with Nelson Mandela It was Maharaj who smuggled out the manuscript of Mandela s autobiography and later re entered South Africa to establish a political and military underground on a mission so secret that only those at the highest levels were even aware of its existence Drawing from extensive interviews with Maharaj over eleven years and hitherto unavailable documents Padraig O Malley vividly renders a true tale of heroism and a gripping insider s look at the struggle for freedom in South Africa **Nelson Mandela** Elleke Boehmer,2023-09-12 Very Short Introductions Brilliant Sharp Inspiring A pathbreaking analysis of the relationship between Mandela the myth and Mandela the historical figure looking at the way images stories and politics have been combined to create the iconic image of Mandela that we know today Boehmer explores the long trajectory of Mandela s life explaining first the historical and political context of the struggle against apartheid in South Africa and then the post apartheid period of difficult reconciliation including the shifts and changes in Mandela s reputation since the millennium This innovative postcolonial reflection takes on board the more critical revisionist literature on Mandela that has emerged since 2015 looking at responses to his death in 2013 and the 2018 commemorations of the 100th anniversary of his birth The first edition set a trend in scholarship on Mandela by reading his character and achievements through the lens of his influences interests and leading ideas The second edition extends this focus with a far reaching critical look at meanings of reconciliation and Mandela s ethic of reciprocity ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Mandela Tom Lodge,2007-07-26 Nelson Mandela the first African politician to acquire a world following remains in the 21st century an iconic figure But what are the sources of his almost mythic appeal And to what extent did Mandela self consciously create the status of political hero that he now enjoys This new and highly revealing biography examines these questions in detail for the first time Drawing on a range of original sources it presents a host of fresh insights about the shaping of Mandela s personality and public persona from his childhood days and early activism through his long years of imprisonment to his presidency of the new South Africa Throughout Lodge emphasizes the crucial interplay between Mandela s public career and his personal or private world showing how his heroic status was a product both of his leading position within the anti apartheid movement and his own deliberate efforts to supply a form of quasi messianic leadership for that movement And as Lodge shows Mandela s huge international appeal is a compelling and unusual cocktail Of the sacred and the secular Of traditional African values and global media savvy And of human vulnerability interwoven with the grand narrative of liberation **International Third World Studies Journal & Review** ,2004 Commemorating and Forgetting Martin J. Murray,2013-04-25 When the past is painful as riddled with violence and injustice as it is in

postapartheid South Africa remembrance presents a problem at once practical and ethical how much of the past to preserve and recollect and how much to erase and forget if the new nation is to ever unify and move forward The new South Africa's confrontation of this dilemma is Martin J Murray's subject in *Commemorating and Forgetting* More broadly this book explores how collective memory works how framing events persons and places worthy of recognition and honor entails a selective appropriation of the past not a mastery of history How is the historical past made to appear in the present In addressing these questions Murray reveals how collective memory is stored and disseminated in architecture statuary monuments and memorials literature and art landscapes of remembrance that selectively recall and even fabricate history in the service of nation building He examines such vehicles of memory in postapartheid South Africa and parses the stories they tell stories by turn sanitized distorted embellished and compressed In this analysis *Commemorating and Forgetting* marks a critical move toward recognizing how the legacies and impositions of white minority rule far from being truly past remain embedded in intertwined with and imprinted on the new nation's here and now Nelson Mandela Aran S.

Marback,2012-09-30 In *Managing Vulnerability*

Richard C Marback analyzes the tension surrounding the transition from apartheid to democracy in South Africa through a rhetorical lens Marback studies the heart of South Africa's desire for reconciliation and contends that this goal could be achieved only through the creation of a language of vulnerability in which former enemies become open to the influence of each other to the constraints of their respective circumstances and to the prospects of a shared future Through a series of

informative case studies Marback illustrates how the cultivation of openness and the management of vulnerability take shape through the circulation of artifacts symbols and texts that give empowering expression to virtues of connectedness over the temptations of individual autonomy Marback discusses the construction and impact of the narrative tours of Robben Island the silencing of Robert Sobukwe the debates over a proposed Freedom Monument a brief gesture of ubuntu from Pumla Gobodo Madikizela to Eugene de Kock and the transformation of the title character in the film adaptation of the 1980 novel Tsotsi Ultimately Marback contends finding a means to manage vulnerability is both the immediate success of and the ongoing challenge to South African democracy and is indicative of the nature of rhetoric in democracies in general and in contemporary civic life
