Katherine Kearns

Robert Frost And A Poetics Of Appetite

Karen L. Kilcup

Robert Frost And A Poetics Of Appetite:

Robert Frost and a Poetics of Appetite Katherine Kearns, 1994-02-25 This book reads Frost's poetry within a theoretical perspective generated but not limited by feminist analysis **The Ordeal of Robert Frost** Mark Richardson, 1997 Through close readings of Frost's poetry and often ignored prose Mark Richardson argues that Frost's debates with Van Wyck Brooks, Malcolm Cowley and H. L. Menckens informed his poetics and his poetic style just as much as did his deep identification with earlier writers like Emerson and William James **Robert Frost and Feminine Literary Tradition** Karen L. Kilcup, 1998 Uncover heretofore overlooked influences and connections in the evolution of Frost's poetry **Robert Frost and the Politics of Poetry** Tyler Hoffman, 2001 A powerful and persuasive new reading of Frost as a poet deeply engaged with both the literary and public politics of his day The Cambridge Companion to Robert Frost Robert Faggen, 2001-06-14 This collection of specially commissioned essays by experts in the field explores key dimensions of Robert Frost's poetry and life Frost remains one of the most memorable and beguiling of modern poets Writing in the tradition of Virgil, Milton and Wordsworth he transformed pastoral and georgic poetry both in subject matter and form Mastering the rhythms of ordinary speech Frost made country life the point from which to view the world and the complexities of human psychology The essays in this volume enable readers to explore Frost's art and thought from the controversies of his biography to his subtle reinvention of poetic and metric traditions and the conflicts in his thought about politics, gender, science and religion This volume will bring fresh perspectives to the lyric narrative and dramatic poetry of an American master and its chronology and guide to further reading will prove valuable to scholars and students alike Belief and Uncertainty in the Poetry of Robert Frost Robert Pack, 2003 A leading Frost critic guides the reader through some of the poet's most challenging verse **The Art of Robert Frost** Tim Kendall, 2012-05-29 Offers detailed accounts of sixty-five poems that span Frost's writing career and assesses the particular nature of the poet's style discussing how it changes over time and relates to the works of contemporary poets and movements Robert Frost and Northern Irish Poetry Rachel Buxton, 2004-05-27 In this incisive and highly readable study Rachel Buxton offers a much needed assessment of Frost's significance for Northern Irish poetry of the past half century Drawing upon a diverse range of previously unpublished archival sources including juvenilia, correspondence and drafts of poems Robert Frost and Northern Irish Poetry takes as its particular focus the triangular dynamic of Frost, Seamus Heaney and Paul Muldoon Buxton explores the differing strengths which each Irish poet finds in Frost's work while Heaney is drawn primarily to the Frost persona and to the sound of sense it is the studied slyness and wryness of the American's poetry the complicating undertow which Muldoon values This appraisal of Frost in a non-American context not only enables a fuller appreciation of Heaney's and Muldoon's poetry but also provides valuable insight into the nature of trans-national and trans-generational poetic influence Engaging with the politics of Irish-American literary connections while providing a subtle analysis of the intertextual relationships between these three key twentieth-century

poets Robert Frost and Northern Irish Poetry is a pioneering work **The Robert Frost Encyclopedia** Nancy L. Tuten, John Zubizarreta, 2000-12-30 Often thought of as the quintessential poet of New England Robert Frost is one of the most widely read American poets of the 20th century He was a master of poetic form and imagery his works seemed to capture the spirit of America and he became so emblematic of his country that he read his work at President Kennedy's inauguration and traveled to Israel Greece and the Soviet Union as an emissary of the U S State Department While many readers think of him as the personification of New England he was born in San Francisco published his first book of poetry in England matured as a poet while abroad taught for several years at the University of Michigan and spent many of his winters in Florida This reference helps illuminate the hidden complexities of his life and work Included in this volume are hundreds of alphabetically arranged entries on Frost's life and writings Each of his collected poems is treated in a separate entry and the book additionally includes entries on such topics as his public speeches various colleges and universities with which he was associated the honors that he won his biographers films about him poets and others whom he knew and similar items Each entry is written by an expert contributor and closes with a brief bibliography The volume also provides a chronology and concludes with a general bibliography of major studies **Critical Companion to Robert Frost** Deirdre J. Fagan, 2007 Known for his favorite themes of New England and nature Robert Frost may well be the most famous American poet of the 20th century This is an encyclopedic guide to the life and works of this great American poet It combines critical analysis with information on Frost's life providing a one stop resource for students New Makers of Modern Culture Justin Wintle, 2016-04-22 New Makers of Modern Culture will be widely acquired by both higher education and public libraries Bibliographies are attached to entries and there is thorough cross referencing *The Concise New Makers of Modern Culture* Justin Wintle, 2008-11-28 A Who's Who of Western culture from Woody Allen to Emile Zola Containing four hundred essay style entries and covering the period from 1850 to the present The Concise New Makers of Modern Culture includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley with John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping rubs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin With its global reach The Concise New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing as well as an index of names and key terms *Modern American Poetry* Harold Bloom, 2005 The essays collected in this volume survey the major works of modern American poetry from magnificent epics like Hart Crane's The Bridge and Wallace Stevens's Auroras of Autumn to such central lyrics as Eliot's The Love Song of J Alfred Prufrock and Marianne Moore's Poetry the complexity of modern American poetry has demanded appreciation and analysis of an especially high order and the list of critics included here makes up a veritable all star team of close readers from Kenneth Burke to

Helen Vendler from Richard Poirier to David Bromwich **Going by Contraries** Robert Bernard Hass, 2002 The ascendancy of science pushed aside Emerson's view of nature as an analogue for a kind and benevolent deity and led to a spiritual crisis that Robert Frost attempted to address in his work Hass English Edinboro U of Pennsylvania argues that this was the central concern of Frost's work throughout his career Frost consistently argued that poetry must seek to find a consistent rationality that strives towards wisdom and firmly rejected Poe's conception of poetry as mere ornament or the more revolutionary conceptions of the American Modernists Hass traces Frost's career as one in which he slowly overcame his fear of materialism and was able to restore his religious faith Annotation copyrighted by Book News Inc Portland OR The Life of Robert Frost Henry Hart, 2017-01-31 The Life of Robert Frost presents a unique and rich approach to the poet that includes original genealogical research concerning Frost's ancestors and a demonstration of how mental illness plagued the Frost family and heavily influenced Frost's poetry A widely revealing biography of Frost that discusses his often perplexing journey from humble roots to poetic fame revealing new details of Frost's life Takes a unique approach by giving attention to Frost's genealogy and the family history of mental illness presenting a complete picture of Frost's complexity Discusses the traumatic effect on Frost of his father's early death and the impact on his poetry and outlook Presents original information on the influence of his mother's Swedenborgian mysticism Virtual Americas Paul Giles, 2002-08-15 A discussion on the ways in which representations in the U S have been deflected from mythic to virtual phenomena in literary and cultural works of the modern era **The Grotesque and the Unnatural** , *Early Poems* Robert Frost, 1998-06-01 Beloved American poet Robert Frost's first three books in one collection This volume presents Frost's first three books masterful and innovative collections that contain some of his best known poems including Mowing Mending Wall After Apple Picking Home Burial The Oven Bird Birches and The Road Not Taken For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators The Poetics of the Everyday Siobhan Phillips, 2010 Wallace Stevens once described the malady of the quotidian lamenting the dull weight of everyday regimen Yet he would later hail that which is always beginning over and over recognizing if not celebrating the possibility of fresh invention Focusing on the poems of Wallace Stevens Robert Frost Elizabeth Bishop and James Merrill Siobhan Phillips positions everyday time as a vital category in modernist aesthetics American literature and poetic theory She eloquently reveals how through particular but related means each of these poets converts the necessity of quotidian experience into an aesthetic and experiential opportunity In Stevens Phillips analyzes the implications of cyclic dualism In Frost she explains the theoretical depth of a habitual middle way In Bishop's work she identifies the attempt to turn recurrent mornings into a ceremony rather than a sentence and in Merrill she shows

how cosmic theories rely on daily habits Phillips ultimately demonstrates that a poetics of everyday time contributes not only to a richer understanding of these four writers but also to descriptions of their era estimations of their genre and ongoing reconfigurations of the issues that literature reflects and illuminates *Roads Not Taken* Earl J. Wilcox, Jonathan N. Barron, 2000 In *Roads Not Taken* Earl J Wilcox and Jonathan N Barron bring a new freshness and depth to the study of one of America s greatest poets While some critics discounted Frost as a poet without technical skill rhetorical complexity or intellectual depth over the past decade scholars have begun to view Robert Frost s work from many new perspectives Critical hermeneutics cultural studies feminism postmodernism and textual editing all have had their impact on readings of the poet s life and work This collection of essays is the first to account for the variety of these new perceptions

Whispering the Techniques of Language: An Psychological Quest through **Robert Frost And A Poetics Of Appetite**

In a digitally-driven earth where screens reign great and instant communication drowns out the subtleties of language, the profound strategies and emotional subtleties hidden within words usually move unheard. Yet, set within the pages of **Robert Frost And A Poetics Of Appetite** a charming fictional prize pulsating with raw feelings, lies an exceptional journey waiting to be undertaken. Written by a skilled wordsmith, this charming opus invites visitors on an introspective trip, lightly unraveling the veiled truths and profound impact resonating within the very cloth of every word. Within the mental depths with this poignant review, we shall embark upon a honest exploration of the book is primary themes, dissect their captivating writing design, and fail to the strong resonance it evokes deep within the recesses of readers hearts.
