

ROBERT NOZICK

Property, Justice
and the Minimal State

JONATHAN WOLFF

Robert Nozick Property Justice And The Minimal State

Jon Mandle

Robert Nozick Property Justice And The Minimal State:

Robert Nozick Jonathan Wolff, 2013-11-18 Robert Nozick's *Anarchy, State and Utopia* is one of the works which dominates contemporary debate in political philosophy. Drawing on traditional assumptions associated with individualism and libertarianism, Nozick mounts a powerful argument for a minimal nightwatchman state and challenges the views of many contemporary philosophers, most notably John Rawls. Jonathan Wolff's new book is the first full-length study of Nozick's work and of the debates to which it has given rise. He situates Nozick's work in the context of current debates and examines the traditions which have influenced his thought. He then critically reconstructs the key arguments of *Anarchy, State and Utopia*, focusing on Nozick's Doctrine of Rights, his Derivation of the Minimal State, and his Entitlement Theory of Justice. The book concludes by assessing Nozick's place in contemporary political philosophy. [Natural Rights Liberalism from Locke to Nozick](#) Ellen Frankel Paul, Fred Dycus Miller, Jeffrey Paul, 2005 The essays in this book have also been published without introduction and index in the semiannual journal *Social Philosophy and Policy* volume 22 number 1. Includes bibliographical references and index. *Rawls's 'A Theory of Justice'* Jon Mandle, 2009-10-15 This book reconstructs Rawls's argument as well as discussing some of the most influential criticisms in the secondary literature. **Property and Justice** Billy Christmas, 2021-03-29 This book gives an account of a full spectrum of property rights and their relationship to individual liberty. It shows that a purely deontological approach to justice can deal with the most complex questions regarding the property system. Moreover, the author considers the economic, ecological, and technological complexities of our real-world property systems. The result is a more conceptually sound account of natural rights and the property system they demand. If we think that liberty should be at the centre of justice, what does that mean for the property system? Economists and lawyers widely agree that a property system must be composed of many different types of property: the kind of private ownership one has over one's person and immediate possessions, as well as the kinds of common ownership we each have in our local streets, as well as many more. However, theories of property and justice have not given anything approaching an adequate account of the relationship between liberty and any other form of property other than private ownership. It is often thought that a basic commitment to liberty cannot really tell us how to arrange the major complexities of the property system which diverge from simple private ownership. **Property and Justice** demonstrates how philosophical rigour coupled with interdisciplinary engagement enables us to think clearly about how to deal with real-world problems. It will be of interest to political philosophers, political theorists, and legal theorists working on property rights and justice. **A Liberal Theory of Property** Hanoch Dagan, 2021-04-15 Property enhances autonomy for most people but not for all. Because it both empowers and disables, property requires constant vigilance. *A Liberal Theory of Property* addresses key questions: how can property be justified? What core values should property law advance, and how do those values interrelate? How is a liberal state obligated to act when shaping property law? In a liberal polity, the primary commitment to individual autonomy dominates the

justification of property founding it on three pillars carefully delineated private authority structural but not value pluralism and relational justice A genuinely liberal property law meets the legitimacy challenge confronting property by expanding people s opportunities for individual and collective self determination while carefully restricting their options of interpersonal domination The book shows how the three pillars of liberal property account for core features of existing property systems provide a normative vocabulary for evaluating central doctrines and offer directions for urgent reforms **Nozick's**

Libertarian Project Mark D. Friedman,2011-03-17 Elaborating on and defending a rigorous rights based libertarianism Mark D Friedman here develops the seminal ideas articulated by Robert Nozick in his landmark work Anarchy State and Utopia Consolidating more than three decades of scholarly and popular writing to have emerged in the wake of Nozick s text Friedman offers a 21st century defense of the minimal libertarian state In the course of this analysis and drawing on further insights offered by the work of F A Hayek Nozick s Libertarian Project shows that natural rights libertarianism can offer convincing answers to the fundamental questions that lie at the heart of political theory The book also rebuts many of the most common criticisms to have been levelled at this worldview including those from left libertarians and from egalitarians such as as G A Cohen

Modern Political Thinkers and Ideas Tudor Jones,2012-09-10 Modern Political Thinkers and Ideas is an exciting new text that provides students with a clearly presented introduction to some of the key areas of modern political thought Uniquely combining historical and philosophical approaches to the subject it describes the writings and ideas of the most influential thinkers of the modern era Modern Political Thinkers and Ideas features the main concepts in modern political theory such as the State and Sovereignty Political Obligation and Civil Disobedience Liberty Rights Equality and Justice Democracy the ideas of key thinkers such as Machiavelli Hobbes Locke Paine Rousseau Burke Mill Bentham Marx Rawls Hayek a clear and instructive framework for each chapter which provides students with a the significance of each concept in modern political thought b what major political thinkers had to say about each concept and c the relevance of key concepts to contemporary argument and debate Introduction to Political Theory Paul Graham,John Hoffman,2022-03-21

This vibrant and significantly revised new edition is a comprehensive and accessible text for studying political theory in a changing world Bringing together classic and contemporary political concepts and ideologies into one book it introduces the major approaches to political issues that have shaped our world and the ideas that form the currency of political debate Consistently it relates political ideas to political realities through effective use of examples and case studies making theory lively contentious and relevant With significant revisions which reflect the latest questions facing political theory in an increasingly international context key features and updates include Two brand new chapters on Migration and Freedom of Speech and a significant new section on the radical right Thought provoking case studies to bring the theory to life including social media and internet regulation Brexit and the EU anti vaxxer campaigns surrogacy tourism and autonomous anarchist zones A revamped website including podcasts to aid study of and reading around the subject Introduction to Political Theory

Fourth Edition is the perfect accompaniment to undergraduate study in political theory political philosophy concepts and ideologies and more broadly to the social sciences and philosophy Contemporary Political Philosophy Will Kymlicka, 2002 This new edition of Will Kymlicka's best selling critical introduction to contemporary political theory has been fully revised to include many of the most significant developments in Anglo American political philosophy in the last 11 years particularly the new debates on political liberalism deliberative democracy civic republicanism nationalism and cultural pluralism The book now includes two new chapters on citizenship theory and multiculturalism in addition to updated chapters on utilitarianism liberal egalitarianism libertarianism Marxism communitarianism and feminism Extended guides to further reading have been added at the end of each chapter listing the most important books and articles on each school of thought as well as relevant journals and web sites BOOK JACKET The Problem of Property Karl Widerquist, 2023-01-01 This book is Karl Widerquist's first statement of the independent theory of property called Justice as the Pursuit of Accord JPA It argues the natural rights based arguments for unequal private property have failed to establish that institution as right It is a legal privilege inconsistent with the maximum equal freedom from interference The book discusses how to establish and maintain a property system that best promotes freedom from interference Paying taxes and obeying regulations is part of the purchase price of the right to control use or use up any good made partly out of natural resources i.e. all goods because doing so interferes with people who control use or use up fewer natural resources A sufficient portion of that tax revenue has to be redistributed in the form of a Universal Basic Income to ensure the property system is in the interest of everyone

Delve into the emotional tapestry woven by Crafted by in Experience **Robert Nozick Property Justice And The Minimal State** .
