Robert Burns Portrait Of Scotlands Bard:

The Bard Robert Crawford, 2021-06-08 No writer is more charismatic than Robert Burns. Wonderfully readable, *The Bard* catches Burns's energy, brilliance, and radicalism as never before. To his international admirers, he was a genius, a hero, a warm-hearted friend; yet to the mother of one of his lovers, he was a wastrel; to a fellow poet, he was sprung from raking of dung; and to his political enemies, a traitor. Drawing on a surprising number of untapped sources, from rediscovered poetry by Burns to manuscript journals, correspondence, and oratory by his contemporaries, this new biography presents the remarkable life, loves, and struggles of the great poet. Inspired by the American and French Revolutions and molded by the Scottish Enlightenment, Burns was in several senses the first of the major Romantics. With a poet's insight and a shrewd sense of human drama, Robert Crawford outlines how Burns combined a childhood steeped in the peasant song culture of rural Scotland with a consummate linguistic artistry to become not only the world's most popular love poet but also the controversial master poet of modern democracy. Written with accessible élan and nuanced attention to Burns's poems and letters, *The Bard* is the story of an extraordinary man fighting to maintain a sly sense of integrity in the face of overwhelming pressures. This incisive biography startlingly demonstrates why the life and work of Scotland's greatest poet still compel the attention of the world a quarter of a millennium after his birth.

which he was engaged through the greater part of his life It is evident that Burns was a man of extremely passionate nature and fond of conviviality and the misfortunes of his lot combined with his natural tendencies to drive him to frequent excesses of self indulgence He was often remorseful and he strove painfully if intermittently after better things But the story of his life must be admitted to be in its externals a painful and somewhat sordid chronicle That it contained however many moments of joy and exaltation is proved by the poems here printed Burns poetry falls into two main groups English and Scottish His English poems are for the most part inferior specimens of conventional eighteenth century verse But in Scottish poetry he achieved triumphs of a quite extraordinary kind Since the time of the Reformation and the union of the crowns of England and Scotland the Scots dialect had largely fallen into disuse as a medium for dignified writing Shortly before Burns time however Allan Ramsay and Robert Fergusson had been the leading figures in a revival of the vernacular and Burns received from them a national tradition which he succeeded in carrying to its highest pitch becoming thereby to an almost unique degree the poet of his people He first showed complete mastery of verse in the field of satire In *The Twa Herds* *Holy Willie's Prayer* *Address to the Unco Guid* *The Holy Fair* and others he manifested sympathy with the protest of the so called New Light party which had sprung up in opposition to the extreme Calvinism and intolerance of the dominant Auld Lichts The fact that Burns had personally suffered from the discipline of the Kirk probably added fire to his attacks but the satires show more than personal animus The force of the invective the keenness of the wit and the fervor of the imagination which they displayed rendered them an important force in the theological liberation of Scotland The *Kilmarnock* volume contained besides satire a number of poems like *The Twa Dogs* and *The Cotter's Saturday Night* which are vividly descriptive of the Scots peasant life with which he was most familiar and a group like *Puir Mailie* and *To a Mouse* which in the tenderness of their treatment of animals revealed one of the most attractive sides of Burns personality Many of his poems were never printed during his lifetime the most remarkable of these being *The Jolly Beggars* a piece in which by the intensity of his imaginative sympathy and the brilliance of his technique he renders a picture of the lowest dregs of society in such a way as to raise it into the realm of great poetry
