Secrets of the Koran Don Richardson, 2008-06-23 Forget all those evening news sound bites or diplomatically correct half truths about the Koran and the religion of Islam If you want to know what the Koran is really about you have to know what it really says Don Richardson gives you a nitty gritty inside look at the Koran helping to separate fact from fiction These hard hitting observations are not the author s opinion based on what he thinks the Koran seems to imply Muslim boys are indoctrinated in military camps Madrasa schools force memorization and repetition of the Koran particularly those verses that promise heavenly rewards for martyrdom It took courage to write this serious documented and well sourced book But the price of truth is courage regardless of one s religion

The Muslim Discovery of America Frederick William Dame, 2013 Some so called authorities claim that Muslims came to America hundreds of years before Columbus arrived in the New World Are the claims true Columbus expedition represents the first major discovery of the Americas and the first appearance of non Native Americans The conventional wisdom is that Columbus ended tens of thousands of years of near total isolation for the Native Americans Since the Americas had been initially populated probably between 13 000 BC and 11 000 BC there had been no engagement with peoples from any other continent save small ventures by the Norse into Northeastern Canada Did Muslims come to the Americas possibly as early as the 700s These researchers argue that Muslims came from Islamic Spain particularly the port of Delba Pelos during the rule of Caliph Abdullah Ibn Mohammed 888 912 A Muslim historian Abul Hassan Al Masudi c 895 957 added a map of the world to his book one that contained a large area in the ocean of darkness and fog the Atlantic ocean which he referred to as the unknown territory the Americas This book demonstrates that this assertion is important for Muslims because in conjunction with the relevant verses from the Koran and quotes from Mohammed it establishes the claim of Muslims that Allah intended America to be Islamic The book also investigates the lives of selected Muslims in America and organizations from the eighteenth century into the twenty first century It reveals that there was nothing more than a continuation of typical Islamic deception and subversive jihad It also documents the lie of the Islamic claim that hundreds of place names in the United States of America and Canada derive from Arabic Islamic roots Finally the book exposes the rewriting of American history by Islamic and pro Islamic media This book is alarming informative interesting and true [Living among the Breakage](#) Duane

Alexander Miller,2016-09-23 Around the world people are leaving Islam for Christianity in unprecedented numbers This book seeks to look into the world of some of these converts trying to discern the shape of their newfound faith Why do they convert What challenges do they face And ultimately what do they in their own complex and sometimes difficult circumstances claim to have understood about God that while in Islam they had not In other words what is the content of their contextual theology In seeking to answer these questions Miller looks into the world of an unintentional church plant in the Arab world consisting of believers from a Muslim background visits with groups of Iranian converts in the diaspora and examines the written testimonies of still other converts In a world where Muslim Christian relations are increasingly important and sometimes contentious this book examines the lived faith and contextual theology of people who have chosen to leave Islam and embrace Christianity

The Centrality of Christ in Contemporary Missions Mike Barnett,Michael Pocock,2005-09-15 Is Jesus really the only way What is unique about Christ and missions How can a new understanding of Jesus Christ bridge the gap between modern positivism and post modern relativism Can we learn from the model of Jesus how to be more effective mission workers This volume Number 12 of the annual Evangelical Missiological Society series offers answers to these questions and more as it discusses the clear and relevant communication of the centrality of Jesus Christ

The Cross in the Shadow of the Crescent Erwin W. Lutzer,2013-02-01 Islam is on the rise all over the West including America In this compelling new book bestselling author Erwin Lutzer urges Christians to see this as both an opportunity to share the gospel and a reason for concern We have now reached a tipping point the spread of Islam is rapidly altering the way we live These changes are cause for alarm for they endanger our freedoms of speech and religion At the same time this opens an incredible door of ministry for Christians for Muslims normally do not have access to the gospel in their own lands In The Cross in the Shadow of the Crescent readers will discover helpful answers to these questions and more How does Islam s growing influence affect me personally In what ways are our freedoms of speech and religion in danger How can I extend Christ s love to Muslims around me A sensitive responsible and highly informative must read

Contemporary Muslim and Christian Responses to Religious Plurality Lewis E Winkler,2012-04-26 In our rapidly changing and progressively globalized world Christians and Muslims are faced with the prospect of directly encountering and responding to people of other faiths and cultures This has pushed us all to address the vital question of how best to live with work beside and love one another as fellow citizens of our planet Using resources from Christian theologian Wolfhart Pannenberg Muslim ethicist Abdulaziz Sachedina and several others Winkler argues that we must continually dialogue with one another not only about the beliefs and practices held in common between us but also about the ways in which we are distinctively different Only then can we take the opportunity more comprehensively to understand appreciate and cooperate with each other to build just moral and cohesive communities of hope in our often uncertain and unsettling times

How the West Was Lost Patrick Michael Murphy,2005-05-18 His premise is that civilizations have life spans and the Western civilization that produced America and

Europe has been replaced in our lifetime and before our very eyes To people whose minds were made by the West the civilization we now find ourselves in often feels wrong evil even but we also find ourselves feeling oddly affectionate toward this strange new world And the more time that passes the more normal the New Civ gets to feel We sometimes have to pinch ourselves to remember that society once had roots in a universe that knew something of moral absolutes where the horrible behaviors we now read about in every morning newspaper were so rare that one such event in a year would have felt like the world is just about to end But these things are what passes for normalcy today We are still able to be reminded of what we know in our bones although it gets harder all the time something has gone terribly wrong That s what this book is about

Baffling Puzzle Luke Lloyd, 2012-11 The truth is in the eye of the beholder This is a popular expression that enables many people to twist reality and historical truth to their own advantage without requiring accountability Thus political correctness becomes censorship and truth is sidelined Knowing this Luke Lloyd a retired army colonel who spent thirty years in airborne infantry and armor combat units as well as intelligence related to the Middle East couldn t resist setting forth the realities of Islam as he had studied and experienced them at American University of Beirut and lived with them while working in Saudi Arabia and Egypt Since September 11 2001 Lloyd has taught and spoken on issues concerning the Middle East and authored an educational novel titled *Out of Darkness* He believes Islam provides our greatest national security threat because of our appeasing leadership and an unsuspecting populace that interprets it broadly as a religion but in general is oblivious to its political focus
