Gypsy Identities 1500-2000 David Mayall, 2004-03-01 Gypsies have lived in England since the early sixteenth century yet considerable confusion and disagreement remain over the precise identity of the group The question Who are the Gypsies is still asked and the debates about the positioning and permanence of the boundary between Gypsy and non Gypsy are contested as fiercely today as at any time before This study locates these debates in their historical perspective tracing the origins and reproduction of the various ways of defining and representing the Gypsy from the early sixteenth century to the present day Starting with a consideration of the early modern description of Gypsies as Egyptians land pirates and vagabonds the volume goes on to examine the racial classification of the nineteenth century and the emergence of the ethnic Gypsy in the twentieth century The book closes with an exploration of the long lasting image of

the group as vagrant and parasitic nuisances which spans the whole period from 1500 to 2000 *Revolution in Paradise*
Yehuda Moraly, 2019-11-01 The era of the German Occupation of France constituted surprisingly a golden age for the arts
literature theater popular music and cinema These works of art seem to be devoid of political impact The widespread trend of
unrealistic and fantastic art during this period is explained by some scholars as the artists escape from the omnipotent eye of
German censorship The purpose of the book is to show that contrary to the accepted view some of these films were intimately
linked to the political situation They convey the demonization of characters that while not specifically presented as Jews
nevertheless manifested anti Semitic stereotypes of the Jew as ugly rootless low hypocritical immoral cruel and power hungry
All five movies analysed Les Inconnus dans la maison dir Henri Decoin 1942 Les Visiteurs du Soir dir Marcel Carne 1942 L
Eternel retour dir Jean Delannoy 1943 Les Enfants du Paradis dir Marcel Carne 1943 present characters not identified as
Jews but who exhibit negative Jewish traits in contrast to the aristocratic characters whom they aspire to emulate They
demonstrate implicitly central themes of explicit anti Semitic propaganda Yehuda Moraly addresses two current major
misconceptions regarding the Cinema of Occupied France 1 that the accepted view that there were almost no explicitly
Jewish characters in the cinema of that time and place is patently incorrect and 2 that the feature films of Occupied France
were not as it is commonly thought free of the propaganda messages that permeated the press the radio and documentary
films Analysis of these films brings out the contradictory nature of European anti Semitism On one hand the Jew is the anti
Christ throttling the world with disgusting materialism while on the other hand he is representative of an ancestral stifling
morality which it is time to abolish
