Security For Peace Israels Minimal Security Requirements In Negotiations With The Palestinians:

Palestinian Autonomy, Self-government, And Peace Harvey Sicherman, 2019-06-04 Describing the changes of heart and mind that reordered the Middle East in the wake of the First World War Albert Hourani one of the great scholars of the modern Middle East has written Wars are catalysts bringing to consciousness feelings hitherto inarticulate and creating expectations of change The Gulf War of early 1991 bears the signs of having been such a catalyst Having proved its assertiveness and strength and having led a wide ranging coalition into battle the United States has since the war's end embarked on an energetic diplomatic effort aimed at settling the long standing conflict between the majority of the Arab states and Israel The peace conference that Secretary of State James A Baker III has organized will grapple with a number of issues One of the most contentious and significant will be the future of the Palestinians of Gaza and the West Bank

Compromising Palestine Aaron S. Klieman, 2000 In response to the challenges of bringing the tenacious Israeli Palestinian conflict to an end many have offered grand historical perspectives vague formulas or visionary new proposals Aharon Klieman however goes beyond abstract reflections to offer a clear and practical assessment of which issues will be important in the upcoming negotiations and why At the top of his list is the partitionist strategy of dividing land through political and territorial compromise Territorial partition an idea circulating for over sixty years becomes more prominent now according to Klieman and is the only viable option if any for ending the conflict Compromising Palestine argues that while the Oslo peace accords are an important declaration of principles and provide a mechanism for peace they are singularly ambiguous and do not provide tangible solutions which must be sought through practical compromises and concrete plans followed to the letter by both sides Falling between broad general discussion and actual operational plans this concise clearly focused and beautifully written book will provide a very useful reference point for anyone following the peace process whether academic policy maker or general reader and will contribute to the quality of analysis at each stage of the debate during the crucial final status period

The State of Palestine Philip Leech, 2016-10-26 Based on extensive field research interviews and participant observation undertaken across several sites in Nablus and the surrounding area it provides a bottom up interpretation of the Palestinian Authority's agenda and challenges the popular interpretation that its governance represents the only realistic path to Palestinian independence As the first major account of the Palestinian Authority's political agenda since the collapse of the unity government this book offers a unique explanation for the failure to bring a Palestinian state into being and challenges assumptions within the existing literature

Confidence Building Measures In The Middle East Gabriel Ben-dor, 2019-03-11 Confidence Building Measures CBMs were pioneered in Europe at the height of the Cold War The immediate goal of such measures is to create enough trust between parties in international conflicts to avoid mutually unfavourable sometimes dangerous outcomes due to misunderstandings The long term goal of CBMs is to move the contending parties closer

A History of the Israeli-Palestinian Conflict Mark Tessler, 2009-03-24 Mark Tessler's

highly praised comprehensive and balanced history of the Israeli Palestinian conflict from the earliest times to the present updated through the first years of the 21st century provides a constructive framework for understanding recent developments and assessing the prospects for future peace Drawing upon a wide array of documents and on research by Palestinians Israelis and others Tessler assesses the conflict on both the Israelis and the Palestinians terms New chapters in this expanded edition elucidate the Oslo peace process including the reasons for its failure and the political dynamics in Israel the West Bank and Gaza at a critical time of transition *Echoes Of The Intifada* Rex Brynen,2019-03-07 Important historical turning points often seem to be unpredicted until they are upon us For most observers the author included the Palestinian uprising that erupted in December 1987 was unexpected not because the depth of Palestinian national aspirations or the growing strength of Palestinian socio political organization under occupation were un *The European Union Decoded* Maria Lorca-Susino,2016 The European Union EU and the Eurozone became the economic integration example to follow for years However the worldwide economic crisis that unfolded in 2007 put the whole economic integration process in question the European project in jeopardy and the euro under pressure with serious doubts that it can survive its first crisis The core argument of this book is twofold First it seeks to explain the difficult political economic and fiscal idiosyncrasies of all member states in order to put the reasons for the economic crisis into a new and clear perspective Second it argues that the institutional response put forward to explain this tremendous crisis is flawed and dangerous because it does not solve the main underlying problem the deep differences among member states on their understanding of economic and financial behavior This study counters the leading institutional explanation for the economic crisis that has impacted the entire EU It presents a unique and provocative explanation of why the EU and the Eurozone are still immersed in an economic crisis and will be of key interest to students and scholars of European Politics and Economics **The Middle East** Ellen Lust,2023-02-01 In the The Middle East Sixteenth Edition Ellen Lust brings important new coverage to this comprehensive balanced and superbly researched text In clear prose Lust and her outstanding contributors explain the landscape of this changing region by examining both regional trends and individual countries The Sixteenth Edition adds a chapter on Sudan and other country chapters have been streamlined and fully updated to reflect domestic regional and international changes of the past three years This best selling text offers a wealth of information to help readers not only comprehend more fully the world around them but also recognize and formulate policies that can more successfully engage the vitally important Middle East **Foreign Operations, Export Financing, and Related Programs Appropriations for 1993: Israel's request for loan guarantees; Secretary of State** United States.
