Security Issues In The Postcold War World:

Security Issues in the Post-cold War World M. Jane Davis, 1996 Security Issues in the Post Cold War World focuses on the changing international security agenda and the serious political instabilities many rooted in ethnic nationalisms and long standing border disputes which have resurfaced with the end of the Cold War *U.S. Intervention Policy in the Post-cold War World* Frances K. Scott, 1994 **NATO's Durability in a Post-Cold War World** Joe Burton, 2018-02-20 Examines how NATO has adapted and endured after the end of the Cold War transforming itself to deal with a host of new security challenges Why is it that despite the end of the Cold War and the almost constant controversies surrounding the alliance's role in the world the North Atlantic Treaty Organization NATO is still a prominent and vital player in international security Joe Burton provides an in depth analysis of NATO's changing role in the post Cold War era and its ability to survive adapt and meet the needs of its members in an increasingly turbulent globalized security environment He offers a historically and theoretically informed account of NATO that isolates the core dynamics that have held the alliance together in troubled times In particular he examines a series of processes and events from the 1990 Gulf War to the rise of the Islamic State that help explain NATO's continuing relevance This book does an excellent job of chronicling key events that have led to NATO's ongoing presence in international relations as a key provider of global security Ryan C Hendrickson author of *Diplomacy and War at NATO The Secretary General and Military Action after the Cold War* **International Intervention in the Post-Cold War World** Michael C. Davis, Wolfgang Dietrich, Bettina Scholdan, 2017-07-28 International intervention on humanitarian grounds has been a contentious issue for decades First it pits the principle of state sovereignty against claims of universal human rights Second the motivations of intervening states may be open to question when avowals of moral action are arguably the fig leaf covering an assertion of power for political advantage These questions have been salient in the context of the Balkan and African wars and U S policy in the Middle East This volume undertakes a serious systematic and broadly international review of the issues U.S. intervention policy in the post-cold war world , **Strategic Stability in the Post-Cold War World and the Future of Nuclear Disarmament** Melvin L. Best, Jr., John Hughes-Wilson, Andrei A. Piontkowsky, 2013-04-17 This Report contains a Consensus Report and the papers submitted to the April 6 10 1995 NATO Advanced Research Workshop on Strategic Stability In The Post Cold War World And The Future Of Nuclear Disarmament held in Washington D C United States Of America at The Airlie Conference Center The workshop was sponsored by the NATO Division Scientific and Environmental Affairs as part of its ongoing outreach programme to widen and deepen scientific contacts between NATO member countries and the Cooperation Partner countries of the former Warsaw Treaty Organization The participants recognize that the collapse of the former Soviet Union has left a conceptual vacuum in the definition of a new world order Never before have the components of world order all changed so rapidly so deeply or so globally As Henry Kissinger points out the emergence of the new world order will have answered three

fundamental questions What are the basic units of the international order What are their means of interacting and What are the goals on behalf of which they interact The main question is whether the establishment and maintenance of an international system will turn out to be a conscious design or the outgrowth of a test of strength The concept of a planning framework that could shape or govern these interactions is emerging and may now be at hand Capturing this emerging framework is the thrust of this NATO sponsored Advanced Research Workshop

Regional Peacekeeping in the Post-Cold War Era Hilaire McCoubrey, Justin Morris, 2021-09-06

The Post-Cold War Presidency Anthony J. Eksterowicz, Glenn P. Hastedt, 1999 With the end of the Cold War U S presidential leadership has become both more important and more difficult Post war periods have historically posed challenges to leadership and this time around the long time image of the Oleader of the free worldO has declined in the face of globalization and increased interdependence among nations It is exactly this complex environment that makes Americans look ever more to their president for guidance This accesssibly written volume discusses socio cultural political and economic changes during and after the Cold War period and how these have affected modern presidential leadership Prominent contributors cover key issues_image and character domestic and foreign policy distraction theory domestic and international economics executive legislative relations security intelligence executive dominance and activist government_and suggest strategies for helping to ensure a strong presidency in the future

U.S. Army War College Guide to National Security Issues: National security policy and strategy J. Boone Bartholomees, 2008 The U S Army War College Guide USAWC to National Security Issues is the latest edition of the U S Army War College Guide to National Security Policy and Strategy which the college has published sporadically under different titles since 2001 This edition of the Guide is in two volumes that correspond roughly to the two core courses that the Department of National Security and Strategy DNSS teaches Theory of War and Strategy and National Security Policy and Strategy Page vii

The US Commitment to NATO in the Post-Cold War Period Yanan Song, 2016-08-17 This book examines the continuing US commitments to NATO in the post Cold War era The initial focus is on the recommitment decisions of the Clinton administration It also extensively explores the US operations in Kosovo Afghanistan and in particular Libya The case study on Libya is especially important in exploring the Obama administration s understanding of the purpose of NATO in the context of current economic pressures domestic US debates about post War on Terror interventions and of increasing American preoccupation with Pacific rather than European security The author utilises substantial archival research and interviews with policymakers and academics including Ambassador Kethleen Stephens former Special Assistant to the President Stephen J Flanagan and former Director for Non proliferation at National Security Council Robert S Litwak This book is ideal for postgraduate researchers and academics in US foreign policy foreign policy decision making transatlantic relations and NATO as well as a great use to undergraduate students
