Seeds Of Plenty Seeds Of Want A Critical Analysis Of The Green Revolution:

The Green Revolution, Employment, and Economic Change in Rural Java Chris Manning, 1988 This paper reviews the literature on economic change in rice growing areas in Java in the 1970s and focuses on the extent to which the Green Revolution and commercialization of agriculture contributed to labour displacement and inequalities in wealth and income

Progress in Upland Rice Research International Rice Research Institute, 1986 Characterization and classification of upland rice growing environments integrated upland rice farming systems biological stresses with special emphasis on blast preproduction testing and production programs *Seeds of Plenty, Seeds of Want* Andrew Chernocke Pearse, 1980 The new technology and the peasants Political motors of technological innovation Communal tenure structures and an African experiment The dynamics of bi modal structures Promotion of the new technology The economics of farm size Changes in Asian tenancy The critical issues Coping with the talents effect Choosing the right policy Appropriate technology Rural Development John Harriss, 2023-08-18 Originally published in 1982 this book provides an important set of basic materials for students of rural development Key papers have been chosen and arranged and the editor has provided a general introduction and passages that link the papers alerting the student to rival theoretical interpretations and to regional parallels and contrasts The book provides a basis for the analysis of the processes that make rural societies and economies what they are and substantially determine the changes that take place within them The papers help the reader to understand the nature of the phenomena with which rural development has to deal and in doing so to begin to evaluate the interventions of agencies and planners **The Morality of Everyday Life** Thomas Fleming, 2004 Fleming offers an alternative to enlightened liberalism where moral and political problems are looked at from an objective point of view and a decision made from a distant perspective that is both rational and universally applied to all comparable cases He instead places importance on the particular the local and moral complexity advocating a return to premodern traditions for a solution to ethical predicaments In his view liberalism and postmodernism ignore the fact that human beings by their very nature refuse to live in a world of abstractions where the attachments of friends neighbors family and country make no difference Fleming believes that a modern type of casuistry should be applied to moral conflicts using examples from history literature and religion to explain this moral ecology that refuses to divorce organisms from their interactions with each other and with their environment

Exploring Agrodiversity Harold Brookfield, 2001-05-07 Small farmers are often viewed as engaging in wasteful practices that wreak ecological havoc Exploring Agrodiversity sets the record straight Small farmers are in fact ingenious and inventive and engage in a diverse range of land management strategies many of them resourcefully geared toward conserving resources especially soil They have shown considerable resilience in the face of major onslaughts against their way of life by outsiders and government Using case studies from Africa Asia Latin America and the Pacific this book provides in depth analysis of agricultural diversity and explores its history The book also considers the effect of the gene revolution on

small farmers and reviews the effects of the green revolution in Asian countries In conclusion it questions whether the diverse agricultural practices employed by small farmers can survive modern pressures and the global ambitions of the biotechnology industry **Nature and Impact of the Green Revolution in Bangladesh** Mahabub Hossain,1988

Technological progress and growth of crop production a macro picture Nature of alternative rice technologies Productivity and efficiency of resource use Farm size tenancy and adoption of modern technology Labor market and employment effects of modern technology Linkage effects of agricultural growth Effect on income distribution and poverty *Critical*

Reflections on Economy and Politics in India Raju J. Das,2020-03-02 In this book Das presents a class based perspective on the economic and political situation in contemporary India in a globalizing world It deals with the specificities of India s capitalism and neoliberalism as well as poverty inequality geographically uneven development technological change and export oriented nature dependent production The book also deals with Left led struggles in the form of the Naxalite Maoist movement and trade union strikes and presents a non sectarian Left critique of the Left It also discusses the politics of the Right expressed as fascistic tendencies and the question of what is to be done The book applies abstract theoretical ideas to the concrete situation in India which in turn inspires rethinking of theory Das unabashedly shows the relevance of class theory that takes seriously the matter of oppression domination of religious minorities and lower castes *The Darker Nationsa Biography Of The Short-Lived Third World* Vijay Prashad,2007 The Third World was not a place argues Vijay Prashad It was a project This book is a paradigm shifting history of both a utopian concept and global movement the idea of the Third World The Darker Nations traces the intellectual origins and the political history of the attempt to knit together the world s impoverished countries in opposition to the United States and Soviet spheres of influence in the decades following World War II as nation after nation across Asia Africa and South America gained political independence from colonial rule Traversing continents Vijay Prashad s fascinating narrative takes us from the birth of postcolonial nations after World War II to the downfall and corruption of nationalist regimes The Darker Nations restores to memory the vibrant though flawed idea of the Third World whose demise Prashad ultimately argues has produced a much impoverished international political arena
