Seeing Like A State How Certain Schemes To Improve The Human Condition Have Failed:

Seeing Like a State James C. Scott, 2020-03-17 One of the most profound and illuminating studies of this century to have been published in recent decades John Gray New York Times Book Review Hailed as a magisterial critique of top down social planning by the New York Times this essential work analyzes disasters from Russia to Tanzania to uncover why states so often fail sometimes catastrophically in grand efforts to engineer their society or their environment and uncovers the conditions common to all such planning disasters Beautifully written this book calls into sharp relief the nature of the world we now inhabit New Yorker A tour de force Charles Tilly Columbia University Seeing Like a State ,1998 Refer review by Iver B Neumann in Internasjonal Politikk Vol 59 4 2001 pp 565 569 Responsible Research and Innovation Robert Gianni, John Pearson, Bernard Reber, 2018-07-27 Responsible Research and Innovation provides a comprehensive and impartial overview of the European Commission's Responsible Research and Innovation RRI framework including discussion of both the meaning and aims of the concept and of its practical application As a governance framework for research and innovation RRI involves four key perspectives ethical economic business legal and governance and political The book is organised into chapters covering these different dimensions The authors provide different viewpoints on these aspects in order to offer guidance from experts in the field while at the same time acknowledging the interpretative openness of the RRI frameworks *Human Flourishing* Greg Forster, Anthony R. Cross, 2020-08-28 Beyond an internal transformation or mere moment of salvation how does Christian faith envision the good life This question demands not only a Christian view of how individuals should live but of how social institutions are best arranged for human flourishing In the advanced modern world our common public life is mainly lived out in the domains of work and commerce so a Christian view of economic life is essential to a modern Christian view of human flourishing In this volume established evangelical scholars in theology biblical studies and history explore their disciplines in connection with economic wisdom to yield insights about what it means to live wholly fruitfully and well Faithful and provocative these essays uncover fresh ground on topics ranging from poverty to work ethic to capitalism socialism to slavery to non profit entities to the medieval indulgence industry **The Counterinsurgent's Constitution** Ganesh Sitaraman, 2013 Since the surge in Iraq in 2006 counterinsurgency effectively became America's dominant approach for fighting wars Yet many of the major controversies and debates surrounding counterinsurgency have turned not on military questions but on legal ones Who can the military attack with drones Is the occupation of Iraq legitimate What tradeoffs should the military make between self protection and civilian casualties What is the right framework for negotiating with the Taliban How can we build the rule of law in Afghanistan The Counterinsurgent's Constitution tackles this wide range of legal issues from the vantage point of counterinsurgency strategy Ganesh Sitaraman explains why law matters in counterinsurgency how it operates on the ground and how law and counterinsurgency strategy can be better integrated Counterinsurgency Sitaraman notes focuses on winning over the population providing essential

services building political and legal institutions and fostering economic development So unlike in conventional war where law places humanitarian restraints on combat law and counterinsurgency are well aligned and reinforce one another Indeed following the law and building the rule of law is not just the right thing to do it is strategically beneficial Moreover reconciliation with enemies can both help to end the conflict and preserve the possibility of justice for war crimes Following the rule of law is an important element of success The first book on law and counterinsurgency strategy The Counterinsurgent's Constitution seamlessly integrates law and military strategy to illuminate some of the most pressing issues in warfare and the transition from war to peace Its lessons also apply to conflicts in Libya and other hot spots in the Middle East

Seeing Like a Smuggler Mahmoud Keshavarz, Shahram Khosravi, 2022-07-20 This conceptually vivid book refreshes our vision Ruth Wilson Gilmore The word smuggler often unleashes a simplified negative image painted by the media and the authorities Such state centric perspectives hide many social political and economic relations generated by smuggling This book looks at the practice through the eyes of the smugglers revealing how their work can be productive subversive and deeply sociopolitical By tracing the illegalised movement of people and goods across borders Seeing Like a Smuggler shows smuggling as a contradiction within the nation state system and in a dialectical relation with the national order of things It raises questions on how smuggling engages and unsettles the ethics materialities visualities histories and the colonial power relations that form borders and bordering Covering a wide spectrum of approaches from personal reflections and ethnographies to historical accounts cultural analysis and visual essays the book spans the globe from Colombia to Ethiopia Singapore to Guatemala Afghanistan to Zimbabwe and from Kurdistan to Bangladesh to show how people deal with global inequalities and the restrictions of poverty and immobility

The Fernando Coronil Reader Fernando Coronil, 2019-04-15 In The Fernando Coronil Reader Venezuelan anthropologist Fernando Coronil challenges us to rethink our approaches to key contemporary epistemological political and ethical questions Consisting of work written between 1991 and 2011 this posthumously published collection includes Coronil's landmark essays Beyond Occidentalism and The Future in Question as well as two chapters from his unfinished book manuscript Crude Matters Taken together the essays highlight his deep concern with the Global South Latin American state formation theories of nature empire and postcolonialism and anthrohistory as an intellectual and ethical approach Presenting a cross section of Coronil's oeuvre this volume cements his legacy as one of the most innovative critical social thinkers of his generation

Histories of Surveillance from Antiquity to the Digital Era Andreas Marklund, Laura Skouvig, 2021-07-27 Deploying empirical studies spanning from early Imperial China to the present day 17 scholars from across the globe explore the history of surveillance with special attention to the mechanisms of power that impel the concept of surveillance in society By delving into a broad range of historical periods and contexts the book sheds new light on surveillance as a societal phenomenon offering 10 in depth applied analyses that revolve around two main questions Who are the central actors in the history of surveillance What

kinds of phenomena have been deemed eligible for surveillance for example information flows political movements border crossing trade interacting with foreign states workplace relations gender relations and sexuality

Crafting Transnational Policing Andrew Goldsmith, James Sheptycki, 2007-11-16 The book examines the phenomenon of crafting transnational policing By this term is meant the different forms of engagement in policing reform by international donors national governments foreign police and law enforcement agencies in the domestic policing agencies and programs of recipient countries It includes inter alia peace keeping in post conflict situations reconstruction and capacity building as part of nation or state building exercises and the provision of technical assistance in relation to certain aspects of law enforcement In each instance there is a cross border provision of resources with a view to shaping the kind of policing provided in recipient nations Why do some countries engage in these activities Why has policing become a preferred form of foreign policy engagement in some countries What forms of policing development are provided How are they delivered And how are they received How should these kinds of assistance and or interventions be conducted in future In this regard is there a non negotiable core of good policing that needs to be developed and nurtured as an integral part of all defensible transnational policing engagements These are some of the questions raised by the contributions to this book The book arises primarily from papers presented at a workshop held in Onati Spain in July 2004 on the emergence of a global constabulary ethic The book has also been supplemented by two solicited chapters

The Criminology of War Ruth Jamieson, 2017-07-05 The essays selected for this volume provide an overview of the range of issues confronting scholars interested in the complex and multiple relationships between war and criminality and map the many connections between war security governmentality punishment gender and crime The collection draws on the recent theoretical advances made by both criminologists and scholars from cognate disciplines such as law politics anthropology and gender studies in order to open out criminological thinking about what war is how it is related to crime and how these war crime relationships reach into peace The volume features contributions from key thinkers in the field and serves as a valuable resource for academics and students with an interest in the criminology of war The essays selected for this volume provide an overview of the range of issues confronting scholars interested in the complex and multiple relationships between war and criminality and map the many connections between war security governmentality punishment gender and crime The collection draws on the recent theoretical advances made by both criminologists and scholars from cognate disciplines such as law politics anthropology and gender studies in order to open out criminological thinking about what war is how it is related to crime and how these war crime relationships reach into peace The volume features contributions from key thinkers in the field and serves as a valuable resource for academics and students with an interest in the criminology of war
