Seeing Angels True Contemporary Accounts Of Hundreds Of Angelic Experiences:

Seeing Angels - True Contemporary Accounts of Hundreds of Angelic Experiences Emma Heathcote James, 2009
Collected here are more than 50 fascinating case histories of individuals who have claimed to encountered or been saved by a heavenly being According to Time magazine 69% of American people believe in angels and 46% feel they have a guardian angel In fact people the world over have claimed to have experienced visions of angels These people are not crazy new age loonies but ordinary individuals from all walks of life from professionals to prisoners to children *Seeing Angels - True Contemporary Accounts of Hundreds of Angelic Experiences* Emma Heathcote James, 2009-05-04 Emma Heathcote James has analysed over 800 such accounts for her PhD into Contemporary Experiences of Angels Hundreds of people have claimed to have experienced visions of angels These people are not crazy new aged loonies but ordinary people from all walks of life from professionals to prisoners to children This absorbing book the product of painstaking research gets to grips with the issues surrounding these strange manifestations What do they mean How do we know that we ve seen one When are they seen The weight of the evidence may well lead you to adjust the way you have previously considered the supernatural

Encountering Mystery Dale C. Allison, 2022-07-26 Despite widespread skepticism on the matter a significant number of people today have stories of religious experience moments of inexplicable terror or rapturous joy visions near death experiences of the afterlife encounters with angels heavenly voices and premonitions How should rationally minded people respond What would your reaction be if someone told you that one night while sitting alone she saw through the window a brilliant light descend from the sky until it was so large that it filled the room and that it radiated a feeling of pure love And what would you say if a friend confided that one night he woke up and could not move felt he was being suffocated and sensed an evil spirit in the room By default in the secular age we are skeptical about anything mysterious or supernatural More likely than not most people would respond to the stories above with embarrassment and concern about the person s grasp of reality or they would attempt to explain them away through rational or scientific means But the truth is that religious experiences like these are not as uncommon as they seem although talking about such experiences often is This is the case even in a faith tradition such as Christianity despite the Bible s numerous accounts of miraculous and mysterious happenings In *Encountering Mystery* noted biblical scholar Dale Allison makes the argument that stories of religious experience are meaningful and not to be marginalized and that we have a moral prerogative to lovingly engage with such stories regardless of whether we have had similar experiences Through a close look at phenomena such as moments of inexplicable terror or rapturous joy visions near death experiences of the afterlife encounters with angels heavenly voices and premonitions Allison shows how ordinary practices of faith need not be at odds with individual religious experiences Above all he enjoins us to be honest about the persistence of religious experience in a secular age and to make space for those who encounter mystery in their lives **Intuitive Knowing as Spiritual Experience** Phillip H. Wiebe, 2015-09-16

This book is Wiebe's defense of the claim that a significant form of spiritual experience is found in knowing something we have no right to know. He selects forty-five first-hand accounts from a data base at the University of Wales to make his case and in solidarity with those people recounts something of his own experience. **Gifts from Angels** Chrissie

Astell, 2012-01-01 Angels are everywhere ready to help in times of need. We just have to open ourselves to their healing energies and this uplifting collection shows how. Drawing on leading expert Chrissie Astell's personal experiences of angelic intervention along with moving accounts from her readers, course participants and workshop attendees, *Gifts from Angels* tells stories of children protected, accidents avoided and other life-changing miracles. Astell also provides practical

visualizations and meditations along with guidance on guardian angels, archangels and the life to come. **Spiritual Encounters with Unusual Light Phenomena** Mark Fox, 2013-06-15 This book is a study of unusual light phenomena based on almost 400 unpublished accounts of modern-day encounters with strange lights collected over a period of thirty years held at the University of Wales Lampeter. It is an original and perennially topical book that goes beyond existing studies of unusual light phenomena such as lights encountered during angelic experiences, near-death experiences, after-death communications in a number of ways. It shows, for example, that experiences of unusual spiritual, religious and paranormal lights are cross-cultural, trans-historical and are reported widely in the present day but not necessarily experienced when near to death. It also demonstrates that these experiences share to a remarkable degree a common core, showing by drawing on a large number of vivid unpublished and dramatic testimonies that unusual lights typically manifest at times of crisis and are overwhelmingly benign and loving, producing turning points in the lives of experiencers and typically setting them in new spiritual and creative directions. **Jesus' Resurrection and Apparitions** Jake O'Connell, 2016-11-03 Did Jesus rise

physically from the dead or did he rise as a real non-bodily apparition like those reported in the parapsychological literature? In this book, which is the first book-length examination of the question in over fifty years, Jake O'Connell argues in favor of the physical resurrection hypothesis. In order to do so, he employs Bayes' Theorem, a mathematical theorem which encapsulates the way humans think when they analyze the probability of a hypothesis. In addition, he provides a thorough overview of the evidence for the reality of apparitions of the dead. *The Truth about Angels* Theresa Cheung, 2021-03-04 The Truth about
