Seeing Christ In The Tabernacle:

Seeing Christ in the Tabernacle Ervin N. Hershberger, 2007-01-01 The Mosaic tabernacle is God's masterpiece of types pointing to Christ. As reader tour this amazing construction with Hershberger they will be delighted to see figures of Christ where they least expected to find them. The smallest details are given significance in this great symbolic foreshadowing of Christ and His Church. This 100 page volume will not be read once and laid aside. Teachers will return to it every time they present the tabernacle. Readers will pick it up again and again to contemplate the mysteries of their salvation. **Seeing Christ in the Tabernacle** Ervin Hershberger, 1995 **Seeing Christ in the Old Testament (part 1)** Stephen Kaung, 2012-01-23 The word of God is living and operative. Hebrews 4:12a It is living and not just letter because it gives life. The Scriptures are operative because they contain not only theological ideas to be pondered but also spiritual realities to be experienced. For every scripture is divinely inspired, God-breathed and profitable for teaching, for conviction, for correction, for instruction in righteousness, that the man of God may be complete, fully fitted to every good work. II Timothy 3:16-17 Ye search the scriptures, said the Lord Jesus Christ, for ye think that in them ye have life eternal, and they it is which bear witness concerning me, and ye will not come to me that ye might have life. John 5:39-40 It behooves us therefore to diligently read the Bible and meditate on it. To encourage God's people to study God's word, brother Stephen Kaung delivered a series of messages on the sixty-six books of the Bible. Commencing in 1983, each Lord's day the survey of one book was shared from the New Testament, and a similar sharing from the Old Testament commenced in 1986. Each message is merely a panoramic view of each book of the Bible, a tasting of the sweetness of God's word. The aim is to provide the saints with some basic understanding in their search of God's word. These being spoken messages, no acknowledgement of the names of the many commentaries consulted is indicated. This survey of the Holy Bible will be published as Volume I and Volume II under the overall title of *God Has Spoken*, with Volume I bearing the subtitle *Seeing Christ in the Old Testament* and consisting of two physical volumes: Part One, Genesis to Song of Songs, and Part Two, Isaiah to Malachi. Volume II bearing the subtitle *Seeing Christ in the New Testament*. May God use these volumes to increase our love for His word. **Shadows of the Cross** Mark McWhorter, 2018 Back This detailed study examines the various items comprising and connected with the Tabernacle, showing how they prefigure the church of Christ, the plan of salvation, the unity of the body, the role of Jesus Christ as both High Priest and sacrifice, and so much more. *Seeing Christ in the Old Testament (part 2)* Stephen Kaung, 2009-09-26 The word of God is living and operative. Hebrews 4:12a It is living and not just letter because it gives life. The Scriptures are operative because they contain not only theological ideas to be pondered but also spiritual realities to be experienced. For every scripture is divinely inspired, God-breathed and profitable for teaching, for conviction, for correction, for instruction in righteousness, that the man of God may be complete, fully fitted to every good work. method of writing combined with a bible commentary content of writing Thus this non fiction novel comes with conversation along with biblical interpretation explanation and referencing Herein lies the unique nature of this book It very much reads like a novel informal and engaging in that sense At the same time it fills the reader with the fruit of a detailed Bible commentary This unique non fiction novel then is both enjoyable and enlightening to read So let us walk together as we listen in on conversations on the road to Emmaus **Enjoyment of Christ** Witness Lee,1995-10 *The Pauline Writings* Stanley E. Porter,Craig A. Evans,2015-01-29 This volume collects the best articles on the Pauline writings from the first fifty issues of the Journal for the Study of the New Testament The range of the volume reflects the breadth of the journal itself Here the reader will find ground breaking studies which introduce new critical questions and move into fresh areas of enquiry surveys of the state of play in this particular topic of New Testament studies and articles which engage with each other in specific debates For students this book offers an invaluable critical introduction to Pauline studies More advanced students and scholars can use it to find background material or to gain an overview of the research in this area of scholarship This builds on the reputation of JSNT as a conduit for first class research and a major influence within the scholarly community
