Seek The Welfare Of The City Christians As Benefactors And Citizens:

Seek the Welfare of the City Bruce W. Winter, 1994 This is a print on demand book and is therefore non returnable The first Christians were members of households possibly associations and certainly cities in the first century Graeco Roman world before they embraced the preaching of the gospel This new six volume series which gathers contributors who are specialists in the intersection of the New Testament with the Graeco Roman world seeks for the first time to describe systematically the challenges difficulties and necessary adjustments involved in being a Christian to Graeco Roman society in the various spheres of life In this first volume *Seek the Welfare of the City* Bruce W Winter maps out the role of obligations of Christians as benefactors and citizens in their society Winter s scholarly insight is enhanced through the selective use of important ancient literary and nonliterary sources Contrary to the popular perception that early Christians withdrew from society and sought to maintain a low profile this outstanding study explores the complexities of the positive commitments made by Christians in Gentile regions of the Roman Empire *Seeking the Welfare of the City* Naomi Noguchi

Reese, 2025-01-27 In the history of public theology the Holy Spirit s role in creation has been underexplored If the Holy Spirit is the agent of transformation in creation why have so many theologians neglected the Spirit s activity in the context of public theology One of the causes of such neglect derives from a long held belief in dualism or its assumption As a result generally speaking theologians have neglected the eschatological aspect of the Spirit s work over creation and instead have devoted much of their attention to the immanent spiritual aspect of the Spirit s work Hence a theology is needed that recaptures the eschatological aspect of the Spirit s work over creation and Colin E Gunton s pneumatology that is trinitarianly formulated and eschatologically conceived brings a fresh approach to public theology and moves us toward a full bodied holistic and trinitarian public theology that takes into account the triune God This study attempts to draw upon the resources uncovered in Gunton s pneumatology to outline applications for Christian engagement of the public square for the twenty first century The book concludes with criteria for discerning the Spirit s work in the public square to give us practical ways to see how the Spirit may be working in the public square for transformation *Seek the Welfare of the City* Bruce W. Winter, 1994 In this

book Bruce W Winter maps out the role and obligations of Christians as benefactors and citizens in their society Winter s scholarly insight is enhanced through the selective use of important ancient literary and nonliterary sources Contrary to the popular perception that early Christians withdrew from society and sought to maintain a low profile this outstanding study explores the complexities of the positive commitments made by Christians in Gentile regions of the Roman empire **To**

Live in Peace Mark R. Gornik, 2002-09-17 Building on both the perspective of God s new creation and the view from the neighborhood *To Live in Peace* shows how the life of the church the strategies of community development and the practices of peacemaking can make a transformational difference **Good Works in 1 Peter** Travis B. Williams, 2014-10-08 Drawing on recent insights from postcolonial theory and social psychology Travis B Williams seeks to diagnose the social strategy of

good works in 1 Peter by examining how the persistent admonition to do good is intended to be an appropriate response to social conflict Challenging the modern consensus which interprets the epistle's good works language as an attempt to accommodate Greco Roman society and thereby to lessen social hostility the author demonstrates that the exhortation to do good envisages a pattern of conduct which stands opposed to popular values The Petrine author appropriates terminology that was commonly associated with wealth and social privilege and reinscribes it with a new meaning in order to provide his marginalized readers with an alternative vision of reality one in which the honor and approval so valued in society is finally available to them The good works theme thus articulates a competing discourse which challenges dominant social structures and the hegemonic ideology which underlies them

Scripture and Traditions Patrick Gray, Gail R. O'Day, 2008 This volume contains twenty two essays in honor of Carl R Holladay whose work on the interaction between early Christianity and Hellenistic Judaism has had a considerable impact on the study of the New Testament The essays are grouped into three sections Hellenistic Judaism the New Testament in Context and the History of Interpretation Among the contributions are essays dealing with conversion in Greek speaking Judaism and Christianity 3 Maccabees as a narrative satire retribution theology in Luke Acts church discipline in Matthew the Exodus and comparative chronology in Jewish and patristic writings corporal punishment in ancient Israel and early Christianity and Die Judenfrage and the construction of ancient Judaism

Becoming Christian David G. Horrell, 2013-07-04 The first letter of Peter remains a relatively neglected corner of the New Testament the number of monographs devoted to it is tiny compared with those on the Gospels and Pauline letters Yet it is a text so this book argues that offers much insight into crucial processes in the development of Christian identity In particular 1 Peter illustrates with particular clarity the complex ways in which Christian identity was forged from Jewish traditions and negotiated in the generally hostile Roman empire As such studies of this particular letter illuminate central themes in the making of Christianity in the earliest centuries Becoming Christian is a collection of essays that treat various facets of the first letter of Peter in its social and historical setting in some cases using new social scientific and postcolonial methods to shed light on the ways in which the letter contributes to the making of Christian identity At the heart of the book are chapters 5-7 which examine the contribution of 1 Peter to the construction of Christian identity the persecution and suffering of Christians in Asia Minor the significance of the name Christian and the response of the letter to the hostility encountered by Christians in society There are no recent books which bring together such a wealth of information and analysis of this crucial early Christian text Becoming Christian has developed out of Horrell's ongoing research for the International Critical Commentary on 1 Peter Together these essays will offer a series of significant and original engagements with this letter and a resource for studies of 1 Peter for some time to come

Resident Aliens Stanley Hauerwas, Bishop William H. Willimon, 2014-04-15 Only when the Church enacts its scandalous Jesus centered tradition will it truly be the Body of Christ and transform the world Twenty five years after its first publishing Resident Aliens remains a

prophetic vision of how the Church can regain its vitality battle its malaise reclaim its capacity to nourish souls and stand firmly against the illusions pretensions and eroding values of today s world Resident Aliens discusses the nature of the church and its relationship to surrounding culture It argues that churches should focus on developing Christian life and community rather than attempting to reform secular culture Hauerwas and Willimon reject the idea that America is a Christian nation instead Christians should see themselves as residents aliens in a foreign land Stanley Hauerwas and William H Willimon maintain that instead of attempting to transform government the role of Christians is to live lives which model the love of Christ Rather than trying to convince others to change their ethics Christians should model a new set of ethics which are grounded in the life death and resurrection of Christ *All Things to All Cultures* Mark Harding,Alanna Nobbs,2013-11-28 *All Things to All Cultures* sets Paul in his first century context and illuminates his interactions with Jews Greeks and Romans as he spread the gospel in the Mediterranean world In addition to exploring Paul s context and analyzing his letters the book has chapters on the chronology of Paul s life the text of the Pauline letters the scholarly contributions to our understanding of Paul over the last 150 years and the theology of the Pauline corpus There is no comparable introduction to Paul that integrates the Jewish Greek and Roman influences on him and the letters that make up a substantial portion of the New Testament Contributors Mike Bird Cavan Concannon David Eastman Chris Forbes Mark Harding Tim Harris Jim Harrison Paul McKechnie Brent Nongbri Ian Smith Murray Smith Larry Welborn *Christian Identity in Corinth* V.
