Seeking God The Way Of St Benedict:

Seeking God Esther De Waal, 2014-06-27 A new edition of this contemporary spiritual classic in which the ancient and gentle wisdom of the Rule of St Benedict is explored in relation to the demands of modern living and the importance of balance between prayer work and study A Life-giving Way Esther De Waal, 1995 De Waal's commentary brings the 6th century Rule of Benedict into my 21st century life and home revealing how relevantly Benedict's wisdom speaks to our modern age Another recently published book a modern commentary on the Rule written for parents is titled THE FAMILY CLOISTER BENEDICTINE WISDOM FOR THE HOME by David Robinson New York NY Crossroad 2000 Water from a Deep Well Gerald L. Sittser, 2010-05-21 Gerald L Sittser carves out a new discipline that blends spirituality and Christian history spiritual history He overviews Christian history through the lens of spirituality looking at what we can learn about the spiritual life from various figures and eras **St. Benedict's Toolbox** Jane Tomaine, 2015-07-10 In the sixth century when the Roman Empire was breaking apart and politics cultural life and even the Church were in disarray tumultuous times not unlike our own Benedict of Nursia designed what he termed a little rule that showed his monks the way to peace as they learned to prefer Christ above all things The Rule of Benedict offers timeless and practical tools for living this Christ centered life today Revised and expanded 10th anniversary edition Practical down to earth writing style explains the content of the Rule of St Benedict and how to use the practices in daily life Contains historical background to the Rule and a new chapter on relationships and community Includes guide for group use **An Analysis of St. Benedict's The Rule of St. Benedict** Benjamin Laird, 2017-07-05 The Rule of St Benedict written around 1500 years ago by the Italian monk St Benedict of Nursia is a slim handbook for monastic life a subject many modern readers would regard as relatively niche It is however also a model of the organized and clearly expressed thought produced by good reasoning skills a mainstay of critical thinking Reasoning is all about making a good case for something through logical arguments neatly and systematically organised In Benedict's case his main concern was to lay out a set of rules and practices that would allow monasteries to run as well organised communities Communal living presented huge challenges and yet it was also Benedict believed the best way for monks to sustain themselves their religion and the learning and teaching that went with it His Rule laid out concise but detailed chapters on the best way to achieve this including provisions for all areas of personal and communal discipline right down to how tasks might be allotted to individual monks Providing a complete roadmap for successfully running a community the concise brilliance of The Rule has even been suggested by some business professors as useful model for running small businesses today **Finding the Monk Within** Edward C. Sellner, 2008 Finding the Monk Within is written with the conviction that lying deep within every person and underlying much of contemporary western and eastern cultures is an ancient memory a vital archetypal energy related to monasticism and its spirituality This book recovers that monastic memory the living presence of the past for those who desire to name and incorporate monastic values values of solitude and

silence faith and compassion friendship and mentoring contemplation and leadership itself The author examines the social and religious dimensions in the fourth century that gave rise to monasticism then looks at Christian leaders from late antiquity to the medieval period associated with monasticism in both East and West who have much to teach about monastic values and their relevance for today among them Antony the first monk Augustine and Jerome John Cassian Brigit of Kildare and early Celtic monasticism Gregory the Great Benedict and Scholastica and finally Bernard of Clairvaux By studying the history of monasticism and its great heroes we come to realize that for the Christian much of what we call monastic is purely and simply what being a follower of Christ is all about and that being a monk whether inside monastic enclosures or outside in the world is simply becoming the sort of person everyone ought to be a person who unites action and contemplation in the care of souls writes the author By becoming familiar with the stories and thought of these inspirational figures readers will be inspired to incorporate monastic perspectives and values into their own lives The Divine Embrace (Ancient-Future) Robert E. Webber, 2006-10-01 One of the most popular current views on spirituality is that there are varied paths to God In this new Ancient Future series book Bob Webber evaluates this common misunderstanding of spirituality as separated from God's story extremely self focused and shaped by our surrounding culture This challenging work offers a corrective calling us to an alternative Christian spirituality one that reveals two sides that of God's divine embrace of us and our passionate response The Divine Embrace is a fresh grounded look at true spirituality that will be embraced by pastors thinking Christians and anyone looking for an engaging and thorough treatment of this topic The Bloomsbury Guide to Christian Spirituality Peter Tyler, Richard Woods, 2012-08-30 A scholarly yet accessible introduction to Christian Spirituality What is Christian Spirituality How does it relate to non Christian traditions Where does it arise from and where is it going These are some of the key questions addressed in this innovative new guide from Bloomsbury The Bloomsbury Guide to Christian Spirituality is written by foremost academics in their fields who distill their knowledge for a wide intelligent audience They do this with huge skill and attention to the needs of modern readers Appealing equally to those studying the tradition for religious formation or those wishing to acquaint themselves with this fascinating subject this guide is destined to become an essential text in the field **Encyclopedia of Monasticism** William M. Johnston, 2013-12-04 The two volume Encyclopedia of Monasticism describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e g art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture **Path of**

the Purified Heart Laura Dunham, 2012-02-01 Path of the Purified Heart traces the classic Christian spiritual journey toward transformation into the likeness of Christ in a unique fascinating way Drawing on the voices of wise elders from the past and present Dunham illumines the common path all Christians and spiritual seekers may take toward union with God Through the motifs of the liturgical year and the labyrinth the author weaves in her own journey on this path during her year of purification
