Select Works Of Edmund Burke A New Imprint Of The Payne Edition Paperback:

Select Works of Edmund Burke: Letters on a regicide peace Edmund Burke,1999 *Select Works of Edmund Burke: Thoughts on the present discontents. The two speeches on America* Edmund Burke,1999 **Miscellaneous Writings** Edmund Burke,Francis Canavan,Edward John Payne,1999-01-01 In this companion volume to *Select Works of Edmund Burke* Canavan has collected seven of Burke s major contributions to English political thinking on representation in Parliament on economics on the political oppression of the peoples of India and Ireland and on the enslavement of African blacks The volume concludes with a select bibliography on Edmund Burke *Select Works of Edmund Burke Volume I Select Works of Edmund Burke Volume II Select Works of Edmund Burke Volume III* *Select Works of Edmund Burke: Letters on a regicide peace* Edmund Burke,1874 **The Optimist's Telescope** Bina Venkataraman,2020-08-25 Named a Best Book of 2019 by NPR How might we mitigate losses caused by shortsightedness Bina Venkataraman a former climate adviser to the Obama administration brings a storyteller s eye to this question She is also deeply informed about the relevant science The New York Times Book Review A trailblazing exploration of how we can plan better for the future our own our families and our society s Instant gratification is the norm today in our lives our culture our economy and our politics Many of us have forgotten if we ever learned how to make smart decisions for the long run Whether it comes to our finances our health our communities or our planet it s easy to avoid thinking ahead The consequences of this immediacy are stark Deadly outbreaks spread because leaders failed to act on early warning signs Companies that fail to invest stagnate and fall behind Hurricanes and wildfires turn deadly for communities that could have taken more precaution Today more than ever all of us need to know how we can make better long term decisions in our lives businesses and society Bina Venkataraman sees the way forward A journalist and former adviser in the Obama White House she helped communities and businesses prepare for climate change and she learned firsthand why people don t think ahead and what can be done to change that In *The Optimist s Telescope* she draws from stories she has reported around the world and new research in biology psychology and economics to explain how we can make decisions that benefit us over time With examples from ancient Pompeii to modern day Fukushima she dispels the myth that human nature is impossibly reckless and highlights the surprising practices each of us can adopt in our own lives and the ones we must fight for as a society The result is a book brimming with the ideas and insights all of us need in order to forge a better future Individualism and Inequality Ralph Fevre,2016-08-26 A belief in individual self determination powered the development of universal human rights and inspired social movements from anti slavery to socialism and feminism At the same time every attempt to embed individualism in systems of education and employment has eventually led to increased social inequality Across the globe individualism has been transformed from a revolutionary force into an explanation for increasingly unequal societies where dissent is largely silent This book explores the possibility of rediscovering the original transformative potential of individualism **The Kaiser and the Colonies**

Matthew P. Fitzpatrick, 2022 Many view Kaiser Wilhelm II as having personally ruled Germany dominating its politics and choreographing its leap to global power but *The Kaiser and the Colonies* shows that he played a surprisingly muted role in the German Empire in contrast to the lively varied innovative responses to German imperialism from monarchs around the world

The Doctrine of State and the Principles of State Law Friedrich Julius Stahl, 2025-09-03 Suppose that Wilhelm I had never become King of Prussia and instead his brother Friedrich Wilhelm IV who was only 1 year his senior and had reigned since 1840 had been given the same number of years to live as he had For Wilhelm died in 1888 In that case the kind of kingship which is outlined in this book would in general if not in every detail continue to have been implemented in Prussia Events would most likely have continued to proceed along the lines they did in the 1850s Military expansion would not have been pursued in the teeth of opposition from the estates Otto von Bismarck would not have been installed as Chancellor Prussia would have maintained the peace seeking approach of its foreign policy as was exemplified in its neutral stance during the Crimean War Germany would not have been unified over the backs of Austria and France and by military annexation of the autonomous German territories the seeds would not have been sown for two world wars and a great depression How differently would history have turned out There would have been the example of a Christian monarchy pursuing the glory of God and not Realpolitik there would have been the rule of law based on the Word of God rather than the word of man there would have been maintained a system of representation which sustained the monarchy rather than the monied interest Above all a halt would have been called to the progression of unbelief and revolution But it was not to be Friedrich Wilhelm IV suffering from a series of strokes beginning in 1857 died in 1861 The author of this book Friedrich Julius Stahl died in the same year With them went the only hope for a peaceful Germany and a de revolutionized Europe In 1867 the Dutch statesman Guillaume Groen van Prinsterer asked the rhetorical question If King Frederick William IV were still alive would M von Bismarck have had the chance to carry out his vast designs L *Empire Prussien et l Apocalypse* p 56 His answer based on extensive citations from Stahl s writings was a resounding No Modern historiography knows nothing of this All it knows is that Friedrich Wilhelm IV lived in a romanticized past and refused to recognize the progress taking place all around him He was the reactionary monarch who stifled Prussia s advance into liberal modernity But we need to ask the question to what exactly did that progress actually lead Perhaps the King of Prussia and Stahl with him knew something that modern historians do not This second edition of *The Doctrine of State and the Principles of State Law* has been thoroughly reworked while also being supplemented with newly translated material

Happiness and Utility Georgios Varouxakis, Mark Philp, 2019-07-29 Happiness and Utility brings together experts on utilitarianism to explore the concept of happiness within the utilitarian tradition situating it in earlier eighteenth century thinkers and working through some of its developments at the end of the nineteenth and beginning of the twentieth centuries Drawing on a range of philosophical and historical approaches to the study of the central idea of utilitarianism the chapters provide a rich set of insights into a founding

component of ethics and modern political and economic thought as well as political and economic practice In doing so the chapters examine the multiple dimensions of utilitarianism and the contested interpretations of this standard for judgement in morality and public policy

Memory, Historic Injustice, and Responsibility W. James Booth, 2019-11-05 What is it to do justice to the absent victims of past injustice given the distance that separates us from them Grounded in political theory and guided by the literature on historical justice W James Booth restores the dead to their central place at the heart of our understanding of why and how to deal with past injustice Testimonies and accounts from the race war in the United States the Holocaust post apartheid South Africa Argentina s Dirty War and the conflict in Northern Ireland help advance and defend Booth s claim that caring for the dead is a central part of addressing past injustice Memory Historic Injustice and Responsibility is an insightful and original book on the relationship of past and present in thinking about what it means to do justice A valuable addition to the currently available literature on historical justice the volume will be of great interest to students and scholars of political science philosophy history and law
