Copyright Office, 1973 **Bare Poles** Harold Strub, 1996-04-15 Designing successfully for people in the world's coldest climates demands a broad understanding of site conditions and their unique social context Until now such knowledge often lay unarticulated in the minds of a few experienced practitioners or in the disappearing traditions of aboriginal peoples **Canada in the Soviet Mirror** J.L. Black, 1998-04-15 This is an original thoroughly researched account of the image of Canada in Soviet writings political journalistic and academic over the entire course of Soviet history A study of the role of ideology in Soviet foreign affairs the book traces the influence of an adjusting Marxist Leninist lens on policy formulated by the Kremlin and also explicitly on a public discourse rigidly controlled by government This public image has been collated with private opinion documented in recently opened Russian archives Canada clearly served a larger purpose in Soviet foreign policy than was previously assumed Uniquely Canadian issues and participants helped shape Soviet policy sometimes in very strange ways Both story and reference text *Canada in the Soviet Mirror* will interest readers in Soviet and Canadian studies journalism and popular culture *Agitating Images* Craig Campbell, 2014-09-01 Following the socialist revolution a colossal shift in everyday realities began in the 1920s and 30s in the former Russian empire Faced with the Siberian North a vast territory considered culturally and technologically backward by the revolutionary government the Soviets confidently undertook the project of reshaping the ordinary lives of the indigenous peoples in order to fold them into the Soviet state In *Agitating Images* Craig Campbell draws a rich and unsettling cultural portrait of the encounter between indigenous Siberians and Russian communists and reveals how photographs from this period complicate our understanding of this history *Agitating Images* provides a glimpse into the first moments of cultural engineering in remote areas of Soviet Siberia The territories were perceived by outsiders to be on the margins of civilization replete with shamanic rituals and inhabited by exiles criminals and primitive indigenous peoples The Soviets hoped to permanently transform the mythologized landscape by establishing socialist utopian developments designed to incorporate minority cultures into the communist state This book delves deep into photographic archives from these Soviet programs but rather than using the photographs to complement an official history Campbell presents them as anti illustrations or intrusions that confound simple narratives of Soviet bureaucracy and power Meant to agitate these images offer critiques that cannot be explained in text alone and in turn put into question the nature of photographs as historical artifacts An innovative approach to challenging historical interpretation *Agitating Images*

demonstrates how photographs go against accepted premises of Soviet Siberia All photographs Campbell argues communicate in unique ways that present new and even contrary possibilities to the text they illustrate Ultimately *Agitating Images* dissects our very understanding of the production of historical knowledge **Toronto Trailblazers** Ruth Panofsky, 2019-09-12 The first ever study of women in Canadian publishing *Toronto Trailblazers* delves into the cultural influence of seven key women who despite pervasive gender bias helped advance a modern literary culture for Canada Publisher Irene Clarke scholarly editors Eleanor Harman and Frances Halpenny trade editors Sybil Hutchinson Claire Pratt and Anna Porter and literary agent Bella Pomer made the most of their vocational prospects first by securing their respective positions and then by refining their professional methods Individually each woman asserted her agency by adapting orthodox ways of working within Canadian publishing Collectively and perhaps more importantly their overarching approach emerged more broadly as a feminist practice Guided by the resolve to make industry wide improvements these women disrupted the dominant masculine paradigm and reinvigorated the culture of publishing and authorship in Canada Through their vision and method these trailblazing women became agents of change who helped transform publishing practice *Siberian Odyssey* Frederick Kempe, 1992 From the Berlin Bureau Chief of The Wall Street Journal author of *Divorcing the Dictator* comes a dramatic account of an expedition to an almost mythical place the land of Russia's grandest dreams and cruelest nightmares In a place where contradictions arise at every turn Kempe found not only an adventure but an unparalleled window into the Russian soul 8 pages of photographs **USSR Report**, 1979 *In Review*, 1979 *In Other Words* Anna Porter, 2018-09-25 *In Other Words* is a lively charming gossip memoir of life in the publishing trenches and how one restlessly curious young woman sparked a creative awakening in a new country she chose to call home We need our own dreams Anna Porter When Anna Porter arrived in Canada in early 1968 with one battered suitcase little money and a head full of dreams she had no idea that this country would become her home for the rest of her life or that she would play a major role in defining what it means to be Canadian And where better to become a Canadian than at the dynamic publishing house McClelland of prima donnas such as Roloff Beny and Harold Town whose excesses threatened to sink the company of exhausted editors dealing with intemperate writers of crazy schemes to interest Canadians in buying books She recalls the thrilling days at the helm of the company she founded in the 1980s when Canada's writers were suddenly front page news As president of Key Porter Books she dodged lawsuits argued with bank managers and fought to sell Canadian authors around the world This intriguing memoir brings to life that time in our history when finally the voices Canadians craved to hear were our own *In Other Words* is a love letter to Canada's authors and creative agitators who against almost impossible odds have sustained and advanced the nation's writing culture Moving effortlessly from the boardrooms of Canada's elite and the halls of power in Ottawa to the threadbare offices of idealistic young publishers and ultimately to her own painful yet ever present past in Hungary Porter offers an unforgettable insider's account of what is gained and lost in a lifetime of championing our
