Nineteenth Century Prose, 2004 **Biographical Dictionary of Literary Influences** John Powell, 2000-10-30 Over the past two decades the process of cultural development and in particular the role of reading has been of growing interest but recent research has been episodic and idiosyncratic In this biographical dictionary research devoted specifically to the reading habits of 19th century individuals who shaped Western culture is brought together for the first time While giving prominent coverage to literary and political figures the volume's 270 entries also include musicians painters educators and explorers Each entry includes brief biographical information a concise summary of literary influences on the subject and clear direction for further research The book provides a practical tool for scholars wishing to trace the reading experience of important Western cultural figures Subjects were selected from the people most responsible for the cultural development of Europe Britain and the British Empire and the Americas between 1800 and 1914 Although selective the sample of 270 figures is substantial enough to suggest broad cross cultural habits and effects enabling scholars to better understand the relationship between reading and culture In an introductory essay Powell explores the patterns and relationships that can be discerned from the entries The first of three anticipated volumes the book is an important step forward in researching the role of reading in cultural development **The Encyclopedia Americana: M-Mexico**, 1961 **British liberal**

Nineteenth Century Hilary Fraser, Daniel Brown, 2017-07-12 Hilary Fraser provides a comprehensive and thorough survey of English prose in the nineteenth century which draws from a wide variety of fields including art literary theory and criticism biography letters journals sermons and travel reportage Through these works the cultural social literary and political life of the twentieth century a period of great intellectual activity can be charted discussed and assessed For the first time an inclusive critical survey of nineteenth century non fiction is presented that traces the century's ideological and cultural upheavals as they are registered in the literary textures of some of its most widely read and influential writings The

book explores the relations between writers who are generally perceived as occupying different discursive spheres for example between John Stuart Mill Florence Nightingale and Mrs Beeton between Cardinal Newman Elizabeth Gaskell and Hannah Cullwick and between Charles Darwin David Livingstone and Henry Mayhew The establishment and development of different genres and their interactions over the century are clearly mapped The genre of the periodical essay a distinctively modern and flexible form catering to the mass readership is the subject of the introduction and then more specialist fields are discussed covering scientific writing travel and exploration literature social reportage biography autobiography journals letters religious and philosophical prose political writing and history *Writing the Victorian Constitution* Ian Ward, 2018-08-21 This book charts the writing of the English constitution through the work of four of the most influential jurists in the history of English constitutional thought Edmund Burke Thomas Babington Macaulay Walter Bagehot and Albert Venn Dicey Stretching from the French Revolution to the death of Queen Victoria their writing is both representative of and formative to the Victorian constitution Ian Ward traces how constitutional writing changed over the course of the long nineteenth century from the poetics of Burke and the romance of Macaulay to the pragmatism of Bagehot and the jurisprudence of Dicey A century on our perception of the English constitution is still shaped by this contested history

Moderate and Radical Liberalism Nathaniel Wolloch, 2022-01-31 This book provides a new reading of one of the most significant chapters in the history of social and political thought the transition from the late Enlightenment to early liberalism In contrast with prevailing interpretations of the emergence of liberalism which emphasize the conservative liberal reaction of the nineteenth century it presents a more optimistic depiction of how formerly radical principles of the Enlightenment were eventually adopted by the mainstream of moderate early liberalism To substantiate this innovative interpretation the book provides a detailed history of late Enlightenment and early liberal social and political thought on both sides of the Atlantic See inside the book The Encyclopedia Americana, 1962 *The Nation*, 1907 **Catalog of Copyright**

Entries. Third Series Library of Congress. Copyright Office, 1969 **Spheres of Liberty** Michael Kammen, 2001 A historical overview of the concept of liberty in American culture and thought Liberal Epic Edward Adams, 2011-08-30 In *Liberal Epic* Edward Adams examines the liberal imagination's centuries long dependence on contradictory and mutually constitutive attitudes toward violent domination Adams centers his ambitious analysis on a series of major epic poems histories and historical novels including Dryden's *Aeneid* Pope's *Iliad* Gibbon's *Decline and Fall of the Roman Empire* Byron's *Don Juan* Scott's *Life of Napoleon* Napier's *History of the War in the Peninsula* Macaulay's *History of England* Hardy's *Dynasts* and Churchill's military histories works that rank among the most important publishing events of the past three centuries yet that have seldom received critical attention relative to their importance In recovering these neglected works and gathering them together as part of a self-conscious literary tradition here defined as liberal epic Adams provides an archaeology that sheds light on contemporary issues such as the relation of liberalism to war the tactics for sanitizing

heroism and the appeal of violence to supposedly humane readers Victorian Literature and Culture Series
