by more detailed ones dealing with specific archives regions and administrative problems The volume thus produced by an international team of leading scholars will be an indispensable up to date tool of research covering a much neglected aspect of pharaonic civilization Bibliographie générale des sciences juridiques, politiques, économiques et sociales de 1800 à 1925-1926 A. Grandin,1928 **Regional Identity and Economic Change** Tom Scott,1997 The current debate about the best methods of European organization central or regional is influenced by an awareness of regional identity which offers an alternative to the rigidities of organization by nation state Yet where does the sense of regionalism come from What are the distinctive factors that transform a geographical area into a particular region Tom Scott addresses these questions in this study of one apparently natural region the Upper Rhine between 1450 and 1600 This region has been divided between three countries and so historically marginalized yet Dr Scott is able to trace the existence of a sense of historical regional identity cutting across national frontiers founded on common economic interests But that identity was always contingent and precarious neither natural nor immutable , **Regional Conference on building a future for sustainable small-scale fisheries in the Mediterranean and the Black Sea** Food and Agriculture Organization of the United Nations,2018-10-31 According to the report the conference focused on the main challenges for the sustainable development of small scale fisheries including promoting political commitment and tailored strategies raising awareness and sharing knowledge Bibliographie generale des sciences juridiques politiques, economiques et sociales de 1800 a 1925-1926 A.
