Lost Between the Cracks ,1996-03 **Books in Print** ,1994 **Subject Guide to Books in Print** ,1991 **The Poems of Lincoln Kirstein** Lincoln Kirstein,1987 *The Cracks That Held* B.H. Newton,2024-08-14 July 1976 Instead of celebrating a bicentennial the former United States is on the verge of reuniting 100 years after a protracted Civil War that neither side seemed able nor willing to win Along the heavily patrolled border between The Northern and The Southern citizens of both sides are lined up waiting for the wall to fall so they can move freely and seek a new life within one nation A nation now stripped of its shared identity technology and culture bereft of soul But can a fledgling government succeed in bringing it all back together or will the shadowy forces of dissention reclaim the cracks that held B H Newton s **THE CRACKS THAT HELD IN THE LAST STALL OF BENNY S BORDER PETROL** is a thought provoking mystical epic set in an alternate past *Bulletin of the Atomic Scientists* ,1972-10 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world **Reading London in Wartime** William Cederwell,2017-11-06 Reading London in Wartime Blitz the People and Propaganda in 1940s Literature presents an expansive variety of writers and genres including non fiction and film approaches to build a comprehensive social picture of the atmosphere during wartime London From blitz and austerity to the nagging insistency of propaganda this volume examines the representation of London in wartime and early post war literature through each writer s unique perspective on the pressures of 1940s city life Exploring the use of London imagery this book considers how literature redirects attention to individual subjective experience at a time of enforced co operation uniformity and community Unlike government information films and news broadcasts which often used London to prop up prevailing clich s and stereotypes and encouraged patriotic support for the war literature had the freedom to express more recalcitrant truths London writing of the 1940s was not a literature of opposition or dissent but in offering more nuanced depictions of the period it was a counterweight to propaganda and the general war temperament In writing the city becomes a more complex place no longer the easy symbol of defiance and stoicism of the shared sacrifice of ration book and war work **The Graphic** ,1922 *Border Transgression and Reconfiguration of Caribbean Spaces* Myriam Moïse,Fred Réno,2020-09-28 A dividing line the border is usually perceived in terms of separation and rupture It is a site of tension par excellence at the origin of contestations negotiations and other conflicting patterns of inclusion exclusion This book takes us through an exploration of the border in the Caribbean region both geographically fragmented and strongly tied through its history culture and people This collection of scholarly articles interrogates the border within the specificities of the Caribbean context its socio political dynamics and its literary and artistic representations The transgression of borders and the consequent reconfiguring phenomena are thus applied to the Caribbean and its diasporas through a transdisciplinary approach The book combines a multiplicity of research

fields including Social Sciences Cultural Geography Geopolitics Cultural and Literary Studies hence it offers a global perspective on the topic and transcends disciplinary categories The contents of the book also stretch beyond geographic and linguistic borders as the contributors come from diverse scholarly backgrounds affiliations linguistic areas and research expertise **Gleason's Pictorial** ,1853 A New and Complete Concordance Or Verbal Index to Words, Phrases, &

Passages in the Dramatic Works of Shakespeare with a Supplementary Concordance to the Poems John Bartlett,1889

Gleason's Pictorial Drawing-room Companion ,1852 **Time Out Film Guide** ,2003 **Bulletin of the Atomic Scientists** ,1972-10 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world **Gleason's Pictorial Drawing-room Companion** Maturia Murray Ballou,1852

Postcolonial Overtures Julia C. Obert,2015-10-29 Postcolonial Overtures explores the importance of sound in contemporary Northern Irish writing focusing on the work of three canonical poets Ciaran Carson Derek Mahon and Paul Muldoon Obert argues that these poets respond to what Edward Said calls geographical violence to the stratification of the North s visual spaces to the sectarian symbols splashed across Belfast and beyond by turning from the eye to the ear tentatively remapping place in acoustic space Carson for instance casts Troubles era Belfast as a demolition city its landmarks swallowed in the maw of time and trouble and tries to compensate for this inhospitality by reimagining landscape as soundscape an immersive auditory field This strategy suggests sound s political and affective potential music accent and even comfortingly familiar white noise can help subjects otherwise unmoored feel at home Drawing on a diverse range of fields Obert devotes two chapters to the examination of each poet s work allowing room for both in depth formalist readings and contextual and theoretical understandings of the poems and their reverberating effects **A Complete Concordance Or Verbal Index to Works, Phrases and Passages in the Dramatic Works of Shakespeare** John Bartlett,1894 *The Builder* ,1868 Scientific American ,1891 *Brücke* ,1993
