Lost Toronto:

Lost Toronto Doug Taylor, 2018-03-01 Lost Toronto is the latest in the series from Pavilion Books that traces the cherished places in a city that time progress and fashion swept aside before the National Register of Historic Places could save them from the wrecker's ball As well as celebrating forgotten architectural treasures Lost Toronto looks at buildings that have changed use vanished under a wave of new construction or been drastically transformed Beautiful archival photographs and informative text allows the reader to take a nostalgic journey back in time to visit some of the lost treasures that the city let slip through its grasp Organised chronologically starting with the earliest losses and ending with the latest the book features much loved Toronto institutions that have been consigned to history Losses include King's College Holland House Hotel Hanlan St Patrick's Market The Grand Opera House Metropolitan Methodist Church Old Union Station St Andrew's Market Yonge Street Arcade Sunnyside Beach Amusement Park Shea's Hippodrome S S Cayuga High Park Mineral Baths Tivoli Theatre Riverdale Zoo Odeon Carlton Cyclorama on Front Street Eaton's Santa Claus Parade Colonial Tavern Sam the Record Man The World's Biggest Book Store Statistical Encyclopedia of North American Professional Sports K. Michael Gaschnitz, 2008-09-18 This reference work updated since the 1997 edition provides comprehensive information on the major professional leagues in North America baseball basketball football hockey and soccer Arranged chronologically the entries for each league in each sport include individual statistical leaders championship results major rules changes winners of major awards and hall of fame inductees **The Railway King of Canada** R. B. Fleming, 2007-10-01 During the first two decades of this century Sir William Mackenzie was one of Canada's best known entrepreneurs He Spearheading some of the largest and most technologically advanced projects undertaken in Canada he built a business empire that stretched from Montreal to British Columbia and to Rio de Janeiro and Sao Paulo in Brazil It included gas electric telephone and transit utilities railroads hotels and steamships as well as substantial coal mining whaling and timber interests But when he died in 1923 his estate was virtually bankrupt as a result of the dramatic collapse of his Canadian Northern Railway during the First World War In a business biography intended as much for general readers as for a scholarly audience Fleming offers a revisionist perspective on Mackenzie He dispels the simplistic approach of those historians and journalists who have depicted Mackenzie and his partner Sir Donald Mann as melodramatic crooks who could have stepped out of the pages of Huckleberry Finn **Toronto's Visual Legacy** Steve MacKinnon, Karen Teeple, Michele Dale, 2010-04-30 Twenty five fascinating images that offer a 360 panorama of the Toronto's downtown in 1856 57 mark the beginning of the use of photographs to document Toronto's growth its achievements its great civic works and its citizenry Since 1856 the City of Toronto has been commissioning photographs to document and to promote it This book published to celebrate the 175th anniversary of the city's incorporation brings together more than 100 of these images selected by city archivists from their collection of hundreds of thousands Waterworks roads and bridges many of them familiar landmarks today are seen as they are being built The Bloor

Street Viaduct the R C Harris water filtration plant and the old and new city halls are all celebrated in these images Toronto's citizens are also captured in these photographs going about their affairs on the street as proud workers or as spectators at public events At times in an effort to raise public concern about poverty and poor housing conditions city photographers have documented conditions for residents in low income neighbourhoods Some of these photographs are included here in an impressive series of poignant images In the past fifty years as Toronto has grown into the cosmopolitan metropolis it is now city photographers have recorded the construction of key projects like the Yonge Street subway the new City Hall and the CN Tower while documenting major public events and celebrations This book offers a visual overview of Toronto's history and at the same time documents attitudes and values expressed by City officials from 1857 to the present **The Year of the**

, 1926 [Milton's Italy](#) Catherine Martin, 2016-12-01 This book joins a growing trend toward transnational literary studies and revives a venerable tradition of Anglo-Italian scholarship centering on John Milton Correcting misperceptions that have diminished the international dimensions of his life and work it broadly surveys Milton's Italianate studies travels poetics politics and religious convictions While his debts to Machiavelli and other classical republicans are often noted few contemporary critics have explored the Italian sources of his anti-papal anti-episcopal and anti-formalist religious outlook Relying on Milton's own testimony this book explores its roots in Dante Petrarch Ariosto and that great Venetian enemy of the pope Paolo Sarpi thereby correcting a recent tendency to make native English contexts dominate his development This tendency is partly due to a mistaken belief that Italy was in steep decline during and after Milton's travels of 1638-1639 the period immediately before he produced his prose critiques of the English Church its canon law and its censorship Yet these were also fundamentally Italian issues that he skillfully adapted to meet contemporary English needs a practice enabled by his extraordinarily positive experience of the Italian language cities academies and music the latter of which ultimately influenced Milton's operatic drama Samson Agonistes Besides republicanism and theology radical doctrines of free grace and free will equally strong influences treated here include Italian Neoplatonism cosmology and romance epic By making these

traditions his own Milton became what John Steadman once described as an Italianate Englishman whose classical literary tastes and critical orientation were to a considerable extent molded by Italian critics 1976 a view that is fully credited and updated here

The Trouble with Literature Victoria Ann Kahn, 2020 This book argues that the literature of the English Reformation marks a turning point in Western thinking about literature and literariness Victoria Kahn contrasts modern and early modern understandings of the terms and focuses on the works of Thomas Hobbes John Milton Immanuel Kant Søren Kierkegaard and J M Coetzee

The Rhetoric of Conversion in English Puritan Writing from Perkins to Milton David Parry, 2021-12-30 This rhetorical study of the persuasive practice of English Puritan preachers and writers demonstrates how they appeal to both reason and imagination in order to persuade their hearers and readers towards conversion assurance of salvation and godly living Examining works from a diverse range of preacher writers such as William Perkins Richard Sibbes Richard Baxter and John Bunyan this book maps out continuities and contrasts in the theory and practice of persuasion Tracing the emergence of Puritan allegory as an alternative imaginative mode of rhetoric it sheds new light on the paradoxical question of how allegories such as John Bunyan's *The Pilgrim's Progress* came to be among the most significant contributions of Puritanism to the English literary canon despite the suspicions of allegory and imagination that were endemic in Puritan culture Concluding with reflections on how Milton deploys similar strategies to persuade his readers towards his idiosyncratic brand of godly faith this book makes an original contribution to current scholarly conversations around the textual culture of Puritanism the history of rhetoric and the rhetorical character of theology

Toronto's Poor Bryan D. Palmer, Gaétan Héroux, 2016-11-23 Toronto's Poor reveals the long and too often forgotten history of poor people's resistance It details how people without housing people living in poverty and unemployed people have struggled to survive and secure food and shelter in the wake of the many panics downturns recessions and depressions that punctuate the years from the 1830s to the present Written by a historian of the working class and a poor people's activist this is a rebellious book that links past and present in an almost two hundred year story of struggle and resistance It is about men women and children relegated to lives of desperation by an uncaring system and how they have refused to be defeated In that refusal and in winning better conditions for themselves Toronto's poor create the possibility of a new kind of society one ordered not by acquisition and individual advance but by appreciations of collective rights and responsibilities
