Lost Lands Mythical Kingdoms And Unknown Worlds:

Lost Lands, Mythical Kingdoms, and Unknown Worlds Val Warren, 1979 REFLECTIONS OF A "B"- MOVIE JUNKIE
Jim Driscoll, 2008-12-30 Reflections Of A B Movie Junkie is a tribute to the old B Movies of the Saturday Matinees of yesteryear. Actually it is more of a homage to them or at least 6 genres of those film types that were so prevalent back in primarily the 40s and 50s. Their research and discussion however in some instances dates all the way back to the beginning of the talkies of motion picture content and can extend in the other direction into the early 70s. These 6 genres include the popular B Western, The Comedy Teams, The Jungle Adventures, Sci Fi, Fantasy, Horror, and the Serial or Chapter Plays, so popular with the week end Matinee crowds back then. These film types filled up our Saturday afternoons and evenings with exciting, adventure, curious, wonder, spine tingling, horror, and non stop action. Often filmed on a shoe string budget and in a limited time frame, many of these classics came to be looked upon by many fans as being so truly bad that they were good in a bad sort of way. They are thus categorized, reviewed, and discussed for the most part in a lovingly personal style, especially when compared to the film types we are subjected to in today's market. They had their place in film history and that time is long since gone. But for some of us, they have never been equaled, which for others may indeed be a good thing. **Sport and Film**
Seán Crosson, 2013-07-18 The sports film has become one of commercial cinema's most recognizable genres. From classic boxing films such as *Raging Bull* 1980 to soccer themed box office successes like *Bend It Like Beckham* 2002, the sports film stands at the interface of two of our most important cultural forms. This book examines the social, historical, and ideological significance of representations of sport in film internationally, an essential guide for all students and enthusiasts of sport, film, media, and culture. *Sport and Film* traces the history of the sports film from the beginnings of cinema in the 1890s, its consolidation as a distinct fiction genre in the mid 1920s in Hollywood films such as Harold Lloyd's *The Freshman* 1925 to its contemporary manifestation in Oscar winning films such as *Million Dollar Baby* 2004 and *The Fighter* 2010. Drawing on an extensive range of films as source material, the book explores key issues in the study of sport, film, and wider society, including race, social class, gender, and the legacy of 9/11. It also offers an invaluable guide to reading a film to help students fully engage with their source material. Comprehensive, authoritative, and accessible, this book is an important addition to the literature in both film and media studies, sport studies, and cultural studies more generally. **Atlantis and Other Lost Worlds**
Robert Snedden, 2016-12-15 Many have an enduring fascination for mythical lost realms like Atlantis because they don't believe they're entirely mythical. Documented evidence supports that some ancient stories of lost worlds are grounded in truth. This adventurous volume delves into the most celebrated legendary civilizations and cities, beginning with Atlantis but also including Camelot, El Dorado, and Lemuria. It examines where the lore may have originated, whether rooted in world history or outlandishly fun extraterrestrial theories. Readers can use all the evidence supported by creative images and real life photographs to decide what they believe about each tale. **Lost Worlds**

In 1493, two novice Spanish explorers on their first undertaking received expedition orders: They were to find the rumored City of Gold. They entered a strange and cryptic gigantic cave. The trekkers surprisingly discovered inside a strange manlike creature who was over thousands of years old. Inside the enigmatic cavern, their lives completely changed as they entered a splendid portal with dimensional mystical ecosphere, changing the future of the Spanish empire into New America's exploration *An Unnatural History of Religions* Leonardo Ambasciano, 2018-12-27 *An Unnatural History of Religions* examines the origins, development, and critical issues concerning the history of religion and its relationship with science. The book explores the ideological biases, logical fallacies, and unwarranted beliefs that surround the scientific foundations or lack thereof in the academic discipline of the history of religions, positioning them in today's post-truth culture. Leonardo Ambasciano provides the necessary critical background to evaluate the most important theories and working concepts dedicated to the explanation of the historical developments of religion. He covers the most important topics and paradigm shifts in the field, such as phenomenology, postmodernism, and cognitive science. These are taken into consideration chronologically, each time with case studies on topics such as shamanism, gender biases, ethnocentrism, and biological evolution. Ambasciano argues that the roots of post-truth may be deep in human biases, but that historical justifications change each time, resulting in different combinations. The surprising rise of once fringe beliefs, such as conspiracy theories, pseudoscientific claims, and so-called scientific creationism, demonstrates the alarming influence that post-truth ideas may exert on both politics and society. Recognising them before they spread anew may be the first step towards a scientifically renewed study of religion The Sabbatean Prophets Matt Goldish, 2009-06-30 In the mid-seventeenth century, Shabbatai Zvi, a rabbi from Izmir, claimed to be the Jewish messiah and convinced a great many Jews to believe him. The movement surrounding this messianic pretender was enormous, and Shabbatai's mission seemed to be affirmed by the numerous supporting prophecies of believers. The story of Shabbatai and his prophets has mainly been explored by specialists in Jewish mysticism. Only a few scholars have placed this large-scale movement in its social and historical context. Matt Goldish shifts the focus of Sabbatean studies from the theology of Lurianic Kabbalah to the widespread seventeenth-century

belief in latter day prophecy The intense expectations of the messiah in Christianity Judaism and Islam form the necessary backdrop for understanding the success of Sabbateanism The seventeenth century was a time of deep intellectual and political ferment as Europe moved into the modern era The strains of the Jewish mysticism Christian millenarianism scientific innovation and political transformation all contributed to the development of the Sabbatean movement By placing Sabbateanism in this broad cultural context Goldish integrates this Jewish messianic movement into the early modern world making its story accessible to scholars and students alike Table of Contents Preface Prologue 1 Messianic Prophecy in the Early Modern Context 2 Nathan of Gaza and the Roots of Sabbatean Prophecy 3 From Mystical Vision to Prophetic Explosion 4 Opponents and Observers Respond 5 Prophecy after Shabbatai's Apostasy Notes Index Reviews of this book Goldish looks at the Jewish messianic surge of the 17th century which culminated with the Sabbatean movement and places it in a broader multidimensional context He has produced a well written scholarly addition and modification to the literature Paul Kaplan Library Journal
