The woman in the foreground wears a dark blue gown and holds a large red book. Behind her, two other women are visible, one in a black gown and another in a white headpiece. To the right, another group of women is seated on the floor. One woman wears a bright red gown, and another wears a green gown. They are all dressed in period clothing, including long gowns and various headpieces. The room has a blue and gold patterned wall and a red curtain on the right. The overall style is characteristic of 15th-century French manuscript illumination.

Lost Tapestries Of The City Of Ladies:

The Lost Tapestries of the City of Ladies Susan Groag Bell, 2004-11-29 Like a particularly good detective story this richly textured book follows tantalizing clues in its hunt for a group of missing artistic masterpieces Susan Bell recounts both her long search for a series of sixteenth century tapestries that celebrated women and her efforts to understand their meaning for Queen Elizabeth I of England and the other powerful women who owned them Opening a new window on the lives of noblewomen in the Renaissance the brilliantly colored tapestries that were the ultimate artistic luxury of the day and the popular and influential fourteenth century writer Christine de Pizan Bell pursues a compelling tale that moves from centuries past to today The tapestries around which this story revolves are linked to Christine de Pizan's Book of the City of Ladies 1405 originally published six hundred years ago in 1405 The book is a tribute to women that honors two hundred female warriors scientists queens philosophers and builders of cities Though twenty five manuscripts of the City of Ladies still exist references to tapestries based on the book are elusive Bell takes us along as she tracks down records of six sets of tapestries whose owners included Elizabeth I of England Margaret of Austria and Anne of Brittany Queen of France Bell examines the intriguing details of these women's lives their arranged marriages their power their affairs of state asking what interest they had in owning these particular tapestries Could the tapestries have represented their thinking As she reveals the historical linguistic and cultural aspects of this unique story Bell also gives a fascinating account of medieval and early Renaissance tapestry production and of Christine de Pizan's remarkable life and legacy

Urban Space in the Middle Ages and the Early Modern Age Albrecht Classen, 2009-12-15 Although the city as a central entity did not simply disappear with the Fall of the Roman Empire the development of urban space at least since the twelfth century played a major role in the history of medieval and early modern mentality within a social economic and religious framework Whereas some poets projected urban space as a new utopia others simply reflected the new significance of the urban environment as a stage where their characters operate very successfully As today the premodern city was the locus where different social groups and classes got together sometimes peacefully sometimes in hostile terms The historical development of the relationship between Christians and Jews for instance was deeply determined by the living conditions within a city By the late Middle Ages nobility and bourgeoisie began to intermingle within the urban space which set the stage for dramatic and far reaching changes in the social and economic make up of society Legal historical aspects also find as much consideration as practical questions concerning water supply and sewer systems Moreover the early modern city within the Ottoman and Middle Eastern world likewise finds consideration Finally as some contributors observe the urban space provided considerable opportunities for women to carve out a niche for themselves in economic terms

Republic of Women Carol Pal, 2012-06-07 Republic of Women recaptures a lost chapter in the narrative of intellectual history It tells the story of a transnational network of female scholars who were active members of the seventeenth century republic of letters and demonstrates that this intellectual commonwealth was a much more eclectic and diverse assemblage than has been assumed These seven scholars Anna Maria van Schurman Princess Elisabeth of Bohemia Marie de Gournay Marie du Moulin Dorothy Moore Bathsua Makin and Katherine Jones Lady Ranelagh were philosophers schoolteachers reformers and mathematicians They hailed from England Ireland Germany France and the Netherlands and together with their male colleagues men like

Descartes Huygens Hartlib and Montaigne they represented the spectrum of contemporary approaches to science faith politics and the advancement of learning Carol Pal uses their collective biography to reconfigure the intellectual biography of early modern Europe offering a new expanded analysis of the seventeenth century community of ideas **Arras Hanging** Rebecca Olson,2013-09-26 Textiles have long provided metaphors for storytelling a compelling novel weaves a tapestry and we enjoy hearing someone spin a tale To what extent however should we take these metaphors seriously Arras Hanging The Textile That Determined Early Modern Literature and Drama reveals that in the early modern period when cloth making was ubiquitous and high quality tapestries called arras hangings were the most valuable objects in England such metaphors were literal The arras in particular provided a narrative model for writers such as Edmund Spenser and William Shakespeare who exploited their audience s familiarity with weaving to engage them in highly idiosyncratic and hands on ways Specifically undescribed or blank tapestries in the period s fiction presented audiences with opportunities to see whatever they desired and thus weave themselves into the story Far more than background objects literary and dramatic arras hangings have much to teach us about the intersections between texts and textiles at the dawn of print and more broadly about the status of visual art in post Reformation England Published by University of Delaware Press Distributed worldwide by Rutgers University Press **Well-Behaved Women Seldom Make History** Laurel Thatcher Ulrich,2008-09-23 From admired historian and coiner of one of feminism s most popular slogans Laurel Thatcher Ulrich comes an exploration of what it means for women to make history In 1976 in an obscure scholarly article Ulrich wrote Well behaved women seldom make history Today these words appear on t shirts mugs bumper stickers greeting cards and all sorts of Web sites and blogs Ulrich explains how that happened and what it means by looking back at women of the past who challenged the way history was written She ranges from the fifteenth century writer Christine de Pizan who wrote The Book of the City of Ladies to the twentieth century s Virginia Woolf author of A Room of One s Own Ulrich updates their attempts to reimagine female possibilities and looks at the women who didn t try to make history but did And she concludes by showing how the 1970s activists who created second wave feminism also created a renaissance in the study of history *Virtue, Liberty, and Toleration* Jacqueline Broad,Karen Green,2007-07-23 This volume serves as an introduction to a rich and as yet under explored period in the history of women s ideas The volume provides a partial insight into the richness and complexity of women s political ideas in the centuries prior to the French Revolution The essays in this collection examine women s political writings with particular reference to the themes of virtue especially the virtue of phronesis or prudence liberty and toleration **Killing Hercules** Richard Rowland,2016-12-08 This book offers an entirely new reception history of the myth of Hercules and his wife killer Deianira The book poses and attempts to answer two important and related questions First why have artists across two millennia felt compelled to revisit this particular myth to express anxieties about violence at both a global and domestic level Secondly from the moment that Sophocles disrupted a myth about the definitive exemplar of masculinity and martial prowess and

turned it into a story about domestic abuse through to a 2014 production of Handel's Hercules that was set in the context of the war on terror the reception history of this myth has been one of discontinuity and conflict how and why does each culture reinvent this narrative to address its own concerns and discontents and how does each generation speak to qualify or annihilate the certainties of its predecessors in order to understand contain or exonerate the aggression with which their governors of state and of the household so often enforce their authority and the violence to which their nations and their homes are perennially vulnerable
