Lost World Of Agharti The Mystery Of Vril Power:

The Lost World of Agharti Alec MacLellan, 2011-02-01 One of the world's oldest legends tells of a vast network of underground tunnels and passageways linking the continents to a subterranean kingdom. This utopia is said to be inhabited by an ancient race of people who have lived in seclusion for centuries, hidden from the sight of mankind but aware of everything happening on the surface of the earth. The underground country is called Agharti. Tales of this lost world survive throughout the world, and explorers have searched for it for centuries. It has fascinated figures from the English occultist Lord Bulwer-Lytton, the Russian theosophist Madame Helena Blavatsky, and most surprisingly of all, Adolf Hitler, who based part of his philosophy of world domination on the legend of the subterranean super race. Hitler was attracted to the stories of Vril Power, an amazing force that can control man and nature. He believed that possession of this power would allow his dream of a Thousand Year Reich, and he sent scientists and soldiers in search of this lost world. Alec MacLellan has pieced together the history of the Agharti and tries to discover the tunnels that lead to Agharti. Based on evidence collected all over the world and embracing subjects from the origins of the peoples of America, the occult secrets of Asia, and the lost continent of Atlantis, MacLellan provides the first assessment of what Vril Power actually was.

The Three Ages of Atlantis Diego Marin, Ivan Minella, Erik Schievenin, 2013-11-28 Scientific and anthropological evidence for multiple Atlantean empires and the global catastrophes that destroyed them. Reveals that there was not one but three Atlantises: the first in Antarctica, the second in South America, and the third in the Mediterranean. Examines geological evidence of super floods 15 000, 11 600, and 8 700 years ago. Shows how these flood dates directly parallel the freezing of Antarctica, the migrations of Cro-Magnon men, and the destruction of Atlantis according to Plato. 15 000 years ago, the Earth's axis tilted, shifting the geographic poles. Volcanoes erupted, the icecaps melted, and the seas rose dramatically. Antarctica was enveloped in ice, destroying the high civilization of prehistory Atlantis. But before the survivors could reestablish what they had lost, catastrophe struck again. Twice. Uniting scientific findings with theories on the location of Atlantis, the authors reveal that there was not one but three Atlantises: the first in Antarctica, the second in South America, and the third in the Mediterranean. Examining paleoclimatology data, they show that Antarctica was temperate 15 000 years ago and home to the original Atlantis. They explore geological evidence of three worldwide super floods 15 000, 11 600, and 8 700 years ago and show how these dates directly parallel the freezing of Antarctica, the arrival of Cro-Magnon man in Europe, and the destruction of Atlantis according to Plato. Uncovering the influence of the Atlanteans in Proto-Indo-European languages and in massive ancient monuments aligned with the stars, they show how the civilization founders in all early myths—the Pelasgians, Danaans, Viracocha, Aryans, and others—were part of the Atlantean diaspora and how this migration split into two major movements: one to Latin America and the other to Europe and Asia. Following the Atlanteans from a warm Antarctica up to Peru, Mexico, and the Mediterranean, they reveal that Cro-Magnon men are the people of Atlantis and that we are just now returning to their advanced levels of science, technology, and

spirituality The Hollow Earth Enigma Alec Maclellan, 2013-02-01 In the first detailed investigation of a legendary belief that can be traced back to the dawn of time the bestselling author of *The Lost World of Agharti* examines the possibility of an inner world a hollow Earth which could explain some of the greatest mysteries of our time Was this hollow Earth inhabited before mankind set foot on the planet's surface Did the people of Atlantis and Mu take refuge there when catastrophe overtook them Do UFOs come not from outer space from inside our own Earth Bringing together years of painstaking research Alec Maclellan looks not only at the persistent historical tradition but at the work of great scientists such as Edmond Halley and Leonhard Euler infamous figures such as Cotton Mather and Adolf Hitler and extraordinary researchers each of who has devised an explanation for the legend There have been men who claimed to have visited the Hollow Earth and provided eye witness accounts of their journeys Most thought provoking of all is the vast amount of scientific evidence in support of the Hollow Earth concept including explorers reports of polar entrances backed up by remarkable satellite photographs and evidence from unmanned spacecraft that other planets in our solar system may be hollow too With many rare photographs *The Hollow Earth Enigma* explains how this extraordinary legend has captivated our imagination and how despite its dismissal by science it is scientifically possible **A Culture of Conspiracy** Michael Barkun, 2013-08-15

American society has changed dramatically since *A Culture of Conspiracy* was first published in 2001 In this revised and expanded edition Michael Barkun delves deeper into America's conspiracy sub culture exploring the rise of 9/11 conspiracy theories the birther controversy surrounding Barack Obama's American citizenship and how the conspiracy landscape has changed with the rise of the Internet and other new media What do UFO believers Christian millennialists and right wing conspiracy theorists have in common According to Michael Barkun in this fascinating yet disturbing book quite a lot It is well known that some Americans are obsessed with conspiracies The Kennedy assassination the Oklahoma City bombing and the 2001 terrorist attacks have all generated elaborate stories of hidden plots What is far less known is the extent to which conspiracist worldviews have recently become linked in strange and unpredictable ways with other fringe notions such as a belief in UFOs Nostradamus and the Illuminati Unraveling the extraordinary genealogies and permutations of these increasingly widespread ideas Barkun shows how this web of urban legends has spread among subcultures on the Internet and through mass media how a new style of conspiracy thinking has recently arisen and how this phenomenon relates to larger changes in American culture This book written by a leading expert on the subject is the most comprehensive and authoritative examination of contemporary American conspiracism to date Barkun discusses a range of material involving inner earth caves government black helicopters alien abductions secret New World Order cabals and much more that few realize exists in our culture Looking closely at the manifestations of these ideas in a wide range of literature and source material from religious and political literature to New Age and UFO publications to popular culture phenomena such as *The X Files* and to websites radio programs and more Barkun finds that America is in the throes of an unrivaled period of

millenarian activity His book underscores the importance of understanding why this phenomenon is now spreading into more mainstream segments of American culture **Culture of Conspiracy** Michael Barkun, 2003-11-07 What do UFO believers Christian millennialists and right wing conspiracy theorists have in common According to Michael Barkun in this fascinating yet disturbing book quite a lot It is well known that some Americans are obsessed with conspiracies The Kennedy assassination the Oklahoma City bombing and the 2001 terrorist attacks have all generated elaborate stories of hidden plots What is far less known is the extent to which conspiracist worldviews have recently become linked in strange and unpredictable ways with other fringe notions such as a belief in UFOs Nostradamus and the Illuminati Unraveling the extraordinary genealogies and permutations of these increasingly widespread ideas Barkun shows how this web of urban legends has spread among subcultures on the Internet and through mass media how a new style of conspiracy thinking has recently arisen and how this phenomenon relates to larger changes in American culture This book written by a leading expert on the subject is the most comprehensive and authoritative examination of contemporary American conspiracism to date Barkun discusses a range of material involving inner earth caves government black helicopters alien abductions secret New World Order cabals and much more that few realize exists in our culture Looking closely at the manifestations of these ideas in a wide range of literature and source material from religious and political literature to New Age and UFO publications to popular culture phenomena such as The X Files and to websites radio programs and more Barkun finds that America is in the throes of an unrivaled period of millenarian activity His book underscores the importance of understanding why this phenomenon is now spreading into more mainstream segments of American culture *Black Terror White Soldiers* David Livingstone, 2013-06-16 Far too ignorant of the histories of the rest of the world being aware of only the accomplishments of Greece Rome and Europe Westerners have been made to believe that their societies represent the most superior examples of civilization However the Western value system stems from a misconception that as in nature human society too is evolving The idea derives from the hidden influence of secret societies who followed the belief in spiritual evolution of the Kabbalah which taught that history would attain its fulfillment when man would become God and make his own laws Therefore the infamous Illuminati gave its name to the Enlightenment of the eighteenth century which claimed that human progress must abandon superstition meaning Christianity in favor of reason Thus the Illuminati succeeded in bringing about the French and American revolutions which instituted the separation of Church and State and from that point forward the Western values of Humanism seen to include secularism human rights democracy and capitalism have been celebrated as the culmination of centuries of human intellectual evolution This is the basis of the propaganda which has been used to foster a Clash of Civilizations where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy Where once the spread of Christianity and civilizing the world were used as pretexts for colonization today a new White Man's Burden makes use of human rights and democracy to justify imperial aggression However because after centuries of decline the

Islamic world is incapable of mobilizing a defense the Western powers as part of their age old strategy of Divide and Conquer have fostered the rise of Islamic fundamentalism to both serve as agent provocateurs and to malign the image of Islam These sects known to scholars as Revivalists opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors Thus were created the Wahhabi and Salafi sects of Islam from which were derived the Muslim Brotherhood which has been in the service of the West ever since But the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies being based on a Rosicrucian myth of Egyptian Freemasonry which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades thus forming the foundation of the legends of the Holy Grail These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists but would fundamentally shape much of twentieth century history

The Lost Civilization Enigma Philip Coppens,2012-10-22 An examination of archaeological controversies with arguments showing evidence of prehistoric civilizations not recorded as part of human history Are history books giving us the whole story Or is civilization far more complex and older than we have been taught Our school textbooks barely mention the 6 000 year old Sumerian civilization yet the latest archaeological findings at sites such as Jericho and most recently Gobekli Tepe in Turkey have been dated to 10 000 BC Civilization goes back at least another 10 000 years if we are willing to believe what our ancestors themselves claimed The Lost Civilization Enigma reveals the truth about Lost magnitudes to known cultures such as the Bosnian Pyramids and the civilization of Old Europe The fabled lost golden cities of South America and the Amazon which are slowly being rediscovered Fascinating examples of lost technology such as the Antikythera Device Atlantis and the fact that it was a real civilization Analyzing the historical and archaeological record best selling author Philip Coppens demonstrates that there is substantial evidence that civilization is far older far more advanced and far more special than is currently accepted Clearly our history books have left out a great deal

Gateways to the Otherworld Philip Gardiner,2009-01-30 Is there life after death Is there a world outside our own WHAT IF ANCIENT PEOPLE ALREADY KNEW THE ANSWERS TO THESE QUESTIONS Acclaimed author Philip Gardiner proves that our ancestors were far more advanced scientifically and spiritually than previously believed Through a special technique ancient Egyptians and others were able to journey to other realities within themselves in short to the Otherworld The author undergoes his own experiments to prove the point Gardiner also shows that ancient people knew more about their place in the universe than previously thought They placed buildings and objects in specific places around the globe because these points had a distinct relation to the universal and human wave resonance of electromagnetism When the ancients journeyed to these places they were joining with God and visualizing the effect The remarkable conclusions and discoveries in this book not only dispel some age old myths but also address questions such as Is there a universal frequency that allows the mind to travel into other realms Does the Great Pyramid hold a real

secret to the quantum realm What are those mysterious round towers found scattered around our planet Is ESP real What Gateways to the Otherworld uncovers are not just tales of ancient trips to other realms nor theories on why stone circles were built in specific locations but real answers based on thorough research and science **Mount Shasta** Bruce Walton,1985 1985 Legend proclaims that Mt Shasta in Northern California was the last refuge of the survivors of the lost continent of Lemuria Here the tales relate the Lumurians established a secret colony preserving their ancient customs the author shows wit **The Coming Race** Edward Bulwer-Lytton,2007-03-05 The story of a fascinating underground world of winged beings **Free Energy Pioneer** Theo Paijmans,2004 Takes readers on a journey through the free energy research underground and the secret traditions of Occult Technology focusing on the inventions of John Worrell Keely the world s free energy pioneer **The Enigmas of History** Alan Baker,2012-11-02 History is replete with unanswered questions regarding our own past and that of the world in which we live Some of these questions are mere curiosities others are of the profoundest importance to our cultural identity and have a serious bearing on our future Each self contained chapter in The Enigmas of History covers a particular mystery ranging across the globe and throughout history from Atlantis to the Amazons from the Ark of the Covenant to the enigma of the Black Madonnas and from the weird mystery of Spring heeled Jack to visions of the Virgin Mary Among the topics explored are The strange history of the Dogon tribe of Mali in West Africa who believe that they were visited in the distant past by amphibious beings from another star The legend of the lost Himalayan kingdom of Shambhala The mystery of the crystal skulls The enigma of the indecipherable Voynich manuscript The Enigmas of History is an entertaining informative compendium of strange events and weird encounters with the unexplained It is packed with information on historical mysteries puzzles and bewildering discoveries and will intrigue the historian and general reader alike *Gateways to the Otherworld (Volume 2 of 2) (EasyRead Super Large 24pt Edition)* , **Arktos** Joscelyn Godwin,1996 Arktos is the first book ever written on the archetype of the Poles celestial and terrestrial North and South It is a hair raising voyage through cosmology occultism and conspiracy theory leads to startling revelations about the secrets of the Poles The author investigates legends of a Golden Age which some claim ended in a prehistoric catastrophe a shift in the earth s axis This is examined in the light of the latest geological theories as are predictions of a coming pole shift The perennial fascination of these ideas is shown to be part of a polar tradition of hidden wisdom There are many recorded tales of an ancient race said to have lived in the Arctic regions which later spread through the Northern Hemisphere This supposedly Aryan Race entered the pantheon of Nazi Germany with dreadful consequences The author examines the origins of modern neo Nazi ideology its polar inspiration and its links with other arcana including the survival of Hitler German bases in Antarctica UFOS the Hollow Earth and the hidden kingdoms of Agartha and Shambhala However Arktos differs from most writings on these subjects in its responsible and scholarly treatment and its extensive use of foreign language sources Provided by publisher [A Dark and Stormy Oeuvre](#) David Huckvale,2015-12-11 Edward Bulwer Lytton who coined the

terms the great unwashed and the pen is mightier than the sword is best remembered for persuading Dickens to change the ending of *Great Expectations* but Lord Lytton was a prolific and influential novelist in his own right inspiring Edgar Allan Poe H Rider Haggard and Madame Blavatsky among others His radicalism was applauded by William Godwin the father of both Mary Shelley and the anarchist movement and his ideas about power foreshadowed those of Friedrich Nietzsche Fascinated by crime Bulwer Lytton was an outspoken critic of his society both in his novels and throughout his political career Equally fascinated by paranormal phenomena he wrote two of the most important occult fantasies in English literature and set the agenda of the Society for Psychical Research His historical romance *The Last Days of Pompeii* has inspired several movies and a star studded television series while his stately home at Knebworth has provided brooding Gothic backdrops for many other films This book covers Bulwer Lytton s novels in detail exploring their influence on writers and film makers and via Richard Wagner s operatic adaptation of *Rienzi* the catastrophe of Adolf Hitler *The Mole People* Jennifer Toth,1995-10-01 This book is about the thousands of people who live in the subway railroad and sewage tunnels of New York City *Quest for Genesis* David Gau-Ghan,2000-03-24 How much power do we have over our own destiny This question has intrigued humanity throughout history and many believe that they have total free will while others tend to play the role of victim The truth lies somewhere in between Journey with Zakeera Blue Star Commander as he travels to the inner earth in search of the Genesis machine a device installed by the Founders who originally prepared the Earth for habitation In legends of old it is said that the one who controls Genesis will possess the power to control the universe Join Zakeera in his quest as he confronts his darker side and discovers the power inherent within each one of us plus the choices we have in using this power to change our world *The Biggest Secret* David Icke,1999 Every man woman and child on the planet is affected by the stunning information that Icke exposes Destined to be a global blockbuster *British Books in Print* ,1985
