The Panavia Tornado at Low-Level Scott Rathbone,2024-11-30 The small group of enthusiasts and photographers who had braved the winter weather and gathered on the slopes of the Lake District s iconic valleys on Wednesday 9 January 2019 were witnesses to the end of an era The RAF Tornado GR 4 that raced past them in some cases at a lower altitude than the onlookers made the last ever low level flight by this aircraft in the United Kingdom Low Flying System Never again would the Mighty Fin an aircraft that had been a familiar sight among the valleys of the UK for around forty years provide such a spectacle First flown in August 1974 the Tornado arguably become of the RAF s most important aircraft of the Cold War Indeed the Tornado was the mainstay of RAF strike aircraft from its early days as a nuclear capable low level interdiction strike fighter the GR 1 in RAF service through to its retirement as a more versatile medium to high level strike fighter the GR 4 Along with the shorter lived Air defense Variant the F 2 F 3 the Tornado was without doubt one of the best loved aircraft types amongst photographers and crews with the sheer number of the initial GR 1s allowing them to populate eleven front line squadrons as well as the training units of the Tri National Tornado Training Establishment and the Tornado Weapons Unit Altogether over twenty units flew variants of the type in the RAF alone The Tri National Tornado Training Establishment also catered for the other partner nations of Germany and Italy with all crews

finding their way into the United Kingdom Low Flying System on a regular basis It was in fact the impending introduction of the Tornado and the resulting increase in low level activity that forced a restructuring of the UKLFS in 1979 In this book Scott Rathbone provides a pictorial record of the Tornado in its element that of low level With images dating back to the 1980s almost all variants are accounted for as are the majority of RAF squadrons and units from other nations air arms color is in abundance with various camouflage patterns and special schemes as seen and photographed in the UKLFS and elsewhere including the United States of America over four decades This then is a unique tribute to a remarkable aircraft

The Wolf You Feed Andrew Webster, 2023-09-12 the greatest coach in Australian sports history an extraordinary man Matthew Johns Wayne Bennett is the greatest rugby league coach Australia has ever had He has won seven premierships and is the greatest man manager the game has known He is a living contradiction a self professed introvert who can hold an audience in the palm of his hand an autocrat on a humanitarian mission to make good men of his young charges a devoted husband and father of the year who left his wife after 42 years of marriage Other coaches decry his tactics then attempt to imitate them Players are desperate to work with him but are left feeling deceived when he cuts them loose The media disparages him then lavishes him with praise So who is the real Wayne Bennett Celebrated sports journalist Andrew Webster has been on a mission to find out For two years he has interviewed family close friends sworn enemies colleagues coaches and players as well as Bennett himself and trawled through acres of print and recordings Webster shows us a complex brilliant and difficult man We come to admire the good wolf of Bennett s nature the genius who transforms young unformed players into titans of the game And the bad wolf the wrangler who plays the dark arts of football politics with obsessive determination Expertly written and compulsively readable Webster s account of Bennett is not unlike the man himself controversial combative and impossible to ignore
