Margarita How Beautiful The Sea:

Margarita, how Beautiful the Sea Sergio Ramírez, 2008 León Nicaragua 1907 During a tribute he delivers during his triumphal return to his native city Rubén Darío writes on the fan of a little girl one of his most famous poems Margarita How Beautiful the Sea In 1956 in a café in León a group of literati gathered dedicated among other things to the rigorous reconstruction of the legend surrounding Darío but also to conspire There will be an attempt against dictator Somoza's life and that little girl with the fan a half century before will not be a disinterested party In *Margarita How Beautiful the Sea* Sergio Ramírez encompasses in a complete metaphor of reality and legend the entire history of his country The narrative moves along paths fifty years apart which inevitably converge The story becomes a fascinating exercise on the power of memory on the influence of the past fictitious or not in the finality of reality *Sandinista's Nation* Stephen

Henighan, 2014-04-01 Ernesto Cardenal and Sergio Ramírez are two of the most influential Latin American intellectuals of the late twentieth and early twenty-first centuries Addressing Nicaragua's struggle for self-definition from divergent ethnic religious generational political and class backgrounds they constructed distinct yet compatible visions of national history anchored in a reappraisal of the early twentieth-century insurgent leader Augusto César Sandino During the Sandinista Revolution of 1979-90 Cardenal appointed Nicaragua's minister of culture became one of the most provocative and internationally recognized figures of liberation theology while Ramírez a member of the revolutionary junta and later elected vice president of Nicaragua emerged as an authoritative figure for third-world nationalism But before all else the two were groundbreaking creative writers Through a close reading of the works by Nicaragua's best-known and most prolific modern authors Sandino's Nation studies the construction of Nicaraguan national identity during three distinct periods of the country's recent history before during and after the 1979-90 revolution Stephen Henighan offers rigorous textual analyses of poems memoirs essays and novels interwoven with a sharply narrated history of Nicaragua The only comprehensive study of the careers of Cardenal and Ramírez Sandino's Nation is essential to understanding transformations to both Nicaragua and the role of the writer in Latin America **Madre: Perilous Journeys with a Spanish Noun** Elizabeth Bakewell, 2011 How

could madre mean whore as much as virgin What happens to the ninety-nine madres when one father enters the room and they become a group of padres And why can't a bien educada woman in Mexico say the word madre without raising eyebrows
