Modernization and Revolution in China June M. Grasso, Jay P. Corrin, Michael Kort, 1991

Reform and Revolution in China's Political Modernization Michael Gasster, 1968

China's Long March to Freedom Kate Zhou, 2011-12-31 China is more than a socialist market economy led by ever more reform minded leaders It is a country whose people seek liberty on a daily basis Their success has been phenomenal despite the fact that China continues to be governed by a single party Clear distinctions between the

people and the government are emerging underlining the fact that true liberalization cannot be imposed from above Although a large percentage of the Chinese people have been part of China's long march to freedom farmers entrepreneurs migrants Chinese gays sex pleasure seekers and black marketers played a particularly important role in the beginning Lawyers scholars journalists and rights activists have jumped in more recently to ensure that liberalization continues Social dissatisfaction with the government is now published in the media addressed in public forums and deliberated in courtrooms Intellectuals devoted to improvement in human rights and continued liberalization are part of the process This grassroots social revolution has also resulted from the explosion of information available to ordinary people especially via the Internet and far reaching international influences All have fundamentally altered key elements of the moral and material content of China's party state regime and society at large This social revolution is moving China towards a more liberal society despite its government The Chinese government reacts rather than leads in this transformative process This book is a landmark a decade in the making

China's Four Modernizations Richard Baum, 2019-03-13 With the death of Mao Tse tung and the subsequent purge of the Gang of Four China's new pragmatic leaders have embarked on a crash program of national development known as the Four Modernizations This program is geared to the primary objective of turning China into a major world economic and military power by the year 2000 In this book the outgrowth of a major international conference on China's post Maoist development ten distinguished analysts examine one of the core issues in China's current modernization drive the acquisition and use of modern industrial science and technology The authors address the politics of China's technological modernization the institutional structure of technological research the purchase of foreign technology constraints on technological absorption the growth potential of China's critical energy sector and the modernization of China's military establishment Supplemented with brief commentaries by leading academic government and private sector contributors their chapters provide an in depth look at the process problems and prospects of China's widely heralded technological revolution

The Modernization of China Rozman, 1982-08 In the Modernization of China an interdisciplinary team of scholars collaborate closely to provide the first systematic integrated analysis of China in transformation from an agrarian based to an urbanized and industrialized society Moving from the legacy of the Ming and Ching dynasties to the reforms and revolutions of the 20th century the authors seek reasons for China's inability to achieve rapid steady growth during a 200 year long struggle to modernize They examine the changing shape of Chinese society the role of the state in local politics military affairs economics the development of the educational system changes in family population and settlement patterns science and technology world views and foreign relations And they make frequent comparisons between China's experience with growth and that of two other latecomers to modernization Japan and Russia The result is a book that brings much needed clarity and perspective to our understanding of China and the way a great civilization attempts to meet the challenge of modernity

China in Revolution Mark Selden, 2016-09-16 Originally

published in the early 1970s *The Yanan Way in Revolutionary China* has proved to be one of the most significant and enduring books published in the field In this new critical edition of that seminal work Mark Selden revisits the central themes therein and reconsiders them in light of major new theoretical and documentary understandings of the Chinese communist revolution
