The Mythical West Richard W. Slatta, 2001-11-20 This cultural

journey down memory lane showcases how major Western figures events and places have been portrayed in folk legends art literature and popular culture Ever since the days of the 49ers and George Armstrong Custer the Old West has been America's most potent source of legend But it is sometimes hard to separate fact from fiction Did you know for example that Annie Oakley was a talented marksman who shot an estimated 40 000 rounds per year while practicing and performing for Buffalo Bill Cody's Wild West Show in the late 1800s Or that many interpreters believe that The Wonderful Wizard of Oz is not just a fairy tale but also a Populist allegory These are just two of the folk legends dissected and examined in this veritable cultural geography The volume covers everything from billionaire Howard Hughes and composer Aaron Copeland to Aztlan the legendary first city of the Aztecs and Area 51 the top secret U S Air Force base at Groom Lake Nevada that has fascinated UFO and conspiracy buffs

Comparing Cowboys and Frontiers Richard W. Slatta, 1997 Historians of the American West perhaps inspired by NAFTA and Internet communication are expanding their intellectual horizons across borders north and south This collection of essays functions as a how to guide to comparative frontier research in the Americas Frontiers specialist Richard W Slatta presents topics techniques and methods that will intrigue social science professionals and western history buffs alike as he explores the frontiers of North and South America from Spanish colonial days into the twentieth century The always popular cowboy is joined by the fascinating gaucho llanero vaquero and charro as Slatta compares their work techniques roundups songs tack lingo equestrian culture and vices We visit saloons and pulperias as well as plains and pampas and Slatta expertly compares clothing weather terrain diets alcoholic beverages card games and military tactics From primary records we learn how Europeans Native Americans and African Americans became the ranch hands cowmen and buckaroos of the Americas and why their dependence on the ranch cattle industry kept them bachelors and landless peons

Literary Nevada Cheryll Glotfelty, 2016-06-01 Over 200 writings about Nevada with selections from Native American tales to contemporary writings on urban experience and environmental concerns The state of Nevada embodies paradox and contradiction home to one of the fastest growing cities in the nation and to isolated ranches scattered across a sparsely populated backcountry Nevada is a place where the lust for sudden wealth has prompted both wild mining booms and glittering casinos and where forbidding atomic test sites coexist

with alluring tourist meccas The variety and distinctiveness of Nevada's landscape and peoples have inspired writers from the beginning of immigrant contact with the region This contact has produced abundant literary wealth that includes the rich oral traditions of Native American peoples and an amazing spectrum of contemporary voices Literary Nevada is the first comprehensive literary anthology of Nevada It contains over 200 selections ranging from traditional Native American tales explorers and emigrants accounts and writing from the Comstock Lode and other mining boomtowns as well as compelling fiction poetry and essays from throughout the state's history There is work by well known Nevada writers such as Sarah Winnemucca Mark Twain and Robert Laxalt by established and emerging writers from all parts of the state and by some nonresident authors whose work illuminates important facets of the Nevada experience The book includes cowboy poetry travel writing accounts of nuclear Nevada narratives about rural life and urban life in Las Vegas and Reno poetry and fiction from the state's best contemporary writers and accounts of the special beauty of wild Nevada's mountains and deserts Editor Cheryll Glotfelty provides insightful introductions to each section and author The book also includes a photo gallery of selected Nevada writers and a generous list of suggested further readings Nevada has inspired an exceptionally rich panorama of fine writing and a dazzling array of literary voices The selections in Literary Nevada will engage and delight readers while revealing the complex and exciting diversity of the state's history people and life

Cowboy Poetry Matters Robert McDowell, 2000 In his groundbreaking essay Can Poetry Matter reprinted here Dana Gioia suggested that many types of poetry assumed by some readers to be marginal art should not so easily be deleted from mainstream American literature Throughout the twentieth century perhaps no important writing has been as seriously and mistakenly overlooked by the literati as Cowboy poetry Essentially connected to the folk tale to legend myth the ballad and song and vitally enhanced by the contemporary voices of independent ranch women Cowboy poetry vividly connects us to our past and our fragile threatened natural environment The writers included here both working horse and cattle people and mainstream authors share the brand of bold expression and independent thought found only among the best literary artists Here is not literary theory Here is literary life An anthology as diverse as America herself

Updating the Literary West, 1997 Western writers says Thomas J Lyon in his epilogue to Updating the Literary West have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth The editors of the Literary History of the American West TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West's literary heritage Out of this hope comes Updating the Literary West a comprehensive reference anthology including essays by over one hundred scholars A selected bibliography is included with each piece In the ten years since publication of LHAW western writing has developed a significantly larger presence in the national literary stream A variety of cultural viewpoints have developed along with new tactics for literary study New authors have risen to prominence and the range of subjects has changed and widened Updating the Literary West looks at topics ranging from western classics to cowboys and Cadillacs and considers children's

literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of LHAW This volume again affirms the West's literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries Selected list of contributors James Maguire Fred Erisman Susan J Rosowski Gerald Haslam Tom Pilkington A Carl Bredahl Richard Slotkin John G Cawelti Robert F Gish Ann Ronald Mick McAllister

The Year of Living Virtuously Teresa Jordan, 2015-11-10 Benjamin Franklin was in his early twenties when he embarked on a bold and arduous project of arriving at moral perfection intending to master the virtues of temperance silence order resolution frugality industry sincerity justice moderation cleanliness tranquility chastity and humility He soon gave up on perfection but continued to believe that these virtues coupled with a generous heart and a bemused acceptance of human frailty laid the foundation for not only a good life but also a workable society Writer and visual artist Teresa Jordan wondered if Franklin's perhaps antiquated notions of virtue might offer guidance to a nation increasingly divided by angry righteousness She decided to try to live his list for a year focusing on each virtue for a week at a time and taking weekends off to attend to the seven deadly sins The journal she kept became this collection of beautifully illustrated essays weaving personal anecdotes with the views of theologians philosophers ethicists evolutionary biologists and a whole range of scholars and scientists within the emerging field of consciousness studies Teresa Jordan offers a wry and intimate journey into a year in midlife devoted to the challenge of trying to live authentically
