

New Deal In The Urban South

Gary M. Fink, Merl E. Reed

New Deal In The Urban South:

The Making of Urban America Raymond A. Mohl, Roger Biles, 2023-10-03 The revised and updated third edition of *The Making of Urban America* includes seven new articles and a richly detailed historiographical essay that discusses the vast urban history literature added to the canon since the publication of the second edition. The authors extensively revised introductions and the fifteen reprinted articles trace urban development from the preindustrial city to the twentieth century city. With emphasis on the social, economic, political, commercial, and cultural aspects of urban history, these essays illustrate the growth and change that created modern day urban life. Dynamic topics such as technology, immigration, and ethnicity, suburbanization, sunbelt cities, urban political history, and planning and housing are examined. *The Making of Urban America* is the only reader available that covers all of U.S. urban history and that also includes the most recent interpretive scholarship on the subject.

Race and the Shaping of Twentieth-Century Atlanta Ronald H. Bayor, 2000-11-09 Atlanta is often cited as a prime example of a progressive New South metropolis in which blacks and whites have forged a city too busy to hate. But Ronald Bayor argues that the city continues to bear the indelible mark of racial bias. Offering the first comprehensive history of Atlanta race relations, he discusses the impact of race on the physical and institutional development of the city from the end of the Civil War through the mayorship of Andrew Young in the 1980s. Bayor shows the extent of inequality, investigates the gap between rhetoric and reality, and presents a fresh analysis of the legacy of segregation and race relations for the American urban environment. Bayor explores frequently ignored public policy issues through the lens of race, including hospital care, highway placement and development, police and fire services, schools, and park use, as well as housing patterns and employment. He finds that racial concerns profoundly shaped Atlanta as they did other American cities. Drawing on oral interviews and written records, Bayor traces how Atlanta's black leaders and their community have responded to the impact of race on local urban development. By bringing long-term urban development into a discussion of race, Bayor provides an element missing in usual analyses of cities and race relations.

Urban Policy in Twentieth-century America Arnold Richard Hirsch, Raymond A. Mohl, 1993 The recent riots in Los Angeles brought the urban crisis back to the center of public policy debates in Washington D.C. and in urban areas throughout the United States. The contributors to this volume examine the major policy issues: race, housing, transportation, poverty, the changing environment, the effects of the global economy confronting contemporary American cities. Raymond A. Mohl begins with an extended discussion of the origins, evolution, and current state of Federal involvement in urban centers. Michael B. Katz follows with an insightful look at poverty in turn of the century New York and the attempts to ameliorate the desperate plight of the poor during this period of rapid economic growth. Arnold R. Hirsch, Mohl, and David R. Goldfield then pursue different facets of the racial dilemma confronting American cities. Hirsch discusses historical dimensions of residential segregation and public policy, while Mohl uses Overtown, Miami, as a case study of the social impact of the construction of interstate highways in

urban communities David Goldfield explores the political ramifications and incongruities of contemporary urban race relations Finally Carl Abbott and Sam Bass Warner Jr examine the impact of global economic developments and the environmental implications of past policy choices Collectively the authors show us where we have been some of the needs that must be addressed and the urban policy alternatives we face *The Evolution of American Urban Society* Howard P. Chudacoff, Judith Smith, Peter Baldwin, 2016-05-23 This interesting and informative book shows how different groups of urban residents with different social economic and political power cope with the urban environment struggle to make a living participate in communal institutions and influence the direction of cities and urban life An absorbing book *The Evolution of American Urban Society* surveys the dynamics of American urbanization from the sixteenth century to the present skillfully blending historical perspectives on society economics politics and policy and focusing on the ways in which diverse peoples have inhabited and interacted in cities Key topics Broad coverage includes the Colonial Age commercialization and urban expansion life in the walking city industrialization newcomers city politics the social and physical environment the 1920s and 1930s the growth of suburbanization and the future of modern cities Market An interesting and necessary read for anyone involved in urban sociology including urban planners city managers and those in the urban political arena **Liberalism and Its Discontents** Alan Brinkley, 2000-04-14 Considering the role of alternate political traditions in liberalism s downfall *Liberalism and its Discontents* shows how historical interpretation has been a reflection of liberal assumptions Beyond Little Rock John A. Kirk, Minni Jean Brown Trickey, 2007-10-01 Based on extensive archival work private paper collections and oral history this book includes eight of John Kirk s essays two of which have never been published before Together these essays locate the dramatic events of the crisis within the larger story of the African American struggle for freedom and equality in Arkansas Examining key episodes in state history from before the New Deal to the present Kirk covers a wide range of topics that include the historiography of the school crisis the impact of the New Deal early African American politics and mass mobilization race gender and the civil rights movement the role of white liberals in the struggle and the intersections of race and city planning policy Kirk unearths many previously neglected individuals organizations and episodes and provides a thought provoking analytical framework for understanding them *Historical Roots of the Urban Crisis* Henry L. Taylor Jr., Walter Hill, 2013-06-17 This collection of 12 new essays will tell the story of how the gradual transformation of industrial society into service driven postindustrial society affected black life and culture in the city between 1900 and 1950 and it will shed light on the development of those forces that wreaked havoc in the lives of African Americans in the succeeding epoch The book will examine the black urban experience in the northern southern and western regions of the U S and will be thematically organized around the themes of work community city building and protest the analytic focus will be on the efforts of African Americans to find work and build communities in a constantly changing economy and urban environments tinged with racism hostility and the notions of white supremacy Some chapters will be

based on original research while others will represent a synthesis of existing literature on that topic

A Public Charity Mary L. Mapes, 2004-10-19 Using Indianapolis as its focus this book explores the relationship between religion and social welfare Arising out of the Indianapolis Polis Center's Lilly sponsored study of religion and urban culture the book looks at three issues the role of religious social services within Indianapolis's larger social welfare support system both public and private the evolution of the relationship between public and private welfare sectors and how ideas about citizenship mediated the delivery of social services Noting that religious nonprofits do not figure prominently in most studies of welfare Mapes explores the historical roots of the relationship between religiously affiliated social welfare and public agencies Her approach recognizes that local variation has been a defining feature of American social welfare A Public Charity aims to illuminate local trends and to relate the situation in Indianapolis to national trends and events Polis Center Series on Religion and Urban Culture David J Bodenhamer and Arthur E Farnsley II editors

American Studies Jack Salzman, 1990-05-25 This volume supplements the acclaimed three volume set published in 1986 and consists of an annotated listing of American Studies monographs published between 1984 and 1988 There are more than 6 000 descriptive entries in a wide range of categories anthropology and folklore art and architecture history literature music political science popular culture psychology religion science and technology and sociology

America's Johannesburg Bobby M. Wilson, 2019 Originally published by Rowman Littlefield Publishers an imprint of The Rowman Littlefield Publishing Group Inc Copyright 2000 Title page verso

The First Texas News Barons Patrick L. Cox, 2009-04-20 Newspaper publishers played a crucial role in transforming Texas into a modern state By promoting expanded industrialization and urbanization as well as a more modern image of Texas as a southwestern rather than southern state news barons in the early decades of the twentieth century laid the groundwork for the enormous economic growth and social changes that followed World War II Yet their contribution to the modernization of Texas is largely unrecognized This book investigates how newspaper owners such as A H Belo and George B Dealey of the Dallas Morning News Edwin Kiest of the Dallas Times Herald William P Hobby and Oveta Culp Hobby of the Houston Post Jesse H Jones and Marcellus Foster of the Houston Chronicle and Amon G Carter Sr of the Fort Worth Star Telegram paved the way for the modern state of Texas Patrick Cox explores how these news barons identified the needs of the state and set out to attract the private investors and public funding that would boost the state's civic and military infrastructure oil and gas industries real estate market and agricultural production He shows how newspaper owners used events such as the Texas Centennial to promote tourism and create a uniquely Texan identity for the state To balance the record Cox also demonstrates that the news barons downplayed the interests of significant groups of Texans including minorities the poor and underemployed union members and a majority of women

World War II in Nashville Robert Guy Spinney, 1998 In addition to examining Nashville's public sector expansion Spinney explores the war's impact on the Nashville economy the role of organized labor in the city race relations and the politicization of the black leadership

changing attitudes within the local Jewish community and civil defense activities An introductory chapter surveys Nashville's experience in the decade prior to the war

Renewing Birmingham Christopher MacGregor Scribner, 2002 *Renewing Birmingham* is the first book length study of how federal funding helped transform a twentieth century southern city Christopher MacGregor Scribner shows that such funding not only aided Birmingham's transition from an industrial to a service economy but also led to redrawn avenues of power influence and justice in the city By the 1960s Alabama's largest city faced wrenching changes brought on by economic decline suburbanization and racial tension Decades in the making these problems pitted old guard politicians manufacturing elites and working class whites against an alternative vision kindled by federal dollars of Birmingham's future Scribner uses the Birmingham experience to trace the evolution of federal grants from extensions of Depression era fiscal policy to instruments of social change As he discusses federal backing of projects ranging from low income housing to the University of Alabama Medical College Scribner also shows how control of the grant purse which once belonged exclusively to politicians came to be shared with bureaucrats and activists local and federal participants and blacks and whites Most important in Birmingham's case debates over spending drew in entrepreneurs in fields as diverse as biomedicine and education real estate and construction This complicated bargaining and coalition building sparked a quiet revolution that had begun hollowing out the core of Birmingham's old order even as civil rights protests cemented the city's segregationist reputation Scribner stresses that the social benefits of Birmingham's economic rebirth reflected not so much a change of heart for the city as an admission that segregation was simply bad for business As a new Birmingham ascended and became less distinguishable from other American cities aspects of its racist elitist past persisted In learning the particulars of Birmingham we come closer to understanding how the South can be at odds with the rest of the country even as it participates in national trends

Race, Class, and Community in Southern Labor History Gary M. Fink, Merl E. Reed, 2003 As evidence by the quality of these essays the field of southern labor history has come into its own

Urban History 19:2 Kajal Lahiri, Geoffrey H. Lahiri, 1992-12-10

[The Literature of the Ozarks](#) Phillip Douglas Howerton, 2019 This book surveys two centuries of Ozarks literature from an Osage creation story to contemporary poetry and fiction This anthology presents writings from more than forty authors and connects these works to major literary movements while exploring their regional themes and their contributions to the social construction of the Ozarks

[When Affirmative Action Was White](#) Ira Katznelson, 2013-03-04 A groundbreaking work that exposes the twisted origins of affirmative action In this penetrating new analysis New York Times Book Review Ira Katznelson fundamentally recasts our understanding of twentieth century American history and demonstrates that all the key programs passed during the New Deal and Fair Deal era of the 1930s and 1940s were created in a deeply discriminatory manner Through mechanisms designed by Southern Democrats that specifically excluded maids and farm workers the gap between blacks and whites actually widened despite postwar prosperity In the words of noted historian Eric Foner Katznelson's incisive book

should change the terms of debate about affirmative action and about the last seventy years of American history *The Unemployed People's Movement* James J. Lorence,2011-03-01 In Georgia during the Great Depression jobless workers united with the urban poor sharecroppers and tenant farmers In a collective effort that cut across race and class boundaries they confronted an unresponsive political and social system and helped shape government policies James J Lorence adds significantly to our understanding of this movement which took place far from the northeastern and midwestern sites we commonly associate with Depression era labor struggles Drawing on extensive archival research including newly accessible records of the Communist Party of the United States Lorence details interactions between various institutional and grassroots players including organized labor the Communist Party the Socialist Party liberal activists and officials at every level of government He shows for example how the Communist Party played a more central role than previously understood in the organization of the unemployed and the advancement of labor and working class interests in Georgia Communists gained respect among the jobless especially African Americans for their willingness to challenge officials help negotiate the welfare bureaucracy and gain access to New Deal social programs Lorence enhances our understanding of the struggles of the poor and unemployed in a Depression era southern state At the same time we are reminded of their movement s lasting legacy the shift in popular consciousness that took place as Georgians influenced by a new sense of entitlement fostered by the unemployed organizations began to conceive of new more equal relations with the state *Sexuality, Politics, and Social Control in Virginia, 1920-1945* Pippa Holloway,2007-09-06 In the first half of the twentieth century white elites who dominated Virginia politics sought to increase state control over African Americans and lower class whites whom they saw as oversexed and lacking sexual self restraint In order to reaffirm the existing political and social order white politicians legalized eugenic sterilization increased state efforts to control venereal disease and prostitution cracked down on interracial marriage and enacted statewide movie censorship Providing a detailed picture of the interaction of sexuality politics and public policy Pippa Holloway explores how these measures were passed and enforced The white elites who sought to expand government s role in regulating sexual behavior had like most southerners a tradition of favoring small government so to justify these new policies they couched their argument in economic terms a modern progressive government could provide optimum conditions for business growth by maintaining a stable social order and a healthy docile workforce Holloway s analysis demonstrates that the cultural context that characterized certain populations as sexually dangerous worked in tandem with the political context that denied them the right to vote This perspective on sexual regulation and the state in Virginia offers further insight into why white elite rule mattered in the development of southern governments [A Companion to Franklin D. Roosevelt](#) William D. Pederson,2011-03-21 A Companion to Franklin D Roosevelt presents a collection of historiographical essays by leading scholars that provides a comprehensive review of the scholarship on the president who led the United States through the tumultuous period from the Great Depression to the waning days of World

War II Represents a state of the art assessment of current scholarship on FDR the only president elected to four terms of office and the central figure in key events of the first half of the 20th century Covers all aspects of FDR s life and times from his health relationships and Supreme Court packing to New Deal policies institutional issues and international relations Features 35 essays by leading FDR scholars

New Deal In The Urban South Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading New Deal In The Urban South free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading New Deal In The Urban South free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading New Deal In The Urban South free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally

available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading New Deal In The Urban South. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading New Deal In The Urban South any PDF files. With these platforms, the world of PDF downloads is just a click away.
