Night Light Stories Of Aging:

Night Light Constance Rooke, 1986 Aging Education Nieli Langer, Terry Tirrito, 2004 Aging Education provides educators in aging studies with a unique text that responds to the paucity of instructional strategies and teaching materials. By developing and explaining a multidisciplinary approach to working with older adults in areas related to health education, ethics, law, cultural competency for a multicultural population, translating social policy into practice, spirituality, and human services, the editors provide an imaginative and thought provoking unmet need for gerontology educators by providing them with teaching and practice strategies in aging education.

Aging Moderns Scott Herring, 2022-12-13 What happens when the avant garde grows old? Examining a group of writers and artists who continued the modernist experiment into later life, Scott Herring reveals how their radical artistic principles set out a new path for creative aging. *Aging Moderns* provides portraits of writers and artists who sought out or employed unconventional methods and collaborations up until the early twenty-first century. Herring finds Djuna Barnes performing the principles of high modernism not only in poetry but also in pharmacy orders and grocery lists. In mystery novels featuring Gertrude Stein and Alice B. Toklas along with modernist souvenir collections, the gay writer Samuel Steward elaborated a queer theory of aging and challenged gay male ageism. The Harlem Renaissance dancer Mabel Hampton dispelled stereotypes about aging through her queer of color performances at the Lesbian Herstory Archives. Herring explores Ivan Albright's magic realist portraits of elders, Tillie Olsen's writings on the aging female worker, and the surrealistic works made by Charles Henri Ford and his caregiver Indra Bahadur Tamang at the Dakota apartment building in New York City. Showcasing previously unpublished experimental art and writing, this deeply interdisciplinary book unites new modernist studies, American studies, disability studies, and critical age studies. *Aging Moderns* rethinks assumptions about literary creativity, the depiction of old age, and the boundaries of modernism.

The Journey of Life Thomas R. Cole, 1992-11-27 *The Journey of Life* envisions growing up and growing old as a voyage down a river flowing inexorably to the sea. With this image of the human life cycle, the author explores the historical shoreline of later life, charting its cultural forms and sounding their depths. The result is both a cultural history of aging and a contribution to public dialogue about the meaning and significance of later life. The core of the book shows how central texts and images of Northern

Alive and Kicking at All Ages Ulla Kriebner, Roberta Maierhofer, Barbara Ratzenböck, 2014-06-15 The linking of age and ill health is part of a cultural narrative of decline, as age is often defined as the absence of good health. Research has shown that we are aged by culture, but we are also culturally made ill when we age. The cultural ambiguity of aging can thus deconstruct negative images of old age as physical decrepitude. This volume investigates the topic of health within the matrix of time and experience by addressing issues such as how our understanding of health influences our notion of agency within a subversive deconstruction of normative age concepts and what role the notion of health plays in such an interaction.

Floored! Russell J. Kendzior,2017-09-18 When watching the evening news you can be led to believe that most slip and fall claims are bogus and nothing more than a scam designed to fleece business owners and the insurance industry for money But not all Plaintiffs are scam artists and not all victims are seeking to cash in on their injury Falls can affect each of us The next victim could be your mother your brother your spouse or child and oh yes even you The truth of the matter is each year millions of personal injury lawsuits are filed by victims of a slip trip and fall accidents most of which are settled out of court However over the past decade there has been a noticeable rise in the average settlement as well as jury verdicts As an expert witness Russell J Kendzior has been retained in more than 700 slip trip and fall lawsuits and has now compiled over 50 of his top cases in *Floored* Rather than debate the truth behind slip trip and fall litigation Kendzior sets the record straight and provides the reader with a behind the curtain view of the people filing these lawsuits and the companies being sued This book is a great resource that explains what can be done to prevent the injury and thus the lawsuit through the eyes of a safety expert and stories of real world victims

Adventures of the Spirit Phyllis Sternberg Perrakis, 2007 In Adventures of the Spirit Phyllis Sternberg Perrakis brings together eleven American and Canadian literary gerontologists to examine a new kind of adventure for the older woman in literature This volume of critical essays analyzes recent works by contemporary women writers whose characters midlife and later life changes are mapped in their narratives Rather than focusing on the painful losses undergone by women of a certain age recent narratives explore a new kind of adventure of aging one that is spiritual in nature enabling new ways of being and becoming but open ended and capable of great variation in practice In particular these journeys of the spirit focus on the retrospective movement undergone by a midlife or older woman as she is led by inner or outer forces to assess where she has come from and decipher a shape or pattern to her journey These journeys do not leave the body behind as they map new spiritual territory Rather they honor spirit's embrace of the natural world and relationships as well as its aspirations for evolving development and eternal existence The essays in Adventures of the Spirit employ a wide variety of critical lenses to chart these adventures including archetypal Sufi post colonial and feminist analysis archival research aboriginal life writing and trauma theory These studies bring a new understanding to women's adventure of age in both literary texts and in life
