A Social History of England

1851-1990 Francois Bedarida, 2013-06-17 In this the second edition of A Social History of England Francois B darida has added a new final chapter on the last fifteen years The book now traces the evolution of English society from the height of the British Empire to the dawn of the single European market Making full use of the Annales school of French historiography B darida takes his inquiry beyond conventional views to penetrate the attitudes behaviour and psychology of the British people **England in the Nineteenth Century** David Thomson, 1951 London In The Nineteenth Century Jerry White, 2011-06-08 Jerry White s London in the Nineteenth Century is the richest and most absorbing account of the city s greatest century by its leading expert London in the nineteenth century was the greatest city mankind had ever seen Its growth was stupendous Its wealth was dazzling Its horrors shocked the world This was the London of Blake Thackeray and Mayhew of Nash Faraday and Disraeli Most of all it was the London of Dickens As William Blake put it London was a Human awful wonder of God In Jerry White s dazzling history we witness the city s unparalleled metamorphosis over the course of the century through the daily lives of its inhabitants We see how Londoners worked played and adapted to the demands of the metropolis during this century of dizzying change The result is a panorama teeming with life *Liberalism and Conservatism, 1846-1905* David Paterson, 2001 Containing sample exam questions at both AS and A2 levels this text aims to show students what makes a good answer and why it scores high marks It should help students grasp the difference between a GCSE and an A level mark **Myth and National Identity in Nineteenth-Century Britain** Stephanie

Barczewski, 2000-03-02 Scholars have become increasingly interested in how modern national consciousness comes into being through fictional narratives Literature is of particular importance to this process for it is responsible for tracing the nations evolution through glorious tales of its history In nineteenth century Britain the legends of King Arthur and Robin Hood played an important role in construction of contemporary national identity These two legends provide excellent windows through which to view British culture because they provide very different perspectives King Arthur and Robin Hood

have traditionally been diametrically opposed in terms of their ideological orientation. The former is a king a man at the pinnacle of the social and political hierarchy whereas the latter is an outlaw and is therefore completely outside conventional hierarchical structures. The fact that two such different figures could simultaneously function as British national heroes suggests that nineteenth century British nationalism did not represent a single set of values and ideas but rather that it was forced to assimilate a variety of competing points of view.

An Age of Equipoise? Reassessing mid-Victorian Britain Martin Hewitt, 2017-07-05. The *Age of Equipoise* by W L Burn was published in 1964 and became a central text in the canon of interpretations of the Victorian period. The book subsequently fell out of favour but recent claims to establish a new interpretative standard have paradoxically prompted reviewers to cast back to Burn's work as the orthodox standard against which such claims should be judged. The essays in this volume by British and American contributors all engage to varying degrees with the notion of equipoise and how it can help to illuminate the mid Victorian period in ways which alternative formulations cannot. Some of the chapters develop arguments embedded in Burn's own book others take up issues largely absent in *The Age of Equipoise* such as the position of children Britain's interaction with the wider world and the threats the period experienced to its concept of masculine identity. Together the essays demonstrate the intricacy and turbulence of the forces of cohesion in Victorian society along with the success of that culture in achieving a working if shifting *modus vivendi*. Moreover they substantiate the argument that whatever the limitations of Burn's work equipoise deserves rehabilitation as a powerful conceptual framework for making sense of mid Victorian Britain.

About the Editor Martin Hewitt is Director of the Leeds Centre for Victorian Studies and editor of the *Journal of Victorian Culture*. With Robert Poole he has recently produced an edition of *The Diaries of Samuel Bamford 1858-61* Sutton 2000.

Britain in the Nineteenth Century, 1815-1914 C.C. Kohler (Firm), 1973.

Britannia's Embrace Caroline Shaw, 2015. *Britannia's Embrace* revises current understandings about the origins of refuge which have focused exclusively on the period post 1914. It argues that the responsibility to protect persecuted foreigners developed in nineteenth century Britain through a popular movement that equated refugee relief with what it meant to be liberal on a global stage.

Migrant City Panikos Panayi, 2020-04-07. The first history of London to show how immigrants have built shaped and made a great success of the capital city London is now a global financial and multicultural hub in which over three hundred languages are spoken. But the history of London has always been a history of immigration. Panikos Panayi explores the rich and vibrant story of London from its founding two millennia ago by Roman invaders to Jewish and German immigrants in the Victorian period to the Windrush generation invited from Caribbean countries in the twentieth century. Panayi shows how migration has been fundamental to London's economic social political and cultural development. *Migrant City* sheds light on the various ways in which newcomers have shaped London life acting as cheap labour contributing to the success of its financial sector its curry houses and its football clubs. London's economy has long been driven by migrants from earlier continental financiers and more recent European Union citizens.

Without immigration fueled by globalization Panayi argues London would not have become the world city it is today
