On The Buses With Dostoyevsky:

'On the Buses' with Dostoyevsky Geoff Hattersley, 1998 New York meets New Yorkshire in Geoff Hattersley's slyly funny poems. Their apparent simplicity belies a shrewd intelligence as much in tune with larger events as with the daily happenings which seem to form their subject. He is a poet of people despairing but cheeky into the bargain, melancholic with a comic edge.

Dostoyevsky's Stalker and Other Essays on Psychopathology and the Arts Michael Sperber, 2010-04-13 This book examines the arts over the course of modern history to illuminate psychiatry and psychoanalysis and how these disciplines may elucidate works of literature, art and cinema. These essays propose a paradigm shift in psychiatry based on the idea that some symptoms of New Essays on Dostoyevsky Malcolm V. Jones, Garth M. Terry, 1983-03-31 This book comprises essays to mark the centenary of Dostoyevsky's death in 1881. The first part considers specific works and the second part ranges more widely over aspects of the great novelist's work including essays on Dostoyevsky as philosopher, on his religious thought and on formalist and structuralist approaches to his work.

New Blood Neil Astley, 1999 Kafka said we should read books which bite and sting. If the book we are reading does not wake us up with a blow to the head, what's the point in reading? A book must be the axe which smashes the frozen sea within us. Brian Hinton applied this to Neil Astley's anthology *Poetry with an Edge* which crystallises what he has already achieved with *Bloodaxe*. Well designed and committed books though never comfortable to read. They answer Kafka's definition of what real literature should be. *New Blood* is the sequel to *Poetry with an Edge* which marked *Bloodaxe*'s first decade of poetry publishing. This completely new anthology brings together poets who have published their first collections during the past ten years. *New Blood* shows that *Bloodaxe* isn't going rusty with age for here are some of the sharpest new talents in poetry with poems which bite and sting as well as disturb and delight the reader. This book of new poetry from *Bloodaxe* must be the axe which smashes the frozen sea within us.

Philosophy as Translation and the Understanding of Other Cultures Naomi Hodgson, Naoko Saito, 2018-10-29 The existential crises involved in translation are part of our political life especially in times when the closing of borders symbolized by Brexit and the triumph of Donald Trump present new challenges to those living lives of immigrancy and those waiting at the borders. How to resist the emotive tide of populism and in particular the language that legitimates exclusion. How to confront the anxieties of inclusion. These challenges are increasingly pressing. The 2016 Conference of the International Network of Philosophers of Education sought to address such concerns through the theme *Philosophy as translation and the understanding of other cultures*. The chapters included here represent the breadth and richness of that conference addressing questions of ethics, desire, religious understanding, intercultural philosophy and practices of higher education and teacher education. The processes of translation they discuss are not limited to linguistic translation as conventionally understood. Instead, translation is taken to be a window through which to understand how we as linguistic beings are constantly in a process of transformation and how our personal and cultural identities are hence also

already involved in processes of translation This book was originally published as a special issue of Ethics Education **The Myths of Liberal Zionism** Yitzhak Laor,2017-01-31 One of Israel s most controversial writers demystifies the peace camp liberals Yitzhak Laor is one of Israel s most prominent dissidents and poets a latter day Spinoza who helps keep alive the critical tradition within Jewish culture In this work he fearlessly dissects the complex attitudes of Western European liberal Left intellectuals toward Israel Zionism and the Israeli peace camp He argues that through a prism of famous writers like Amos Oz David Grossman and A B Yehoshua the peace camp has now adopted the European vision of new Zionism promoting the fierce Israeli desire to be accepted as part of the West and taking advantage of growing Islamophobia across Europe The backdrop to this uneasy relationship is the ever present shadow of the Holocaust Laor is merciless as he strips bare the hypocrisies and unarticulated fantasies that lie beneath the love affair between liberal Zionists and their European supporters
