White Man's Paper Trail Stan Hoig, 2006 Award-winning journalist and author Stan Hoig presents a poignant history of the US government's attempts to peacefully negotiate treaties with the tribes of the Central Plains from the friendship pacts of the early 1800s through the last formal treaty in 1871 when Congress put an end to treaty making. Drawing on records and transcripts of treaty councils in Missouri, Arkansas, the Dakotas, Kansas, Oklahoma, Texas, Colorado, and Wyoming, Hoig reveals unequivocal testimony that documents countless fallacies and indiscretions by Euro-Americans in the making and enforcement of treaties. He shows how treaty making, negotiated by peace commissioners and once the most promising method for resolving conflicts without military involvement, degenerated into a deeply flawed system sullied by political deceptions and broken promises. White Man's Paper Trail illuminates the pivotal role of these negotiations in the build-up to the Plains Indian wars, in American Indians' loss of land and self-determination, and in Euro-American westward expansion.

A Certain Arrogance George Michael Evica, 2011-02-01 Providing the first global cultural context for the assassination of John F. Kennedy, this investigation into how United States intelligence agencies and other entities manipulated liberal religious groups and educational institutions for ideological, political, and economic gain during the Cold War exposes numerous previously misunderstood political operations. Including assassinations, these projects include those facilitated by Allen Dulles, John Foster Dulles, the U.S. State Department, the Office of Strategic Services, and its successor, the CIA, and other individuals and groups. Focusing on the manipulations of key individuals in the American Unitarian Association, the Unitarian Service Committee, and the Unitarian-supported Albert Schweitzer College by covert American interests during the Cold War, this exposé asserts that an unwitting Lee Harvey Oswald, an asset and pawn of American intelligence, was the ideal scapegoat in a tragically successful conspiracy to murder President Kennedy.
