

late mentor. After Dinkler's own death in 1981, his wife entrusted Michael Wolter with the task of editing. The book contains thirty-five sections, each focusing on a topic and arranged in chronological order. The reader can follow von Soden through the Church Struggle, from crisis to crisis. Wolter did well to provide sections with introductions and to identify innumerable people. But the general reader will still be baffled by the cascades of issues and the rapidly shifting context of the Church Struggle.

By contrast, one can readily see continuity in von Soden's motives and behavior. Von Soden, as a liberal theology professor, was unusual in seeking an active role in church governance before and after 1933 and in subscribing to the Barmen Declaration of May 1934. Disagreements over what the "confession" should mean in the church, he argued, should not prevent a common effort to oppose threats to that confession from Nazi secularism (p. 185). On two fronts—in the church and in the university—he and others resisted the penetration of Nazi ideology that would bind theologians and clergy alike. It was logical that the liberal von Soden should likewise condemn tendencies in the Confessing church to impose dogma on its adherents and to disparage the theology of his close friend and colleague Rudolf Bultmann. For Soden, the church needed unfettered theology faculties, provided that they also had a basic commitment to the church.

These pages form a more complicated picture of the theology faculties than Niemöller's summary judgment suggests. Confessing professors remained in contact. They were joined in protests on occasion by other sympathetic professors. But the protestors appeared to fight a losing battle. Nazi personnel policies gradually shifted the composition of theology faculties in favor of the German Christians. As civil servants, professors were probably more susceptible to state pressure than pastors.

All the more reason to praise those who remained steadfast. Hans Meiser, the Lutheran bishop of Bavaria, was well aware of these conditions when he wrote von Soden in 1941: "Because of you especially, it would be unjust to conclude that the theology faculties failed in the Church Struggle" (p. 335). That judgment sums up the double thrust of the selected documents: von Soden played a courageous role, and the theology faculties did not quite deserve their bad reputation.
