Key words: neuroscience; linguistic; theology; identity; self-knowledge; alterity.

Fr. Dumitru Stăniloae's work *Chipul nemuritor al lui Dumnezeu* [The Eternal Image of God] was published in 1987 with the blessing of His Holiness Dr. Nestor Vornicescu, Metropolitan Bishop of Oltenia, at the Oltenia Metropolitan Publishing House.¹ After the publishing of the book *Isus Hristos sau Restaurarea omului* [Jesus Christ and the Restoration of Man],² in which Fr. D. Stăniloae intended to reflect "the effect of the incarnation of the Son of God and the use of His power to give the man freedom and fulfilment,"³ in *Chipul nemuritor al lui Dumnezeu* [The Eternal Image of God], from the very beginning, he aims to reflect the value resulted out of the union of the human with God in Jesus Christ, providing an orthodox response to the evangelical denominations which used to promote a new form of Nestorianism, by separating the human being from God in Jesus Christ. The Identity of God's People and the Paradox of Hebrews Ole Jakob

Filtvedt, 2015-08-03 Does the letter to the Hebrews display Jewish or Christian identity Ole Jakob Filtvedt shows that it takes up a traditional Jewish category namely membership in God's people and proposes it for its audience as a collective identity but also significantly reshapes that category in light of belief in Jesus Publisher

Paradox in Christian Theology James

Anderson, 2007-03-06 Does traditional Christianity involve paradoxical doctrines that is doctrines that present the appearance at least of logical inconsistency If so what is the nature of these paradoxes and why do they arise What is the relationship between paradox and mystery in theological theorizing And what are the implications for the rationality or otherwise of orthodox Christian beliefs In *Paradox in Christian Theology* James Anderson argues that the doctrines of the Trinity and the incarnation as derived from Scripture and formulated in the ecumenical creeds are indeed paradoxical But this conclusion he contends need not imply that Christians who believe these doctrines are irrational in doing so In support of this claim Anderson develops and defends a model of understanding paradoxical Christian doctrines according to which the presence of such doctrines is unsurprising and adherence to paradoxical doctrines cannot be considered as a serious intellectual obstacle to belief in Christianity The case presented in this book has significant implications for the practice of systematic theology biblical exegesis and Christian apologetics

Lutheran Identity and Political Theology Carl-Henric Grenholm, Goran Gunner, 2014-11-04 Lutheran tradition has in various ways influenced attitudes to work the economy the state education and health care One reason that Lutheran theology has been interpreted in various ways is that it is always influenced by surrounding social and cultural contexts In a society where the church has lost a great deal of its cultural impact and authority and where there is a plurality of religious convictions the question of

The Mission of Demythologizing David W. Congdon, 2015 Rudolf Bultmann's controversial program of demythologizing has been the subject of constant debate since it was first announced in 1941 It is widely held that this program indicates Bultmann's departure from the dialectical theology he once shared with Karl Barth In the 1950s Barth thus referred to their relationship as that of a whale and an elephant incapable of meaningful communication This study proposes a contrary reading of demythologizing as the hermeneutical fulfillment of dialectical theology on the basis of a reinterpretation of Barth's theological project

considers transitional answers that bridge the two Volume Two examines Asian philosophers classical and contemporary who though rejecting the assumptions behind the question put forward nondualist answers that have a direct bearing on it It concludes with an argument for a revised understanding of the Why question that draws on the strengths and weaknesses of these Western and Asian philosophies and explores implications for ethics and religious thought The Sign of the Gospel W.
