Reddos Raiders Memoirs Of A B17 Bomber Aircraft:

Reddo's Raiders James J. Redmond, 2004 *While I Am* is the story of Se a young boy who is driven to explore his boundaries Se feels trapped inside the Dark School but to get out he must first break free from the dominion of three girls that mesmerize him With the help of his best friend Crea he journeys through new worlds all the while preserving his unalienable rights of life liberty and the pursuit of happiness I have expanded my world into that of another self and I met with love I have explored the universe of material existence and I discovered compassion I looked inward to discover my own self only to find wisdom And I arrived at G Written in a playful tone the novel outlines a fresh new philosophy on how one can get to G a place that follows from the teachings of Eastern Philosophies a concept that is compatible with contemporary science and a being with characteristics as prescribed by Western religions But only those who indeed take the journey will realize that G is by no means a final destination but only a beginning a beginning to discover what happens to human spirituality once we are able to unify it all that makes us human

Memories from the Out House Mouse, 2002 The following are the combined personal diaries of the last World War II combat flight crew of the Boeing B 17 F Flying Fortress named Out House Mouse Each of these diaries has been transcribed from the original or from a first generation copy of the original provided to me by the crewmember or his immediate family My father was 1Lt E J Joe Harvey the pilot on this crew and it was the transcription of his diary that began this project Lt Harvey s notes were hand printed in block capital letters and an effort has been made to retain that personality in this transcription For each combat mission Lt Harvey also included carefully cut and folded newspaper accounts which have also been transcribed and where possible the source newspaper identified An effort has been made to duplicate the newsprint type column size and position as much as possible to retain the look of his original diary From his diary I learned the names of the other members of his crew and their hometown at that time Using that information I ve been able to locate all the members of the crew or their family Six others have provided me with copies of their diary for which I am most grateful and I have included transcriptions of these diaries in this combined record Because Lt Harvey provided an entry for every day even when not flying and because his diary covers the greatest period of time from the first of January through the middle of June 1945 his diary provides the date stamp and serves as the basis for all of the other records This combined chronological record includes the seven available records of all 9 members of this last combat crew of the Out House Mouse Thus this record includes the diary of 2Lt Phil Darby the co pilot provided by Mr Darby the diary of 2Lt Marty Raber the bombardier who actually sent me his original diary and his scrapbook for my use in preparing this book the diary of 2Lt Paul Katz the navigator for the crew provided by his wife Joan Katz the diary of S Sgt Niel C Jorgenson the crew s flight engineer which has been provided by his daughter Ms Susan Lunt who also provided the computer scans of the photographs of the flight crew and their signatures at the beginning of this book The remaining records are the Mission Sheets of the ball turret gunner S Sgt George H Odenwaller and the diary of the tail gunner S Sgt

Walter M Limberger Both of these gentlemen provided me with a hand written reproduction of their diary The last record of course is that of Lt Harvey from which all of this has grown Following the entries of the pilot and co pilot the entries from the other five diaries are arranged in a nose to tail order of that crewmember s position aboard the Out House Mouse Each of these records is separated from the others by a break line with each contributing member identified In addition the individual contributions also use a different type font A sincere effort has been made to replicate the handwriting and format the diarist used in each of the original records For example while most of the diary authors established a format for reporting the specific important facts of their missions and recorded these facts in hand printed letters Paul Katz wrote his diary in long hand using a narrative style and addressed it to his wife Joan Consequently for Lt Katz I chose a script font to replicate the transcription of his diary Mission days are preceded by a small pilot s wing prior to the diary date and conclude with the transcription of the newspaper account or accounts that Lt Harvey had so carefully cut folded and pasted into his diary Photographs from these articles have been electronically scanned and reproduced here **Air Force B-21 Raider**
