Redefining Tandem Language and Culture Learning in Higher Education Claire Tardieu, Céline Horgues, 2019-08-21 This book provides a comprehensive critical account of tandem learning charting its evolution from its origins in European educational settings to modern programs offering new perspectives on the approach s role within higher education Taking stock of the ways in which increased globalization has produced new linguistic and sociocultural realities the volume begins by looking back at the development of tandem learning over the last several decades growing out of a need to create more opportunities for L2 learners to communicate in their target language The book then examines the different learning objectives and learning outcomes of tandem learning arrangements moving toward a discussion of tandem learning s potential role in shaping language policy and the unique challenges involved in implementing tandem programs at higher education institutions The final section of the book brings the previous discussions together to consider new tools and technology and the ways in which they can better equip language educators to implement tandem learning in their own practice Highlighting tandem learning s potential to promote multilingual and multicultural learning on

a global scale this volume will be of particular interest to students and researchers in intercultural communication language education multilingualism and applied linguistics

**Redefining Higher Education** Melvyn L. Fein, 2022-02-26 Higher education is in trouble Commentators of all stripes bemoan escalating costs and diminishing quality Solutions have been offered from all quarters but tend to be piecemeal and all too often ideological In this tough minded look at the history current climate and future of university education in the United States Melvyn L Fein re examines the mission of higher education and outlines what institutions can do to better prepare students for an ever more complex techno commercial society Fein argues that students must have the opportunity to explore and discover what works for them and that the most important tool for institutions of higher education is self direction Professors must be allowed to teach in their own ways bringing their own experience into the classroom Since university missions differ both universities and professors need the freedom to make decisions independently The imminent need is for a democratic elite consisting of self directed leaders who possess technical and social expertise as well as personal motivation The tools for change are appropriate curricula communities of learners and a genuine marketplace of ideas While there is no magic bullet Fein contends that we can and should build on the achievements of the past so as to evolve more responsive educational institutions those that promote merit responsibility and universalism

*Redefining Education and Development* Kaitano Dube, 2024-10-18 The book aligns with the United Nations Sustainable Development Goals SDGs particularly Goal 4 which focuses on quality education It explores the evolving role of education as a critical driver for achieving all 17 SDGs by providing a platform for discussing innovative educational models and theories that foster sustainable development The book takes an interdisciplinary approach merging educational theory developmental practice and human psychology to address complex global challenges hindering sustainable development The book includes case studies and empirical research such as exploring student entrepreneurship in the agricultural sector and the factors bridging the gap between entrepreneurial intention and venture creation These examples provide readers with practical applications of theoretical concepts and demonstrate the real world impact of educational innovations which is at the core of education delivery for all and how education touches on other areas of the SDGs The book offers valuable insights for policymakers educators and development practitioners by presenting research and theory based analyses It suggests ways to improve the academic environment to foster entrepreneurship and innovation which are key to economic development and job creation especially in regions with high youth unemployment rates The content suggests educational reforms that are responsive to the changing societal and economic landscapes The book s blend of theory and practice targets a broad audience including academic scholars students development agencies non governmental organisations and policymakers It seeks to engage these diverse readers in a conversation about the future of education and its role in achieving sustainable development In summary the book seeks to provide a comprehensive exploration of the nexus between education development and human needs in the context of the SDGs offering innovative

perspectives and practical solutions to equip readers to contribute to sustainable global development      *OECD Reviews of Tertiary Education Tertiary Education for the Knowledge Society Volume 1 and Volume 2* OECD,2008-09-16 Tertiary Education for the Knowledge Society provides a thorough international investigation of tertiary education policy across its many facets governance funding quality assurance equity research and innovation academic career links to the labour market and internationalisation      **Rethinking Higher Education in Post-Apartheid South Africa** Emnet Tadesse Woldegiorgis, Logan Govender, Dennis Zami Atibuni,2025-07-25 This book explores the opportunities and epistemological and structural challenges facing higher education in postcolonial South Africa and argues for a fundamental transformation to meet the needs of the 21st century Taking the concept of transformation as a unifying thread this book discusses the evolving trajectories of higher education in South Africa with particular emphasis on the decolonial initiatives that have emerged in the post Apartheid era During this time there have been persistent calls for South Africa to move beyond Eurocentric education programmes and curricula in favour of a system that reflects the continent s culture and identities of all South Africans The book argues that incremental reforms of existing structures are insufficient and that instead a deeper more fundamental shift in higher education structures values and systems is needed Overall the book calls for a comprehensive transformation to expand access for historically disadvantaged communities enhance quality and competitiveness address past injustices and improve the quality and capacity to act together for a more sustainable and just future Also exploring the digital transformations which have accelerated in the wake of the COVID 19 pandemic this book will be an essential read for researchers and policymakers working on higher education in South Africa      **Creating the European Area of Higher Education** Voldemar Tomusk,2007-11-07 COM 91 349 final and the Peripheries of European Higher Education Voldemar Tomusk Open Society Institute Budapest For a man who no longer has a homeland writing becomes a place to live Theodor Adorno Minima Moralia 1 REDEMPTIVE IRONY OF STRATEGIES AND PROCESSES It is unfortunate to a degree that as soon as we begin discussing our human condition in the third millennium since mankind was offered its salvation and the state of our institutions that structure and guide our existence as social beings in order not to act as beasts or mere social animals we cannot avoid the word ironic For the people of intellectual calling who cannot but try to make sense of what is happening around in and with us beyond digestion in the broad sense of the term that is beyond the consuming the resources of the earth ironic is the word without which nothing can be said any longer Deliver Us from Irony is the title of a recent paper by a young historian discussing the last great post modern historian Hayden White in his approach of employing epistemological irony against moral irony Paul 2004 The degree to which our existence has become ironic is truly tragic though it could be worse Human existence has become ironic so much that one can but weep However there are other ways to explain the situation      *Higher Education Divided* Allison L. Palmadessa,2020-08-13 This book critically considers how tertiary institutions of higher education in the United States are charged with the duty of preserving democracy teaching citizenship

literacy and contributing to economic stability The author offers a comparative analysis of how presidential and national policy agendas shape these social institutions re creation and re constitution of ideological identities that influence the social position of the participants in the institution types creating a divide in the realization of national identity across institutional and class lines In fulfilling this role four and two year institutions become representations of the social class divisions in the United States as the institutions and their students experience American national identity differently By answering a call to serve the American public and presidential agendas institutions of higher education reinforce the economic and social divisions in American society resulting in varied understandings of American national identity *Educational Research and Innovation Higher Education to 2030, Volume 1, Demography* OECD,2008-11-18 Drawing on trend data and projections this book takes an in depth look at how demographic changes will affect higher education to 2030 **Handbook on**
