# Rediscovering Birth

**Buller Rachel Epp**

## Rediscovering Birth:

*Rediscovering Birth* Sheila Kitzinger, 2011 For thousands of years women have given birth among people they know in a place they know well Knowledge is shared between the participants and birth is a social event In this new revised edition of her classic book Sheila Kitzinger explores the universal experience of pregnancy and birth She looks closely at the place of birth what is done to help women in childbirth and examines the bond traditionally formed between mothers and midwives

The Complete Book of Pregnancy & Childbirth Sheila Kitzinger, 2003-12-30 A complete manual of physical and emotional preparation for childbirth      **Joy at Birth** Susan Crowther, 2019-09-02 To be at the birth of a baby is special yet there is an increasing secularisation and reliance on technology in contemporary maternity care particularly in the western context Through exploration of experiences at birth this book explores joy at birth which is often ignored and overlooked beyond the activities that help to ensure survival This book draws on a collection of stories of birth from mothers birth partners obstetricians and midwives that demonstrate joy at birth across professional groups and in different types of births and locations with or without technological interventions Each chapter introduces stories of joy that highlight embodied spatial and relational meanings Employing the Heideggerian notion of a human being it sketches out an ontological focus that draws our gaze to the everyday taken for granted ways of being at birth Based on phenomenological experiential data and rigorous interpretive analysis underpinned by seminal philosophical writings this book calls for readers to attend to the wholeness of birth in all situations and at all births in ways not attempted before It will be of great interest to midwives and those working in and studying maternity obstetrics and neonatology as well as social and medical anthropology sociology cultural organisational and clinical psychology and spirituality      The Birth Partner Penny Simkin, 2001 Definitive guide for preparing to help a woman through childbirth and the essential manual to have at hand during the event      *Supporting a Physiologic Approach to Pregnancy and Birth* Melissa D. Avery, 2013-03-28 Supporting a Physiologic Approach to Pregnancy and Birth A Practical Guide provides an overview of current evidence and a range of practical suggestions to promote physiologic birth within the United States healthcare system Presenting the latest evidence available on practical approaches and minimal interventions this book looks into clinic exam rooms and hospital labor units to investigate the possibilities for improving the pregnancy and labor experience Contributors discuss recent research and other published information and present a range of ideas tools and solutions for maternity care clinicians including midwives nurses physicians and other members of the perinatal team An invaluable resource Supporting a Physiologic Approach to Pregnancy and Birth is a must have practical guide for those involved in all aspects of pregnancy and birth      **Normal Childbirth** Susan Downe, 2008-05-30 This new edition builds on the strengths of the popular first edition with updated national and international data and the most recent debate around the controversial area of childbirth With the increasing risk of litigation there can be a tendency to classify women as at risk if they present with even a hint of a problem This is a contentious area

and midwives need to be aware of the wide parameters of normal in order to practise autonomously effectively and safely This book provides an evidence based source for all midwives and other health professionals with an interest normal birth Explores the wider range of normal childbirth that is unique to individual mothers and babies Challenges the assumptions underpinning current beliefs and attitudes Updated statistics both national and international Latest research and debate

*Gentle Birth, Gentle Mothering* Sarah Buckley,2013-02-20 An authoritative guide to natural childbirth and postpartum parenting options from an MD who home birthed her own four children Sarah Buckley might be called a third wave natural birth advocate A doctor and a mother she approaches the question of how a woman and baby might have the most fulfilling birth experience with respect for the wisdom of both medical science and the human body Using current medical and epidemiological research plus women s experiences including her own she demonstrates that what she calls undisturbed birth is almost always healthier and safer than high technology approaches to birth Her wise counsel on issues like breastfeeding and sleeping during postpartum helps extend the gentle birth experience into a gentle parenting relationship

**Birth and Death** Kath Woodward,Sophie Woodward,2019-12-05 Usually conceived in opposition to each other birth as a hopeful beginning death as an ending this book brings them into dialogue with each other to argue that both are central to our experiences of being in the world and part of living Written by two authors this book takes an intergenerational approach to highlight the connections and disconnections between birth and death adopting a relational approach allows the book to explore birth and death through the key relationships that constitute them personal and social private and public the affective and social norms the actual and the virtual and the ordinary and profound Of interest to academics and students in the fields of feminism phenomenology and the life course the book will also be of relevance to policy makers in the areas of birth activism and end of life care Drawing from personal stories everyday life and publicly contested examples the book will also be of interest to a more general readership as it engages with questions we all at some point will grapple with

Imagery, Ritual, and Birth Anna M. Hennessey,2018-12-11 Every human being is born and has gone through a process of birth Yet the topic of birth remains deeply underrepresented in the humanities overshadowed by a scholarly focus on death This book explores how imagery is used ritualistically in religious secular and nonreligious ways during birth through analysis of a wide variety of art iconography poetry and material culture Objects central to the book s study include religious figurines paintings about birth and other items representative of pregnancy crowning or giving birth that have an historical or original meaning connected to religion Contemporaryartists are also creating new art in which they represent birth and mothering as nonreligious events that are sacred or divine Framed through the concept of social ontology which examines the nature of the social world and studies how people create meaning out of the various objects images and processes that make up human social life the book theorizes a social ontology of birth focusing on how the meaning of imagery undergoes metamorphosis between the spheres of religion secularity nonreligion and the sacred when used during birth as a rite of

passage Included in the study are more than thirty images of birth some of which have never been written about before

**Evidence Based Midwifery** Helen Spiby, Jane Munro, 2009-10-13 Evidence based practice is now widely accepted as a fundamental tenet of midwifery The importance of evidence in defining midwifery policy and practice in the UK health system and others is acknowledged and enduring While the development and evaluation of research in midwifery is well charted the question of how such evidence is incorporated into practice has to date received less attention and discussion in the midwifery profession Answering this need Evidence Based Midwifery focuses on the dissemination and use of evidence for midwifery practice and explores midwives experiences in using the evidence base to inform policy and enhance clinical practice Written by a highly regarded and diverse group from the UK and international midwifery community Evidence Based Midwifery addresses issues of relevance to all midwives whether clinical practitioners or educators students or supervisors researchers or managers Issues that influence evidence based midwifery are discussed and topics covered include problem based learning implementation of evidence based guidelines and the involvement of service users Edited by founder members of the Evidence Based Midwifery Network International collaboration with contributions from the UK Greece Canada and the Netherlands Primary focus on the incorporation of evidence into midwifery practice Real life examples throughout

**Spirituality and Childbirth** Susan Crowther, Jenny Hall, 2017-09-13 Highlighting aspects of birth often taken for granted ignored or left silenced this book questions the art and meaning of childbirth Addressing spirituality in and around the start of life from a variety of thought provoking perspectives it examines the apparent paradox of impersonal biomedical technocratic systems operating alongside the meaningful experiences encountered by those involved Themes covered include Notions of holism and spirituality culture religion and spirituality Childbirth significance at societal level Spiritual care in maternity care provision Birth environment mood space and place Spiritual experience of all those involved including health professionals Spiritual experience when birth is complex and challenging When birth and death are juxtaposed Although there is considerable literature on spirituality at the end of life this is the only book that draws together a global and multidisciplinary selection of academic researchers and practitioners to reflect on spirituality at the start of life Each chapter explores the relevant theoretical background and makes links to practice using case studies from research and practice The chapters conclude by discussing how spiritual care is and should be provided in this context what practice approaches are beneficial cross cultural perspectives and future directions for research It is an important read for all those interested in childbirth maternity care social science perspectives on health and illness and spirituality

**Nurturing  
Massage for Pregnancy: A Practical Guide to Bodywork for the Perinatal Cycle Enhanced Edition** Leslie

Stager, 2020-06-30 Nurturing Massage for Pregnancy is one of the most comprehensive books available for massage students and licensed massage therapists who treat pregnant laboring and postpartum clients The author is a highly skilled perinatal massage instructor who is also a registered nurse childbirth educator and doula

**Birth** Sylvie Donna, 2010-10 A book for

pregnant women who would prefer to give birth with as little intervention as possible so as to make things as good as possible for both themselves and their babies The countdown takes the reader through 10 key topics and all discussion of issues is supplemented with birth stories and comments from all kinds of women and professionals too The tone is practical reassuring and even inspirational because the many positive birth stories show how it is possible to have a really happy healthy experience of birth Contributions come from Janet Balaskas the woman who realised we're better off not lying down when we give birth Michel Odent pioneer of water births and Bill Bryson the travel writer as well as from many other experts and ordinary but extraordinary mothers who made this book possible The advice is based on current research evidence and in any cases where the evidence is controversial the research and relevant issues are discussed in an optional extra notes section at the back of the book There is a comprehensive Glossary of pregnancy terms and a user friendly Index so as to make it an optimally useful book in all sense of the word In short this is a handbook which could make a real difference to a pregnant woman's experience and also to that of her baby A comment from an antenatal teacher What every woman will want to know put simply and clearly A comment from a midwife perinatal researcher and adjunct professor Betty Anne Daviss Sylvie has created a prescription for healthy birth in a 10 step approach to keep parents focused on what is important in a potentially disastrous birth environment She has provided us with a book that encapsulates anything you wanted to know about keeping your birth normal and healthy And a comment from a mother Had a very late night Friday as I could not put your book down Wow

**Supporting Women to Give Birth at Home** Mary Steen, 2012-03-12 Supporting Women to Give Birth at Home describes and discusses the main challenges and issues that midwives and maternity services encounter when preparing for and attending a home birth To ensure that a home birth is a real option for women midwives need to be able to believe in a woman's ability to give birth at home and to promote this birth option providing evidence based information about benefits and risks This practical guide will help midwives to have the necessary skills resources and confidence to support homebirth The book includes the present birth choices a woman has the implications homebirth has upon midwifery practice how midwives can prepare and support women and their families the midwife's role and responsibilities national and local policies guidelines and available resources pain management options With a range of recent home birth case studies brought together in the final chapter this accessible text provides a valuable insight into those considering homebirth Supporting Women to Give Birth at Home will be of interest to students studying issues around normal birth and will be an important resource for clinically based midwives in particular community based midwives home birth midwifery teams independent midwives and all who are interested in homebirth as a genuine choice

*Improving Maternity Services* Denis Walsh, Sheila Kitzinger, Norman Ellis, 2017-11-22 This title includes Foreword by Sheila Kitzinger Writer Researcher Activist and Honorary Professor Wolfson School of Health Sciences Thames Valley University Birth centres are suitable for every woman whose birth is straightforward which accounts for around 75 per cent of all women This inspirational guide shows

how small scale maternity provision has a profound clinical and organisational advantage over large scale hospital provision including saving of time and money by reducing intervention rates It presents the thoughts and feelings of midwives and patients and how both enjoy the humane and compassionate care of the birth centre ethos The book is invaluable for midwives obstetricians doulas maternity care assistants and maternity service planners and managers It also provides enlightening information for general practitioners and other health and social care professionals maternity service users groups and academics with an interest in midwifery and health services What birth centres do best is simply providing humane childbirth care There are no high tech gadgetry doctors or dramatic stories of childbirth rescues that make it into the media Yet miracles happen inside their walls every day as women have their babies after normal labours and births Until now there have been very few books detailing what happens in birth centres so that women and childbirth professionals can be introduced to an alternative beyond the large hospital model This book provides a window in on the birth centre model and there are some exciting things to find there about childbirth care in the 21st century Denis Walsh in the Preface Denis Walsh has one of the most incisive analytical and brilliant minds in nursing and midwifery research today He demonstrates the difference between a quality environment for birth where a woman can create her own nest and a technocratic bureaucratically controlled highly medicalised and risk oriented birth culture dominated by the clock which is most women s experience today Sheila Kitinger in the Foreword

*Evidence-based Care for Normal Labour and Birth* Denis Walsh, 2007-04-19 Evidence based care is a well established principle in contemporary healthcare and a world wide health care movement However despite the emphasis on promoting evidence based or effective care without the unnecessary use of technologies and drugs intervention rates in childbirth are rising rapidly Evidence based Care for Normal Labour and Birth brings to light much of the evidence around what works best for normal birth which has until now remained largely hidden and ignored by maternity care professionals Beginning with the decision about where to have a baby through all the phases of labour to the immediate post birth period it systematically details research and other evidence sources that endorse a low intervention approach The book highlights where the evidence is compelling discusses its application where women question its relevance to them and where the practitioner s expertise leads them to challenge it gives background and context before discussing the research to date includes questions for reflection and practice recommendations generated from the evidence Using research data Evidence based Care for Normal Labour and Birth critiques institutionalised scientifically managed birth and endorses a more humane midwifery led model Packed with up to date and relevant information this controversial book will help all students practising midwives and doulas keep abreast of the evidence surrounding normal birth and ensure their practice takes full advantage of it

*Inappropriate Bodies Art, Design and Maternity* Buller Rachel Epp, 2019-09-01 This edited collection examines conflicting assumptions expectations and perceptions of maternity in artistic cultural and institutional contexts Over the past two decades the maternal body has gained currency in popular culture and the

contemporary art world with many books and exhibitions foregrounding artists experiences and art historical explorations of maternity that previously were marginalized or dismissed In too many instances however the maternal potential of female bodies whether realized or not still causes them to be stigmatized censored or otherwise treated as inappropriate cultural expectations of maternity create one set of prejudices against women whose bodies or experiences do align with those same expectations and another set of prejudices against those whose do not Support for mothers in the paid workforce remains woefully inadequate yet in many cultural contexts social norms continue to ask what is wrong with women who do not have children In these essays and conversations artists and writers discuss how maternal expectations shape both creative work and designed environments and highlight alternative ways of existing in relation to those expectations **Bump** Kate Evans,2014-04-01 Kate Evans celebrated author of the breastfeeding bestseller The Food of Love acclaimed cartoonist and mother turns her attention to the joys and pains of growing a baby Evans deftly handles the physical and emotional changes that come with being pregnant looking at the practicalities of every stage as well as the challenges that may arise Her no nonsense quirky and accessible text is illustrated throughout with detailed artwork to guide the reader through the intricacies of human reproduction whilst her customary laugh out loud cartoons demystify the complexities of pregnancy and birth The book includes a graphic guide to conception practical help for those trying to conceive early pregnancy advice stop telling me what to do food glorious food the call of the duvet engaging with the professionals abortion rights and wrongs miscarriage support screening and scans are you ready to have a baby the physical preparations ripening and readying waiting well past your due date the art of birth labor push it real good the Caesarean section As If Already Free Holly High,Joshua O. Reno,2023-10-20 Contains precious insights into what made David Graeber the most innovative social thinker of our time and why the legacy of his ideas will inspire projects of emancipation for generations David Wengrow Professor University College London co author with David Graeber of The Dawn of Everything A must read for anyone who believes in the power of academia as activism Sophie Chao University of Sydney David Graeber 1961 2020 was an American anthropologist and anarchist activist who left us with new ways to understand humankind This collection of new writing brings together his insights into one book showing how deeply his work continues to influence us today Graeber s writing resonates with scholars and activists looking to shake things up The impact of his work is broad in scope from birth to banking and he picks open social hierarchy and political power to expose what really makes human society tick In today s neoliberal world we can turn to his legacy to provide a way for us to understand what went wrong and how to fix it This collection of writings is both an introduction to his life and works a guide to his key ideas and an inspiring example of how people are continuing to use his work today Holly High is an Associate Professor at Deakin University Australia She has written two books Fields of Desire and Projectland Joshua O Reno is a Professor at Binghamton University US A socio cultural anthropologist he is the author of Waste Away Military Waste and co author of Imagining the Heartland Oh Baby

Kathy Fray, 2016-02-29 Much recommended by new mothers this is the only book you'll need for the best baby advice. Now completely revised and updated. Refreshingly honest, openly frank and candidly blunt, this book has been written by a mother who is also an experienced midwife for other mothers. It oozes warm fuzzies, exudes realism in every paragraph and is refreshing in its guiltless honesty. Modern first-time mothers are often alone, devoid of once traditional motherhood knowledge and practical support. Often previously self-confident women find themselves isolated, fumbling over everyday mothering tasks, enduring sleep deprivation, feeling desperately despondent and aching and leaking everywhere. This book provides supportive, caring advice, one mum to another, while at the same time serving as an encyclopaedic medical reference regarding the mother and baby. Checked thoroughly by medical professionals, this book is a unique blend, like having access to a kind and gentle GP as well as to all the gems of wisdom of years of mothers' coffee groups. This title clearly and compassionately explains the ups as well as the downs, which are perfectly normal aspects of giving birth and mothering in today's society.

If you ally compulsion such a referred **Rediscovering Birth** book that will come up with the money for you worth, get the categorically best seller from us currently from several preferred authors. If you want to witty books, lots of novels, tale, jokes, and more fictions collections are then launched, from best seller to one of the most current released.

### **Rediscovering Birth Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Rediscovering Birth PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers

individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Rediscovering Birth PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Rediscovering Birth free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

## **FAQs About Rediscovering Birth Books**

1. Where can I buy Rediscovering Birth books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Rediscovering Birth book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Rediscovering Birth books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing,

and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.

7. What are Rediscovering Birth audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
