**Case Studies in Sustainability Management** Jordi Vives Gabriel, 2017-11-30 With the rapidly growing importance of sustainability and corporate responsibility in a globalised world management schools are increasingly integrating long term economic environmental and social issues into their teaching and research Climate change poverty labour standards and human rights are among the many topics that future decision makers will need to face in their careers Business education needs to reflect this new reality and provide a broadened understanding of value creation in order to create economic capital while developing social and preserving natural capital Case studies can be important tools

for creating learning processes on different levels students are forced to struggle with exactly the kinds of decisions and dilemmas managers confront every day In this reflection of reality the values and goals of the student are systematically challenged This can be especially valuable in the context of sustainability management organisations are now continually forced to value the different aspects of sustainability and their interrelations How do social issues impact the economic bottom line How can an environmentally sound strategy create a positive impact on employee motivation and thus have measurable impact on economic performance What comes first and why This third collection of oikos case studies is based on the winning cases from the 2010 to 2013 annual case competition So what makes an excellent case in sustainability management These cases have been highly praised because they provide excellent learning opportunities tell engaging stories deal with recent situations include quotations from key actors are thought provoking and controversial require decision making and provide clear take aways These cases are clustered in three different sections Large Corporations and Corporate Sustainability Dilemmas Managing Stakeholder Relations and Sustainability as a Source of Differentiation Strategies Case Studies in Sustainability Management will be an essential purchase for educators and is likely to be a widely used as a course textbook at all levels of management education Online Teaching Notes to accompany each chapter are available on request with the purchase of the book

*The Affective Negotiation of Slum Tourism* Tore Holst, 2018-01-29 Each year approximately a million tourists visit slum areas on guided tours as a part of their holiday to Asia Africa or Latin America This book analyses the cultural encounters that take place between slum tourists and former street children who work as tour guides for a local NGO in Delhi India Slum tours are typically framed as both tourist performances bought as commodities for a price on the market and as appeals for aid that tourists encounter within an altruistic discourse of charity This book enriches the tourism debate by interpreting tourist performances as affective economies identifying tour guides as emotional labourers and raising questions on the long term impacts of economically unbalanced encounters with representatives of the Global North including the researcher This book studies the feeling rules governing a slum tour and how they shape interactions When do guides permit tourists to exoticise the slum and feel a thrilling sense of disgust towards the effects of abject poverty and when do they instead guide them towards a sense of solidarity with the slum s inhabitants What happens if the tourists rebel and transgress the boundaries delimiting the space of comfortable affective negotiation constituted by the guides This book will be essential reading for undergraduates postgraduates and researchers working within the fields of Human Geography Slum Tourism Research Subaltern Studies and Development Studies

*The Emerging Asian City* Vinayak Bharne, 2013 Asian cities create concomitant imagery polarizations of poverty and wealth blurry lines between formality and informality and stark juxtapositions of ancient historic places with shimmering new skylines With Asia s re emergence on the global stage there is an acute focus on its multifarious urban issues and identities What are Asian cities going to become Will they surpass the economic and environmental debacles of the West This collection of twenty four

essays surveys the most dominant issues shaping the Asian urban landscape today It offers scholarly reflections and positions on the forces shaping Asian cities and the forces that they in turn are shaping **The Slow Boil** Jonathan Shapiro Anjaria,2016-05-18 Street food vendors are both a symbol and a scourge of Mumbai cheap roadside snacks are enjoyed by all but the people who make them dance on a razor s edge of legality While neighborhood associations want the vendors off cluttered sidewalks many Mumbaikers appreciate the convenient bargains they offer In *The Slow Boil* Jonathan Shapiro Anjaria draws on his long term fieldwork with these vendors to make sense of the paradoxes within the city and thus to create a better understanding of urban space in general Much urban studies literature paints street vendors either as oppressed and marginalized victims or as inventive premoderns In contrast Anjaria acknowledges that diverse political economic historic and symbolic processes create contradictions in the vendors everyday lives like their illegality and proximity to the state and their insecurity and permanence Mumbai s disorderly sidewalks reflect the simmering tensions over livelihood democracy and rights that are central to the city but have long been overlooked In *The Slow Boil* these issues are not subsumed into a larger framework but are explored on their own terms *Human Rights, Gender and the Environment* Priyam, Manisha,Menon, Krishna,Banerjee, Madhulika,2010 In *Human Rights Gender and the Environment* the authors unravel the complex themes of human rights gender and the environment basing their approach on the pivotal issue of inequality All three themes manifest unequal relationships that exist between humans and between humans and the environment It discusses human rights gender issues in contemporary India impact of socio economic development on the environment and examines the specific issues of the environment in an international context and presents policies and movements in India **The Solidarity Approach in Geography** Kavita Arora,Rashmi Rani Anand,2025-07-08 This contributed volume explains the concept of solidarity and illustrates how perspectives informed by a solidarity approach can be utilized in geographic research Geography offers a set of concepts and tools including space place scale landscape and mobility that makes it a particularly useful lens through which to view issues of solidarity It is distinct from other sciences in its subject matter and methodology but at the same time offers a multidisciplinary approach and transcends its disciplinary boundary The concept of solidarity in geography is illustrated here through nearly thirty five case chapters all from the Indian subcontinent Topics covered here include but are not limited to geographical approaches to solidarity in economic issues indigenous knowledge international relations global geopolitics climate change crisis management human health and more *Environment and Urbanization* International Institute for Environment & Development,2002 *People's Spaces* Nihal Perera,2015-10-23 Who controls space Powerful corporations institutions and individuals have great power to create physical and political space through income and influence *People s Spaces* attempts to understand the struggle between people and institutions in the spaces they make Current literature on cities and planning often looks at popular resistance to institutional authority through open mass movement protest These views overlook the fact that subaltern classes are not

often afforded the luxury of open organized political protest People's Spaces investigates individual's diverse approaches in reconciling the difference between their spatial needs and spatial availability Through case studies in Southeast Asia India Nepal and Central Asia the book explores how people accommodate their spatial needs for everyday activities and cultural practices within a larger abstract spatial context produced by the power holders **Planet of Slums** Mike

Davis,2007-09-17 Celebrated urban theorist Davis provides a global overview of the diverse religious ethnic and political movements competing for the souls of the new urban poor **The Afterlives of Monuments** Deborah Cherry,2015-09-07

South Asia is famous for its monuments past and present Monuments have been created destroyed and rescued by competing communities and incoming empires in the making and re making of history identity and memory This collection brings together an international cohort of senior scholars and younger researchers to examine the vast diversity of monuments and conceptions of monuments in South Asia from the 1850s to the present The chapters investigate what constitutes a monument and interrogate the conditions for its survival demise or recycling To explore the afterlives of monuments is to investigate how where when and why monuments have been remodelled re sited destroyed defaced or abandoned It is to investigate the theories of memory history and community as well as new forms of artistic practice and global media As different South Asian communities claim a stake in the making of national religious cultural and local identities and histories the status of monuments and debates about cultural memory have become increasingly urgent This book was published as a special issue of South Asian Studies **The Contemporary Novel and the City** S. Khanna,2015-12-04 This book examines

the deeply divided terrain of the twentieth century city and its formative impact on narrative fiction It focuses on two major world authors at the two ends of the twentieth century who write systematically about the colonial and postcolonial cities they were born in James Joyce and Dublin and Salman Rushdie and Bombay Political Ecology of Tourism Mary Mostafanezhad,Roger Norum,Eric J. Shelton,Anna Thompson-Carr,2016-01-08 Why has political ecology been assigned so little attention in tourism studies despite its broad and critical interrogation of environment and politics As the first full length treatment of a political ecology of tourism the collection addresses this lacuna and calls for the further establishment of this emerging interdisciplinary subfield Drawing on recent trends in geography anthropology and environmental and tourism studies Political Ecology of Tourism Communities Power and the Environment employs a political ecology approach to the analysis of tourism through three interrelated themes Communities and Power Conservation and Control and Development and Conflict While geographically broad in scope with chapters that span Central and South America to Africa and South Southeast and East Asia to Europe and Greenland the collection illustrates how tourism related environmental challenges are shared across prodigious geographical distances while also attending to the nuanced ways they materialize in local contexts and therefore demand the historically situated place based and multi scalar approach of political ecology This collection advances our understanding of the role of political economic and environmental concerns in tourism practice It

offers readers a political ecology framework from which to address tourism related issues and themes such as development identity politics environmental subjectivities environmental degradation land and resources conflict and indigenous ecologies Finally the collection is bookended by a pair of essays from two of the most distinguished scholars working in the subfield Rosaleen Duffy foreword and James Igoe afterword This collection will be valuable reading for scholars and practitioners alike who share a critical interest in the intersection of tourism politics and the environment

**Building Green** Anne Rademacher, 2018 City ascending city imploding The integrated subject Ecology in practice environmental architecture as good design Rectifying failure imagining the new city and the power to create it More than human nature and the open space predicament Consciousness and Indian ness making design good A vocation in waiting ecology in practice Soldiering sustainability

*Industrial Clusters, Migrant Workers, and Labour Markets in India* S. Uchikawa, 2014-07-15 This book analyzes three points employment conditions for migrant workers the impact of industrialization as part of industrial clusters upon surrounding and outlying villages and the labour market in industrial clusters This book examines the cases of two newly developed industrial clusters Ludhiana in Punjab and Tiruppur in Tamil Nadu

Living With Violence Roma Chatterji, Deepak Mehta, 2020-11-29 This book gives a detailed account of the communal riots between Hindus and Muslims in Mumbai in 1992-93 It departs from the historiography of the riot which assumes that Hindu Muslim conflict is independent of the participants of the violence Speaking to and interacting with the residents of Dharavi the largest shanty town in the city the authors collected a wide range of narrative accounts of the violence and the procedures of rehabilitation that accompanied the violence The authors juxtapose these narrative accounts with public documents exploring the role language work housing and rehabilitation have on the day to day life of people who live with violence

**Multidisciplinary Perspectives on Multilingualism** Simona Montanari, Suzanne Quay, 2019-10-08 Multilingualism is a typical aspect of everyday life for most of the world's population it has existed since the beginning of humanity and among individuals of all backgrounds Nonetheless it has often been treated as a variant of bilingualism or as a phenomenon unique to individual areas of study The purpose of this book is to review current knowledge about the acquisition use and loss of multiple languages using a multidisciplinary perspective highlighting the common themes and stimulating insights that can emerge when multilingualism is viewed from different but related areas of investigation The chapters focus on research evidence showing that multilingualism is a complex phenomenon that involves a myriad of linguistic and extra linguistic forces and that should be studied in its own right as evidence of human potential and capacity for language The book is primarily addressed to students and scholars interested in deepening their understanding of the different facets of multilingualism including the individual and societal circumstances that contribute to it the cognitive and neural mechanisms that make it possible and the dynamics involved in the acquisition use and loss of multiple languages

**Slums** Alan Mayne, 2017-08-15 More than half of the world's population now lives in urban areas and a billion of these urban dwellers reside in

neighborhoods of entrenched disadvantage neighborhoods that are characterized as slums Slums are often seen as a debilitating and even subversive presence within society In reality though it is public policies that are often at fault not the people who live in these neighborhoods In this comprehensive global history Alan Mayne explores the evolution and meaning of the word slum from its origins in London in the early nineteenth century to its use as a slur against the favela communities in the lead up to the Rio Olympics in 2016 Mayne shows how the word slum has been extensively used for two hundred years to condemn and disparage poor communities with the result that these agendas are now indivisible from the word s essence He probes beyond the stereotypes of deviance social disorganization inertia and degraded environments to explore the spatial coherence collective sense of community and effective social organization of poor and marginalized neighborhoods over the last two centuries In mounting a case for the word s elimination from the language of progressive urban social reform Slums is a must read book for all those interested in social history and the importance of the world s vibrant and vital neighborhoods
