Watson,Larry J. Griffin,2008-04-28 What does redneck mean What s going to happen to the southern accent What makes black southerners laugh What is real country music These are the kinds of questions that pop up in this collection of notable essays from Southern Cultures the journal of the Center for the Study of the American South at the University of North Carolina at Chapel Hill Intentionally plural Southern Cultures was founded in 1993 to present all sides of the American South from sorority sisters to Pocahontas from kudzu to the blues This volume collects 27 essays from

the journal's first fifteen years bringing together some of the most memorable and engaging essays as well as some of those most requested for use in courses. A stellar cast of contributors discusses themes of identity, pride, traditions, changes, conflicts, and stereotypes. Topics range from black migrants in Chicago to Mexican immigrants in North Carolina, from Tennessee wrestlers to Martin Luther King from the Civil War to contemporary debates about the Confederate flag. Funny and serious, historical and contemporary, the collection offers something new for every South watcher with fresh perspectives on enduring debates about the people and cultures of America's most complex region.

Berez, Ph.D.,1999-04 Having just completed a careful study of nearly a dozen different sexual styles Sexual Styles A Guide to Understanding Your Lover s Personality Humanics 1998 John Berez now applies this same analysis to the sexual lives of the last ten American Presidents not from the viewpoint of an historian or tabloid journalist but as a clinical psychologist From the silhouette of our personality style emerges our sexual style through careful analysis of the personality styles and especially in their relationships with women All The Presidents Women probes the past and present inhabitants of the world s most powerful office with surprising results From President Truman through Bill Clinton Berez provides a fascinating investigation into the lives loves and motivations of these influential men With depth and clarity All The Presidents Women presents answers to questions such as Did Bess Truman henpeck her husband Harry Was Jack Kennedy a wildly promiscuous playboy or did he just have a great capacity to love lots of women Was Lyndon Johnson indeed crude or was he putting on a wild west sideshow Did Nixon s paranoia extend beyond the press corps and other politicians and was he suspicious of everyone All the Presidents Women will engender new understanding of our presidents personalities their sexual styles and the women they have loved *The Future Almost Arrived* Itai Nartzizenfield Sneh,2008 This book is a study of Jimmy Carter s career his approach to human rights his formulation of goals and his practices before during and after his presidency with a focus on the extent to which the promotion and protection of human rights influenced his actions at home and abroad Historians underestimate the uniqueness of the juncture in the 1970s when Carter missed an opportunity to change priorities in American diplomacy a misreading that might be explained by the disparity between Carter s agenda and the reality created by his administration s record This book identifies and examines how Carter s ambitious words and promising ideals did not translate into policy though his intentions were noble At a pivotal moment his administration adopted human rights as a tenet for foreign policy but Carter did not design imaginative guidelines or prescribe new practices to advance this theme The Future Almost Arrived illuminates how had Carter succeeded in recruiting senior staff to support and implement an innovative agenda the result might have been an overhaul of U S foreign policy with human rights at its center which by improving his chances for re election would have changed the course of history **Perspectives on the American South** Merle Black,John Shelton Reed,2021-11-10 First Published in 1981 In Perspectives on the American South we hope to gather yearly essays that deal with the society politics and culture of the region This first book in the series contains 27 articles representing the work of some 30 scholars and including the disciplines of history sociology anthropology political science and geography The papers have been organized around four broad topics violence in the region southern politics

comparative studies of the region and the South's ethnic and cultural groups

Character in Chief: The Personality and Character of Current and Past Presidents John M. Berezcz, Ph.D., 2000-12 Using analytic skills honed to a sharp edge with years of psychotherapy experience John Berezcz explores such contemporary issues as Was Nixon a wife beater Was Dubya smart enough to be president Is Gore too uptight to lead the free world Did the 2000 election boil down to a choice between personality and competence Skillfully Berezcz explores the relationship between character and personality helping the reader understand how a man with the moral integrity of Jimmy Carter could bungle the presidency and a man like Clinton with so little character could manage it so successfully Drawing on three decades of teaching and therapy Berezcz burrows beneath the surface of personality and character to reveal the real person working in the Oval Office With penetrating insight and concise writing the author acquaints the reader with the real people behind the pageantry of the presidency This book clearly disentangles the contradictions of Bill Clinton's presidency by examining his split personality Berezcz explains and clinically documents Clinton's dual personalities a sociopathic personality Slick Willy and a codependent personality Baptist Billy Resulting from Clinton's two world childhood these personalities are only loosely connected and operate serially to control his behavior Like many adult children of alcoholics ACA Clinton seeks by turn to please or to manipulate Baptist Billy told voters I feel your pain and he did but Slick Willy said he didn't inhale and didn't have sex with that woman Character in Chief is a must reading for anyone interested in politics in general and the presidency in particular With fairness and compassion Berezcz will lead you to a deeper understanding of our great democracy and the people who lead it

Safire's Political Dictionary William Safire, 2008-03-31 When it comes to the vagaries of language in American politics its uses and abuses its absurdities and ever shifting nuances its power to confound obscure and occasionally to inspire William Safire is the language maven we most readily turn to for clarity guidance and penetrating sometimes lacerating wit Safire's Political Dictionary is a stem to stern updating and expansion of the Language of Politics which was first published in 1968 and last revised in 1993 long before such terms as Hanging Chads 9/11 and the War on Terror became part of our everyday vocabulary Nearly every entry in that renowned work has been revised and updated and scores of completely new entries have been added to produce an indispensable guide to the political language being used and abused in America today Safire

s definitions discursive historically aware and often anecdotal bring a savvy perspective to our colorful political lingo Indeed a Safire definition often reads like a mini essay in political history and readers will come away not only with a fuller understanding of particular words but also a richer knowledge of how politics works and fails to work in America From Axis of Evil Blame Game Bridge to Nowhere Triangulation and Compassionate Conservatism to Islamofascism Netroots Earmark Wingnuts and Moonbats Slam Dunk Doughnut Hole and many others this language maven explains the origin of each term how and by whom and for what purposes it has been used or twisted as well as its perceived and real significance For anyone who wants to cut through the verbal haze that surrounds so much of American political discourse Safire s Political Dictionary offers a work of scholarship wit insiderhood and resolute bipartisanship *All the President's Kin* Barbara Kellerman, 1981 A provocative guide to the First Families from the Kennedys to the Reagans examines the different and important roles that family members play in presidential politics
